Homiletic Moves And Structures:

Homiletic David G. Buttrick, 1987-01-01 Buttrick presents a complete homiletic that focuses on how sermons form in consciousness and how the language of preaching functions in the communal consciousness of a congregation His phenomenological approach marks a sharp departure from older homiletics

Homiletic David Buttrick, 1987-01-01 homiletics is an odd discipline You cannot talk of sermon design without some glimmer of what sermons are made of and you cannot comprehend the internal parts of a sermon without a grasp of sermon design from back cover

The Renewed Homiletic O. Wesley Allen, 2010-04-21 The major shift in the study and practice of preaching in the 1970s and 1980s labeled the New Homiletic turned toward the hearer The purpose of preaching focused less on persuasion and more on transformation less on asserting religious truths and more on offering an experience of the gospel Instead of viewing language as referential its creative evocative nature began to be emphasized Thus homiletical strategies utilizing induction celebration story narrative structures and moves replaced a deductive propositional approach to preaching Now three and a half decades after this shift began preachers recognize that the homiletical landscape has continued to evolve in ways that influence how preaching ought to be done for example the rise of postmodernity the decline of the mainline church cultural pluralism and biblical and theological illiteracy Those considered to be the pillars of the New Homiletic David Buttrick Fred Craddock Eugene Lowry Henry Mitchell and Charles Rice discuss how to change their homiletical approach for a new day Each of these distinguished scholars offers a lecture describing how his mind has changed preaches a sermon reflecting these changes and participates in a panel discussion with younger respondents Publisher description

The Homiletical Question William F. Brosend II, 2017-11-09 The Homiletical Question offers preachers from beginning students to the most experienced a concise introduction to lectionary based preaching in liturgical contexts familiar to Anglicans Roman Catholics Lutherans Methodists and others The book demonstrates how by answering a single simple question each time a sermon is prepared preachers can respond fully and faithfully to the biblical text the needs and issues of the audience and the challenges of a changing world Chapters explore the practice of homiletical exegesis creation and illustration of the moves that shape the sermon crafting introductions and conclusions and preaching baptisms weddings funerals and other special occasions As Thomas G Long writes in the foreword That the homiletical question should yield answers that are beyond the reach of the preacher answers that manifest preaching as an event of surplus and abundance answers that point toward the mystery that is the Holy Spirit answers that take us to our knees in prayer before they take us into the pulpit would come as no surprise to Brosend That very mystery that very abundance is at the heart of Brosend s theology of preaching and therefore at the heart of this book
