**Practical Homeopathy** Vinton McCabe, 2000-03-09 McCabe's newest work again joins philosophy and pharmacy in a practical way. An excellent essential text. Highly recommended. Library Journal. For the first time ever, glossaries of comprehensive symptoms and homeopathic remedies collected in one volume. This definitive guide is really two books in one: an introduction to the study and practice of homeopathy and a detailed reference book of symptoms and remedies. Vinton McCabe, a longtime educator of homeopathy practitioners and laypersons, begins with a brief history of the art and discusses the underlying philosophy of homeopathy as contrasted with conventional medicine. The bulk of the book is made up of well organized, accessible sections covering such topics as symptoms for use in diagnosis, corrective measures for emergencies, and other easily diagnosed complaints, and a detailed listing of sixty homeopathic remedies and their uses. Practical Homeopathy will appeal to newcomers to homeopathy as well as to enthusiasts. An easy to read book that unravels the mysteries of homeopathy and makes it accessible to everyone. Mark Grossman, O.D., author of Magic Eye The 3-D Guide and An Encyclopedia of Natural Vision Care. McCabe has deftly distilled the genius of homeopathy into a work which may hold many keys to future planetary wellness. Peter D. Adamo, N.D., author of Eat Right 4 Your Type and editor emeritus of the Journal of Naturopathic Medicine. McCabe is a passionate, engaging advocate, and his account of his own successful homeopathic treatment makes his case hard for even skeptics to ignore. Publishers Weekly.

**The Homeopathic Emergency Guide** Thomas Kruzel, 1993-01-29 As homeopathic medicine becomes more available, increasing numbers of clinicians, families, and patients are learning how to use these natural medicines to treat common ailments. Using homeopathic medicines, however, is not as simple as matching symptoms with remedies. To get the best results with homeopathic medicines, it is essential to individualize a remedy according to the pattern of symptoms shown in the sick person. Dr. Kruzel's Homeopathic Emergency Guide is a quick and reliable handbook.

**A Homeopathic Handbook of Natural Remedies** Laura Josephson, 2002-08-13 A Homeopathic Handbook of Natural Remedies offers the most succinct and up-to-date information available on homeopathy, a method of healing that works by stimulating the body's natural defenses. Laura Josephson provides an overview of the healing principles and history of homeopathy, clear guidelines for identifying and treating symptoms, and instructions for preparing and stocking your home kit. In addition to homeopathic first aid treatment for such ailments as back pain, puncture wounds, eye injuries, fractures, and insect bites, the book outlines remedies for a wide range of everyday complaints, including allergies, coughs, colds, flu, fevers, digestive problems, headaches, PMS, earaches, insomnia, jet lag, and more. A separate section deals specifically with childhood conditions. Also included is an extensive resource directory of homeopathic pharmacies and a list of articles and other publications that provide further information.

The Comprehensive Repertory for the New Homeopathic Remedies Colin Griffith, 2016-10-11 After nearly a quarter of a century's proof and research into new homeopathic medicines, the dozens of new remedies that have been developed by the

meditation circle of Janice Micallef RSHom are now presented as a desktop reference guide for any homoeopath with an interest in expanding the horizons of their art Colin Griffith a member of the homeopathic proving circle since its earliest days has laid out the book in a user friendly manner to facilitate an easy search for the most appropriate remedy for both familiar and unfamiliar rubrics of symptoms The accompanying lists of comparable old remedies ensure that practitioners will not be tempted to view the new remedies as exclusively remedial in cases that may seem to call for something unusual There are explanatory essays on how to use the repertory on the association of remedies with the seven chakras and the seven major miasms and a glossary of remedy names in both English and Latin to conform to universal usage Each new remedy is also given a characteristic essential thumb nail sketch to act as an additional guide
