Amiri Baraka, 2016-02-16 A fevered and impressionistic riff on the struggles of blacks in the urban North and rural South as told through the prism of The Inferno Kirkus Reviews This 1965 novel is a remarkable narrative of childhood and youth structured on the themes of Dante's Inferno violence incontinence fraud and treachery With a poet's skill Baraka creates the atmosphere of hell and with dramatic power he reconstructs the brutality of the black slums of Newark a small Southern town and New York City The episodes contained within the novel represent both states of mind and states of the soul lyrical fragmentary and allusive With an introduction by Woodie King Jr Much of the novel is an expression of the intellectual and moral lost motion of the age the special agony of the American Negro The New York Times Book Review It's a tortured nightmare excruciatingly honest and alive painful and beautiful Michael Rumaker author of A Day and a Night at the Baths

Tales Amiri Baraka, 2016-02-16 A clutch of early stories from the poet playwright and provocateur infused with jazz and informed by racial alienation Kirkus Reviews Baraka was without question the central figure of the Black Arts Movement and was the most important theorist of that movement's expression of the Black Aesthetic which took hold of the African American cultural imagination in earnest in the late sixties While known primarily for his plays poems and criticism of black music Baraka was also a master of the short story form as this collection attests Tales first appeared in 1967 and is an impressionistic and sometimes surrealistic collection of short fiction showcasing Amiri Baraka's great impact on African American literature of the 1950s and 1960s Tales is a critical volume in Amiri Baraka's oeuvre and an important testament to his remarkable literary legacy Henry Louis Gates Jr The sixteen artful and nuanced stories in this reissue of Amiri Baraka's seminal 1967 collection fall into two parts the first nine concern themselves with the sensibility of a hip perceptive young black man in white America The last seven stories endeavor to place that same man within the context of his awareness of and participation in a rapidly emerging and powerfully felt negritude They deal it might be said with the black man in black America Yet these tales are not social tracts but absolutely masterful fiction provocative witty and at times bitter and aggressive

Lethal Performances Ottilie P. Klein,2017 This book provides an in depth analysis of representations of female murderers in modern American drama Paying close attention to the plays plot form and style the study seeks to come to terms with the dramatic and cultural function of this phenomenon Given the rarity of female murder in real life the popularity and prevalence of this theme in culture is striking and unsettling at the same time After all a woman who kills not only violates against basic social rules but also upsets gender norms This potential to break with an ideology that rests on hierarchically structured gender binaries equips the figure of the female murderer with the power to symbolically kill established views about gender and sexuality It is this ideologically disruptive potential that makes the female murderer a fascinating object of study as her cultural figuration may provide information about the meaning assigned to women at a certain historical moment

Fieldworks Lytle Shaw,2013-01-22 Fieldworks offers a historical account of the social rhetorical and material attempts to ground art and poetry in the physicality of a site Arguing that place oriented inquiries allowed poets and artists to develop new experimental models of historiography and ethnography Lytle Shaw draws out the shifting terms of this practice from World War II to the present through a series of illuminating case studies Beginning with the alternate national genealogies unearthed by William Carlos Williams in Paterson and Charles Olson in Gloucester Shaw demonstrates how subsequent poets sought to ground such inquiries in concrete social formations to in effect live the poetics of place Gary Snyder in his back to the land familial compound Kitkitdizze Amiri Baraka in a black nationalist community in Newark Robert Creeley and the poets of Bolinas California in the capacious now of their poet run town Turning to the work of Robert Smithson who called one of his essays an appendix to Paterson and who in turn has exerted a major influence on poets since the 1970s Shaw then traces the emergence of site specific art in relation both to the poetics of place and to the larger linguistic turn in the

humanities considering poets including Clark Coolidge Bernadette Mayer and Lisa Robertson By putting the poetics of place into dialog with site specificity in art Shaw demonstrates how poets and artists became experimental explicators not just of concrete locations and their histories but of the discourses used to interpret sites more broadly It is this dual sense of fieldwork that organizes Shaw s groundbreaking history of site specific poetry

Maximum Feasible Participation Stephen Schryer,2018-06-05 This book traces American writers contributions and responses to the War on Poverty Its title comes from the 1964 Opportunity Act which established a network of federally funded Community Action Agencies that encouraged maximum feasible participation by the poor With this phrase the Johnson administration provided its imprimatur for an emerging model of professionalism that sought to eradicate boundaries between professionals and their clients a model that appealed to writers especially African Americans and Chicanos as associated with the cultural nationalisms gaining traction in the inner cities These writers privileged artistic process over product rejecting conventions that separated writers from their audiences Participatory professionalism however drew on a social scientific conception of poverty that proved to be the paradigm s undoing the culture of poverty thesis popularized by Oscar Lewis Michael Harrington and Daniel Moynihan For writers and policy experts associated with the War on Poverty this thesis described the cultural gap that they hoped to close Instead it eventually led to the dismantling of the welfare state Ranging from the 1950s to the present the book explores how writers like Jack Kerouac Amiri Baraka Gwendolyn Brooks Oscar Zeta Acosta Alice Walker Philip Roth and others exposed the War on Poverty s contradictions during its heyday and kept its legacy alive in the decades that followed
