Mastering Business Communication Lysbeth A. Woolcott, Wendy R. Unwin, 2002*

Forthcoming Books Rose Army, 2003-04

Strategic Public Relations Norman Hart, 1995-02-13 Strategic Public Relations has been produced as a core book for what will become a series of second generation books treating public relations as a new and

separate discipline which has strategic implications for the whole business Written primarily for senior executives and PR practitioners Strategic Public Relations also serves students and young executives covering such topics as corporate goals and strategies marketing communications financial public relations employee and local community relations parliamentary and EU relations building an international reputation corporate advertising sponsorship and media relations communications research and corporate responsibility All of the 16 contributors to this book in addition to being recognised authorities in their fields are senior practitioners They will broaden your business horizons by showing you that corporate relations if done properly will lead to improved efficiency improved competitive performance and ultimately to greater profit The Virginia Teacher ,1928 Mastering Public Relations Saylor Foundation,2016 Our purpose in this volume is to introduce you to the concepts of strategic public relations Our basic assumption is that you have some general knowledge of management and business terminology we will help you to apply that to the discipline of public relations Our text is based in current research and scholarly knowledge of the public relations discipline as well as years of experience in professional public relations practice Whether you are reading this book to learn a new field simply to update your knowledge or as part of an educational program or course we value every moment that you spend with it Therefore we have eliminated much of the academic jargon found in other books and used a straightforward writing style We tried to make the chapters short enough to be manageable but packed with information without an overreliance on complicated examples or charts and diagrams We hope that our no nonsense approach will speed your study *Violence and War in Culture and the Media* Athina Karatzogianni,2013-06-17 This edited volume examines theoretical and empirical issues relating to violence and war and its implications for media culture and society Over the last two decades there has been a proliferation of books films and art on the subject of violence and war However this is the first volume that offers a varied analysis which has wider implications for several disciplines thus providing the reader with a text that is both multi faceted and accessible This book introduces the current debates surrounding this topic through five particular lenses the historical involves an examination of historical patterns of the communication of violence and war through a variety of sources the cultural utilises the cultural studies perspective to engage with issues of violence visibility and spectatorship the sociological focuses on how terrorism violence and war are remembered and negotiated in the public sphere the political offers an exploration into the politics of assigning blame for war the influence of psychology on media actors and new media political communication issues in relation to the state and the media the gender studies perspective provides an analysis of violence and war from a gender studies viewpoint *Violence and War in Culture and the Media* will be of much interest to students of war and conflict studies media and communications studies sociology security studies and political science
