Losing Our Way An Intimate Portrait Of A Troubled America:

Losing Our Way Bob Herbert, 2014-10-07 From longtime New York Times columnist Bob Herbert comes a wrenching portrayal of ordinary Americans struggling for survival in a nation that has lost its way In his eighteen years as an opinion columnist for The New York Times Herbert championed the working poor and the middle class After filing his last column in 2011 he set off on a journey across the country to report on Americans who were being left behind in an economy that has never fully recovered from the Great Recession The portraits of those he encountered fuel his new book *Losing Our Way* Herbert's combination of heartrending reporting and keen political analysis is the purest expression since the Occupy movement of the plight of the 99 percent The individuals and families who are paying the price of America's bad choices in recent decades form the book's emotional center an exhausted high school student in Brooklyn who works the overnight shift in a factory at minimum wage to help pay her family's rent a twenty four year old soldier from Peachtree City Georgia who loses both legs in a misguided mismanaged seemingly endless war a young woman only recently engaged who suffers devastating injuries in a tragic bridge collapse in Minneapolis and a group of parents in Pittsburgh who courageously fight back against the politicians who decimated funding for their children's schools Herbert reminds us of a time in America when unemployment was low wages and profits were high and the nation's wealth by current standards was distributed much more equitably Today the gap between the wealthy and everyone else has widened dramatically the nation's physical plant is crumbling and the inability to find decent work is a plague on a generation Herbert traces where we went wrong and spotlights the drastic and dangerous shift of political power from ordinary Americans to the corporate and financial elite Hope for America he argues lies in a concerted push to redress that political imbalance Searing and unforgettable *Losing Our Way* ultimately inspires with its faith in ordinary citizens to take back their true political power and reclaim the American dream

Losing Our Way Bob Herbert, 2015-07-07 From longtime New York Times columnist Bob Herbert comes a wrenching portrayal of ordinary Americans struggling for survival in a nation that has lost its way In his eighteen years as an opinion columnist for The New York Times Herbert championed the working poor and the middle class After filing his last column in 2011 he set off on a journey across the country to report on Americans who were being left behind in an economy that has never fully recovered from the Great Recession The portraits of those he encountered fuel his new book *Losing Our Way* Herbert's combination of heartrending reporting and keen political analysis is the purest expression since the Occupy movement of the plight of the 99 percent The individuals and families who are paying the price of America's bad choices in recent decades form the book's emotional center an exhausted high school student in Brooklyn who works the overnight shift in a factory at minimum wage to help pay her family's rent a twenty four year old soldier from Peachtree City Georgia who loses both legs in a misguided mismanaged seemingly endless war a young woman only recently engaged who suffers devastating injuries in a tragic bridge collapse in Minneapolis and a group of parents in Pittsburgh who courageously fight

back against the politicians who decimated funding for their children's schools Herbert reminds us of a time in America when unemployment was low wages and profits were high and the nation's wealth by current standards was distributed much more equitably Today the gap between the wealthy and everyone else has widened dramatically the nation's physical plant is crumbling and the inability to find decent work is a plague on a generation Herbert traces where we went wrong and spotlights the drastic and dangerous shift of political power from ordinary Americans to the corporate and financial elite Hope for America he argues lies in a concerted push to redress that political imbalance Searing and unforgettable *Losing Our Way* ultimately inspires with its faith in ordinary citizens to take back their true political power and reclaim the American dream

People Get Ready Robert W. McChesney, John Nichols, 2016-03-08 Humanity is on the verge of its darkest hour or its greatest moment The consequences of the technological revolution are about to hit hard unemployment will spike as new technologies replace labor in the manufacturing service and professional sectors of an economy that is already struggling The end of work as we know it will hit at the worst moment imaginable as capitalism fosters permanent stagnation when the labor market is in decrepit shape with declining wages expanding poverty and scorching inequality Only the dramatic democratization of our economy can address the existential challenges we now face Yet the US political process is so dominated by billionaires and corporate special interests by corruption and monopoly that it stymies not just democracy but progress The great challenge of these times is to ensure that the tremendous benefits of technological progress are employed to serve the whole of humanity rather than to enrich the wealthy few Robert W McChesney and John Nichols argue that the United States needs a new economy in which revolutionary technologies are applied to effectively address environmental and social problems and used to rejuvenate and extend democratic institutions Based on intense reporting rich historical analysis and deep understanding of the technological and social changes that are unfolding they propose a bold strategy for democratizing our digital destiny before it's too late and unleashing the real power of the Internet and of humanity
