Mastering Emotions Erin Austin Dwyer, 2021-10-21 Emotions were central to the ways that slaveholders perpetuated slavery as well as to the ways that enslaved people survived and challenged bondage and

experienced freedom Mastering Emotions examines the interactions between slaveholders and enslaved people and between White people and free Black people to expose how emotions such as love terror happiness and trust functioned as social and economic capital for slaveholders and enslaved people alike The daily interactions that occurred between slaveholders and enslaved people around emotions in conjunction with larger debates about race and freedom form the backbone of what Erin Austin Dwyer calls the emotional politics of slavery Race and status determined which emotions were permissible or punishable which should be restrained and by whom As a result mastering emotions one s ability to control one s own feelings and those of others was paramount for slaveholders and enslaved The emotional politics of slavery were thus fashioned by enslaved people and slaveholders together through the crucible of slavery Emancipation was a seismic shift in the affective landscape of the antebellum South Though the end of the Civil War rendered moot the debate over how to emotionally maintain slavery the lingering conflict over whether the emotional strictures governing the South would be based on race or free status had serious repercussions particularly for free Black people The postwar rise of legal and extralegal attempts to affectively control free Black people underscored the commitment of elite White Southerners to preserving the power dynamics of the emotional politics of slavery by any means necessary Mastering Emotions concludes by detailing how the long term legacy of those emotional politics reverberated through Reconstruction and the Jim Crow eras
