The Routledge Companion to Literature and Religion Mark Knight, 2016-04-28 This unique and comprehensive volume looks at the study of literature and religion from a contemporary critical perspective Including discussion of global literature and world religions this Companion looks at Key moments in the story of religion and literary studies from Matthew Arnold through to the impact of 9/11 A variety of theoretical approaches to the study of religion and literature Different ways that religion and literature are connected from overtly religious writing to subtle religious readings Analysis of key sacred texts and the way they have been

studied re written and questioned by literature Political implications of work on religion and literature Thoroughly introduced and contextualised this volume is an engaging introduction to this huge and complex field Exclusion, Exile, and the Wandering Jew in Jewish Literature Regine Rosenthal, 2024-02-06 Based on a medieval extrabiblical Christian legend the figure of the Wandering Jew has long served as a negative representation of all Jews Condemned by Christ to endless wandering and everlasting life the Wandering Jew has lived on ever since in literature and criticism as a legendary and symbolic paradigm ranging from anti Jewish stereotype to the generalized cultural Other While Romanticism took him outside of the Jewish context nineteenth century antisemitic racism again adopted the figure in an evolving discourse that culminated in his image in Nazi propaganda as the despicable racialized cultural Other who needed to be exterminated The present work takes up this trope in all its complex intersecting facets and shifts the focus of the inquiry from the perspective of the dominant culture to that of the Jewish Other Starting with nineteenth century American popular and mainstream writers it explores the responses to and the subversions and reinventions of the paradigmatic figure in works by a variety of European Canadian and American Jewish writers and thinkers It also opens the discussion to the broader issues of contemporary society and politics such as pervasive uprootedness transborder migration the plight of refugees and states rights versus human rights *Jewish-German Identity in the Orientalist Literature of Else Lasker-Schüler, Friedrich Wolf, and Franz Werfel* Donna K. Heizer, 1996 One of only a handful of studies on German literary Orientalism Professor Heizer's pioneering book is the first to examine the phenomenon of Jewish German Orientalist literature For many Jewish German authors of the beginning of the twentieth century the Orient represented an imaginative space where they could describe and analyze their position as Jews in German society Postmodern Love in the Contemporary Jewish Imagination Efraim Sicher, 2022-03-17 Offering a radical critique of contemporary Israeli and diaspora fiction by major writers of the generation after Amos Oz and Philip Roth this book asks searching questions about identity formation in Jewish spaces in the twenty first century and posits global transnational identities instead of the bipolar Israel diaspora model The chapters put into conversation major authors such as Jonathan Safran Foer Nicole Krauss Michael Chabon and Nathan Englander with their Israeli counterparts Zeruya Shalev Eshkol Nevo and Etgar Keret and shows that they share common themes and concerns Read through a postmodern lens their preoccupation with failed marriage and failed ideals brings to the fore the crises of home nation historical destiny and collective memory in contemporary secular Jewish culture At times provocative at others iconoclastic this innovative study must be read by anyone concerned with Jewish culture and identity today whether scholars students or the general reader The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Nostalgia in Jewish-American Theatre and Film, 1979-2004 Ben Furnish, 2005 Nostalgia a bittersweet yearning for the past is an important element in Jewish American performances of the late twentieth century Numerous plays and films of this time use

nostalgia to engage Jewish including Yiddish cultural themes and images Nostalgia offers audiences a window through which to examine past and current social changes These include American Jews departure from Europe to America the city for the suburbs Yiddish for English as well as the civil rights women s peace and gay and lesbian movements and other transformations These performances illustrate how theatre and film transmit culture from generation to generation and between one ethnic community and the wider American scene The Yale Literary Magazine ,1883 *Liberalization and Culture in Contemporary Israel* Ari Ofengenden,2018-09-15 In this book Ari Ofengenden examines the ways that Israel s integration into global economy has affected its main stream culture Ofengenden uses works of Israeli film literature and television from the past 30 years to conceptualize the changes in Israel s culture He analyzes the central phenomena associated with Israel s integration into the global economy including the demise of realism and the rise of commercial culture the production of film television and novels for western audiences and the critiques of capitalism in media Ofengenden also explores the refiguring national identity through critique of masculinity The book also discusses the affect globalization and marketization has had on modern narratives of the Arab Israeli conflict Since 1948 Nancy E. Berg,Naomi B. Sokoloff,2020-10-01 2021 CHOICE Outstanding Academic Title Toward the end of the twentieth century an unprecedented surge of writing altered the Israeli literary scene in profound ways As fresh creative voices and multiple languages vied for recognition diversity replaced consensus Genres once accorded lower status such as the graphic novel and science fiction gained readership and positive critical notice These trends ushered in not only the discovery and recovery of literary works but also a major rethinking of literary history In *Since 1948* scholars consider how recent voices have succeeded older ones and reverberated in concert with them how linguistic and geographical boundaries have blurred how genres have shifted and how canon and competition have shaped Israeli culture Charting surprising trajectories of a vibrant challenging and dynamic literature the contributors analyze texts composed in Hebrew Yiddish and Arabic by Jews and non Jews and by Israelis abroad as well as writers in Israel What emerges is a portrait of Israeli literature as neither minor nor regional but rather as transnational multilingual and worthy of international attention **Between Ethics and Aesthetics** Dorota Glowacka,Stephen Boos,2012-02-01 This forum of current discussions of ethics and aesthetics addresses a cross section of disciplines including literary theory philosophy women s studies postcolonial theory art history Holocaust studies theology and others Contributors ranging from philosophers and literary critics to practicing artists and art curators answer such questions as In the age of the collapse of metaphysics what is the relation between philosophical reflection and art If we question the privilege accorded to the aesthetic can ethics alone offer a solution to the crisis of representation Is it possible and ethically viable to represent the other in speech and image What happens at the conjunction of aesthetics and politics Can one speak of aesthetic configurations of the space of community Are the concepts of ethics and aesthetics gendered and repressive of sexual difference Considering the many works that consider either ethics or aesthetics almost exclusively within

the confines of particular disciplines this collection crosses the boundaries and continues the debate outside the rigid parameters of specialized discourses

Israeli Judaism Å elomo A. DeÅien, Charles Seymour Liebman, Moshe Shokeid, 1995-01-01 This is an unusual and extremely timely collective effort It appears at a moment in which Israelis not only must confront their Arab neighbors but must deal with one another as Jews possessing radically different views on the present and future of the Jewish tradition With this seventh volume of the series the Israeli Sociological Society has turned its attention to religion an area that for many years has been of high importance but low profile in Israeli affairs and in the wider Middle Eastern context Chapters and contributors include Jewish Civilization Approaches to Problems of Israeli Society by Shmuel N Eisenstadt Life Tradition and Book Tradition in the Development of Ultraorthodox Judaism by Menachem Friedman Religious Kibbutzim Judaism and Modernization by Aryei Fishman The Religion of Elderly Oriental Jewish Women by Susan Sered and Hanukkah and the Myth of the Maccabees in Ideology and in Society by Eliezer Don Yehiya The increasing presence of religious activism in contemporary Israel side by side with subtle changes in the religion of Israeli Sephardim makes the topic of religion essential for an understanding of Israel and much of the Middle East generally Israeli Judaism is a significant work and will be of interest to theologians philosophers sociologists anthropologists and political theorists
