Homilies On Genesis And Exodus Fathers Of The Church Patristic Series:

Homilies on Genesis and Exodus Origen,2010-04 No description available *The Patristic Understanding of Creation* William A. Dembski,Wayne J. Downs,Fr. Justin B. A. Frederick,2019-11-14 The Patristic Understanding of Creation encapsulates what the Church Fathers had to say in their own words on the topic of creation Going back to Roman and Byzantine times the writings of the Church Fathers are basic to Christian theology and provide a benchmark for how Christians have traditionally understood creation This understanding of creation however faces tremendous challenges in our day especially in discussions at the intersection of science and religion Process theology and other efforts to reconceptualize creation have explicitly opposed key elements of the Christian doctrine of creation creation ex nihilo the transcendence and immanence of God in creation the absolute creatureliness and non self sufficiency of the world to use a phrase of Fr Georges Florovsky the goodness of creation and the openness of the world to divine action All of these the Church Fathers not only held but also ably defended This anthology is therefore not merely of academic or historical interest In reasserting a theologically sound understanding of creation this anthology fills a need that is both practical and urgent **Abraham's Dice** Karl Giberson,2016 Most of us believe everything happens for a reason Whether it is God s will karma or fate we want to believe that nothing in the world especially disasters and tragedies is a random meaningless event But now as never before confident scientific assertions that the world embodies a profound contingency are challenging theological claims that God acts providentially in the world The random and meandering path of evolution is widely used as an argument that God did not create life Abraham s Dice explores the interplay between chance and providence in the monotheistic religious traditions looking at how their interaction has been conceptualized as our understanding of the workings of nature has changed This lively historical conversation has generated intense ongoing theological debates and provocative responses from science what are we to make of the history of our universe where chance and law have played out in complex ways Or the evolution of life where random mutations have challenged attempts to find purpose within evolution and convinced many that human beings are but a glorious accident The enduring belief that everything happens for a reason is examined through a conversation with major scholars among them holders of prestigious chairs at Oxford and Cambridge Universities and the University of Basel as well as several Gifford lecturers and two Templeton prize winners Organized historically Abraham s Dice provides a wide ranging scientific theological and biblical foundation to address the question of providence and divine action in a world shot through with contingency **Nature and Scripture in the Abrahamic Religions: Up to 1700 (2 vols)** Scott Mandelbrote,Jitse van der Meer,2009-01-31 The four companion volumes of Nature and Scripture in the Abrahamic Religions contribute to a contextual evaluation of the mutual influences between scriptural exegesis and hermeneutics on the one hand and practices or techniques of interpretation in natural philosophy and the natural sciences on the other We seek to raise the low profile this theme has had both in the history of science and in the history of biblical

interpretation Furthermore questions about the interpretation of scripture continue to be provoked by current theological reflection on scientific theories We also seek to provide a historical context for renewed reflection on the role of the hermeneutics of scripture in the development of theological doctrines that interact with the natural sciences Contributors are Peter Barker Paul M Blowers James J Bono Pamela Bright William E Carroll Kathleen M Crowther Maurice A Finocchiaro Carlos Fraenkel Miguel A Granada Peter Harrison Kenneth J Howell Eric Jorink Kerry V Magruder Scott Mandelbrote Charlotte Methuen Robert Morrison Richard J Oosterhoff Volker R Remmert T M Rudavsky Stephen D Snobelen Jitse M van der Meer and Rienk H Vermij

"All Shall Be Well" Gregory MacDonald, Robin A. Parry, 2011-01-01 All shall be well and all shall be well and all manner of thing shall be well Lady Julian of Norwich Universalism runs like a slender thread through the history of Christian theology It has always been a minority report and has often been regarded as heresy but it has proven to be a surprisingly resilient idea Over the centuries Christian universalism in one form or another has been reinvented time and time again In this book an international team of scholars explore the diverse universalisms of Christian thinkers from the Origen to Moltmann In the introduction Gregory MacDonald argues that theologies of universal salvation occupy a space between heresy and dogma Therefore disagreements about whether all will be saved should not be thought of as debates between the orthodox and heretics but rather as in house debates between Christians The studies that follow aim in the first instance to hear understand and explain the eschatological claims of a range of Christians from the third to the twenty first centuries They also offer some constructive critical engagement with those claims Origen Tom Greggs Gregory of Nyssa Steve Harmon Julian of Norwich Robert Sweetman The Cambridge Platonists Louise Hickman James Rely Wayne K Clymer Elhanan Winchester Robin Parry Friedrich Schleiermacher Murray Rae Thomas Erskine Don Horrocks George MacDonald Thomas Talbott P T Forsyth Jason Goroncy Sergius Bulgakov Paul Gavrilyuk Karl Barth Oliver Crisp Jaques Ellul Andrew Goddard J A T Robinson Trevor Hart Hans Urs von Balthasar Edward T Oakes SJ John Hick Lindsay Hall J rgen Moltmann Nik Ansell

The End of Interpretation R. R. Reno, 2022-10-18 Those who wish to interpret and understand the Bible face a fundamental question How do I interpret Scripture faithfully Theological interpretation is an approach that has received much attention in recent years and R R Reno is a leading practitioner and proponent of this approach In The End of Interpretation Reno s first full statement on the topic he argues that Scripture is interpreted correctly only when it is read through the lens of creedal orthodoxy that is through the apostolic faith The principle of accordance between doctrine and Scripture is of first importance for solid Christian interpretation Reno provides a simple explanation of this multifaceted approach He wrestles with what makes interpretation theological and provides two historical case studies discussing Origen and the Reformation debate over justification He then demonstrates what theological interpretation looks like in practice reflecting on Genesis 1 John 17 and 1 Corinthians Reno s insights will benefit serious readers who seek to interpret Scripture faithfully

Genesis 1-11, Second Edition James Chukwuma Okoye, 2025-05-05 Genesis 1 11 A Narrative Theological

Commentary combines critical acumen with concern for the theological message of Scripture It is a commentary in two stages First the text is allowed to speak for itself using a narrative approach Then specific Jewish and Christian traditions flowing from the text are identified and the underlying hermeneutical moves analyzed

The Mystery of the Church: God's Self-Revelation in Ephrem the Syrian Jijimon J. Puthuveettilkalam, This book offers a comprehensive study of Ephrem s surviving writings relevant to his understanding of the Church It traces the key themes of his ecclesiology examines how his ideas interrelate and explores their inner coherence Central to this investigation are four guiding questions Why is there a Church Where was it born How is it related to God s self revelation And how does it symbolise God s revelation to humanity

Hearing the Scriptures Eugen J. Pentiuc, 2021 Throughout the ages interpreters of the Christian scriptures have been wonderfully creative in seeking to understand and bring out the wonders of these ancient writings That creativity has often been overlooked by recent scholarship concentrated as it is in the so called critical period In this study Eugen J Pentiuc illuminates the remarkable way in which the Byzantine hymnographers liturgists expressed their understanding of the Old Testament in their compositions an interpretive process that he terms liturgical exegesis In authorship and methodology patristic exegesis and liturgical exegesis are closely related Patristic exegesis however is primarily linear and sequential proceeding verse by verse while liturgical exegesis offers a more imaginative and eclectic mode of interpretation ranging over various parts of the Bible In this respect says Pentiuc liturgical exegesis resembles cubist art To illuminate the multi faceted creativity of liturgical exegesis Pentiuc has chosen the vast and rich hymnography of Byzantine Orthodox Holy Week as a case study offering a detailed lexical biblical and theological analysis of selected hymns His analysis reveals the many different and imaginative ways in which creative liturgists incorporated and interpreted scriptural material in these hymns By drawing attention to the way in which the bible is used by Byzantine hymnographers in the living Orthodox tradition Hearing the Scriptures makes a ground breaking contribution to the history of the reception of the scriptures

Exodus, Leviticus, Numbers, Deuteronomy Joseph T. Lienhard, Thomas C. Oden, 2001-08-30 Christians read the Jewish Scriptures in the light of what God did in Jesus the Christ This ACCS volume on Exodus through Deuteronomy bears ample witness to this new way of reading these ancient texts Varied in texture and nuance the interpretations included in this volume display a treasure house of ancient wisdom speaking with eloquence and intellectual acumen to the church today

Parvis, 2001 *Illustrated Religious Texts in the North of Europe, 1500-1800* Prof Dr Els Stronks, Dr Adam Morton, Asst Prof Feike Dietz, Professor Marc Van Vaec, Ms Lien Roggen, 2014-07-28 *Illustrated Religious Texts in the North of Europe 1500 1800* provides a new perspective on the role of visual imagery in the Reformation period by focusing on international forms of collaboration and makes a significant contribution to ongoing debates concerning the history of the book by focusing on the ideological as well as practical side of international contacts **Five Things Theologians Wish Biblical Scholars Knew** Hans Boersma, 2021-09-07 The relationship between theology and biblical studies is often marked by misunderstandings methodological differences and cross discipline tension With an irenic spirit as well as honesty about differences that remain theologian Hans Boersma highlights five things he wishes biblical scholars knew about theology so that these disciplines might once again serve the church hand in hand The Conqueror's Gift Michael Maas, 2025-02-25 The essential role of ethnographic thought in the Roman empire and how it evolved in Late Antiquity Ethnography is indispensable for every empire as important as armies tax collectors or ambassadors It helps rulers articulate cultural differences and it lets the inhabitants of the empire especially those who guide its course understand themselves in the midst of enemies allies and friends In *The Conqueror's Gift* Michael Maas examines the ethnographic infrastructure of the Roman Empire and the transformation of Rome's ethnographic vision during Late Antiquity Drawing on a wide range of texts Maas shows how the Romans' ethnographic thought evolved as they attended to the business of ruling an empire on three continents Ethnography the conqueror's gift gave Romans structured ways of finding a place for foreigners in the imperial worldview and helped justify imperial action affecting them In Late Antiquity Christianity revolutionized the imperial ethnographic infrastructure by altering old concepts and introducing credal models of community The Bible became a source for organizing the Roman world At the same time many previously unseen collective identities emerged across Western Eurasia in reaction to the diminution of Roman power These changes deeply affected the Empire's ethnographic infrastructure and vision of the world Maas argues that a major consequence of these

developments was the beginning of a sectarian age as individuals and political communities came to identify themselves primarily in terms of religion as well as ethnicity As they adjusted to changing ethnographic realities Romans understood their place among the peoples of the world in new ways Willingly or not we continue to be recipients of the conqueror s gift today

Black and Slave David M. Goldenberg, 2017-05-22 Studies of the Curse of Ham the belief that the Bible consigned blacks to everlasting servitude confuse and conflate two separate origins stories etiologies one of black skin and the other of black slavery This work unravels the etiologies and shows how the Curse an etiology of black slavery evolved from an earlier etiology explaining the existence of dark skinned people We see when where why and how an original mythic tale of black origins morphed into a story of the origins of black slavery and how in turn the second then supplanted the first as an explanation for black skin In the process we see how formulations of the Curse changed over time depending on the historical and social contexts reflecting and refashioning the way blackness and blacks were perceived In particular two significant developments are uncovered First a curse of slavery originally said to affect various dark skinned peoples was eventually applied most commonly to black Africans Second blackness originally incidental to the curse in time became part of the curse itself Dark skin now became an intentional marker of servitude the visible sign of the blacks degradation and in the process deprecating black skin itself
