

Mastering JUJITSU

In recent years, the grappling arts have proven to be the most effective form of combat in mixed martial arts (MMA) and no-holds-barred (NHB) competitions. Above all others, the Gracie brand of Brazilian jiu-jitsu has become recognized as the preeminent fighting style in unarmed combat. Hélio Belfrage Gracie—one of the most successful athletes in the world-renowned Gracie family—reveals the inner workings of the art.

With nearly 30 years of training, Gracie competes at the highest levels and is a champion of numerous grappling, MMA, and NHB events. Also an instructor of many students who have gone on to become champions, Gracie now provides that instruction to help you develop the same techniques and strategies that the Gracie clan has used to dominate their opponents.

In *Mastering Jiu-Jitsu*, Gracie covers it all in depth—from the art's origins and techniques to practical applications that even the most experienced black belts will benefit from. Starting with isolated skill development techniques, you will progress to a full set of tactics and fight plans and become familiar with the concept of combat phases. You will learn how to attack from any phase as well as how to react to your opponents. Whether you're in a bottom position or attacking from the top, Gracie reveals the key strategies designed to give you the upper hand in close combat fighting.
