David Buschart, Ryan Tafilowski, 2025-11-25 Reimagine Your Theology of Faith and Work Conversations about faith and work often miss an important truth limitations are not a problem they're a key part of what it means to be human Work has always been part of humanity's purpose but we're no longer in the perfect Garden of Eden nor are we in the future new heavens and new earth To truly address the challenges of work we need a new theological perspective In *Worth Doing* David Buschart and Ryan Tafilowski embrace the realities of limitations challenging the myths of You are what you do and Do what you love Instead they propose a theology of work that affirms the goodness of human limits while addressing the realities of fallenness offering hope for those who may not find deep fulfillment in their daily jobs Buschart and Tafilowski outline a new vision of work that resonates with all workers recognizing that every job has value even when it doesn't align with idealized notions of purpose or calling By embracing this perspective people can find new ways to approach daily labor even when it doesn't feel deeply fulfilling In *Worth Doing* readers will Gain a theology of work that moves beyond only ideas of productivity or calling Learn how to embrace human limitations as part of God's good design Reflect on the ways work connects to broader questions of purpose and human flourishing *Worth Doing* invites readers to consider their limitations as valuable aspects of their vocational journey offering a thoughtful framework for addressing the complexities of work This book is particularly relevant for theologians examining the intersections of work faith and rest Christian educators and leaders in the faith and work space By moving beyond conventional theological approaches to faith and work *Worth Doing* presents a hopeful and theologically rich perspective on

Daryl Charles,2023-01-15 In *Our Secular Vocation* author J Daryl Charles upends the myth that secular vocations are neither secular nor secondary to ministry Rather he illustrates that Christians should treat every vocation as a sacred calling and ministry Secular, Sacred, More Sacred Stuart Brooking,Paul Branch,Federico G. Villanueva,2021-10-06 The sacred secular divide continues to threaten the health of the global church disempowering lay Christians and undermining the call to integrate all aspects of life under the lordship of Christ Theological educators seeking a path out of this dichotomy will find themselves both challenged and encouraged by this collection of essays drawn from the 2018 ICETE conference in Panama City Within its four sections contributors explore biblical frameworks for integration urge seminaries to value identity formation as much as skill acquirement call for a robust theology of work and challenge theologians to consider their responsibility to the world beyond the church's borders Filled with thought provoking questions and practical suggestions this book is an excellent resource for all those pursuing a holistic approach to theological education **Work Matters** R.
