Biblical, Traditional, and Theological Framework for Understanding Christian Prophetism in Ghana Today Daniel Nii Aboagye Aryeh, 2019-01-03 The basis for this project is to verify and determine the extent to which contemporary prophetic ministry in Ghana appropriates prophetism in the early church *Corpus Paulinum* and traditional prophetism in Ghana The spirit of prophecy which was believed to have ceased in Judaism and during the intertestamental period has now been restored at the inauguration of Christianity Notwithstanding Paul gave stipulations for prophets and prophecy in the church in 1 Corinthians 14 This confirms that prophecy was a common phenomenon in the early church and Pauline communities Contemporary prophetic ministry in Ghana claimed to have conformed to Pauline stipulations concerning prophets and prophecy in the church but what is their level of conformity Contemporary prophetic ministry is becoming popular due to its appeal and compatibility with religious worldviews and its pragmatic outlook that resonates with the Ghanaian phenomenon of religion As an adherent of the Akan traditional religion would go to a religious intermediary for *ebisa* literally to inquire or ask into present or future happenings contemporary prophets have positioned themselves to be

agents of ebisa in Ghanaian Christianity This book explores biblical and traditional understandings of prophetism that have influenced contemporary Christian understanding of prophets and prophecy in the church *Greek Pedagogy in Crisis* David R. Miller, 2019-06-26 The goal of every pastor missionary and lay leader in the evangelical church is to proclaim the word of God accurately And one of the key components of accurate biblical interpretation is the understanding of the Bible's original languages While some Bible teachers forego learning Hebrew and Greek altogether many men and women seek their language training by buying books to study on their own others look for free online courses and videos to provide this instruction while still others commit to formal theological training through higher education Each of those language learning formats print digital and guided are effective educational tools but the problem is that each of those formats are primarily based on the same antiquated teaching method This book analyzes and assesses the current biblical language pedagogy from the vantage point of over thirty prominent professionals in the field of New Testament Greek Their insight provides some of the first formal data on the usefulness and effectiveness of the Grammar Translation Method for teaching biblical languages today Additionally this book will introduce a unique and cutting edge approach to the process of teaching and learning the original languages of the word of God **The Greek Article** Ronald D. Peters, 2014-01-02 In The Greek Article Ronald D Peters presents a grammar of the Greek article and relative pronoun categorized as items which was formulated using the principles of Systemic Functional Linguistics This categorization stands in contrast to previous grammars which have categorically associated the article with the demonstrative pronoun Thus the present work represents a significant paradigm shift in the study of the Greek article Unlike previous approaches that have too often yielded internally inconsistent and contradictory rules of usage this approach results in a description of the article's function that is uniform across all occurrences Simultaneously simple and robust this grammar promises to pay significant dividends for exegetes and translators of the Greek New Testament *International Review of Biblical Studies, Volume 53 (2006-2007)* Bernhard Lang, 2008-02-28 Formerly known by its subtitle Internationale Zeitschriftenschau f r Bibelwissenschaft und Grenzgebiete the International Review of Biblical Studies has served the scholarly community ever since its inception in the early 1950's Each annual volume includes approximately 2 000 abstracts and summaries of articles and books that deal with the Bible and related literature including the Dead Sea Scrolls Pseudepigrapha Non canonical gospels and ancient Near Eastern writings The abstracts which may be in English German or French are arranged thematically under headings such as e g Genesis Matthew Greek language text and textual criticism exegetical methods and approaches biblical theology social and religious institutions biblical personalities history of Israel and early Judaism and so on The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered *American Reference Books Annual* Bohdan S.
