Copeland's Cure Natalie Robins, 2009-07-22 Today one out of every three Americans uses some form of alternative medicine either along with their conventional standard traditional medications or in place of them One of the most controversial as well as one of the most popular alternatives is homeopathy a wholly Western invention brought to America from Germany in 1827 nearly forty years before the discovery that germs cause disease Homeopathy is a therapy that uses minute doses of natural substances minerals such as mercury or phosphorus various plants mushrooms or bark and insect shellfish and other animal products such as Oscillococcinum These remedies mimic the symptoms of the sick person and are said to bring about relief by entering the body s vital force Many homeopaths believe that the greater the dilution the greater the medical benefit even though often not a single molecule of the original substance remains in the solution In Copeland s Cure Natalie Robins tells the fascinating story of homeopathy in this country how it came to be accepted because of the gentleness of its approach Nathaniel Hawthorne and Henry Wadsworth Longfellow were outspoken advocates as were Louisa

May Alcott Harriet Beecher Stowe and Daniel Webster We find out about the unusual war between alternative and conventional medicine that began in 1847 after the AMA banned homeopaths from membership even though their medical training was identical to that of doctors practicing traditional medicine We learn how homeopaths were increasingly considered not to be real doctors and how real doctors risked expulsion from the AMA if they even consulted with a homeopath At the center of Copeland's Cure is Royal Samuel Copeland the now forgotten maverick senator from New York who served from 1923 to 1938 Copeland was a student of both conventional and homeopathic medicine an eye surgeon who became president of the American Institute of Homeopathy dean of the New York Homeopathic Medical College and health commissioner of New York City from 1918 to 1923 he instituted unique approaches to the deadly flu pandemic We see how Copeland straddled the worlds of politics he befriended Calvin Coolidge Herbert Hoover and Franklin and Eleanor Roosevelt among others and medicine as senator he helped get rid of medical diploma mills His crowning achievement was to give homeopathy lasting legitimacy by including all its remedies in the Federal Food Drug and Cosmetic Act of 1938 Finally the author brings the story of clashing medical beliefs into the present and describes the role of homeopathy today and how some of its practitioners are now adhering to the strictest standards of scientific research controlled randomized double blind clinical studies

Health and Healing Andrew Weil, 2004 Drawing on the author's vast clinical and personal experience this guide to alternative health practices also includes case studies from around the world

The Complete Homeopathy Handbook Miranda Castro, 1991-11-15 Homeopathy is an approach to medicine based on the principle that any substance that can cause illness can also be a cure Centuries old its practice has always enjoyed wide popularity among individuals looking for safe and effective ways to treat illness as well as to improve their health The Complete Homeopathy Handbook is the definitive guide for using homeopathic remedies at home It includes A to Z listings for external and internal remedies with explanations for correctly diagnosing the symptoms of any particular injury or illness The book also includes ten case studies and specific dos and don'ts to follow when treating more than seventy conditions

Current Catalog National Library of Medicine (U.S.), **Alchemical Medicine for the 21st Century** Clare

Goodrick-Clarke, 2010-06-08 Using the ancient art of spagyrics for treatment of today's health problems Contains detailed indications for using alchemical preparations therapeutically Shows how the essences work holistically to heal the mind body and spirit with the energetic qualities of the plant Provides effective therapy for a wide range of physical and mental disorders Spagyrics is a branch of medicinal alchemy that enhances the healing properties already existing in plants Developed by Paracelsus the magus and alchemist of the early 16th century spagyrics is a holistic therapy that promotes healing at all levels of the human being body soul and spirit Spagyric essences harness the dynamic life force in plants that triggers recovery from the energetic imbalance of illness The harmonizing and balancing qualities of spagyric essences differ from other plant remedies and aromatherapy oils because they not only include the plant's energetic information but also

incorporate the salt of the plant from which all toxic matter has been purged The preparation of this alchemical medicine makes it possible to capture the full therapeutic spectrum of plants including the cosmic energies they have absorbed Alchemical Medicine for the 21st Century contains detailed indications for using these alchemical preparations to treat both physical and mental disorders The author shows for example that the tincture made from dandelion is especially potent on liver related ailments and also raises the spirit and frees the patient from anger and bitterness The immune system is also boosted by this essence providing tonic effects for allergy sufferers The author a homeopath since 2000 also shows how these spagyric essences can be potentized homeopathically *Green Medicine* Larry Malerba, D.O.,2011-03-15 According to Dr Larry Malerba modern medicine has perfected the short term technical repair of the physical body at the expense of the long term psychological and spiritual well being of the whole person In *Green Medicine* he examines this issue and provides a realistic blueprint for wellness and a valuable guide for those seeking deeper and more lasting healing Written in an accessible style the book draws on a rich range of fields physics philosophy Jungian thought shamanism alchemy Eastern thought Western esotericism sustainability orthodox medicine to create a green medical paradigm that represents a powerful integrative medical perspective Dr Malerba interweaves case histories from his own practice with innovative concepts from alternative and Western medicine in order to address a number of crucial questions What are the personal and environmental costs to the overuse of pharmaceutical drugs Is conventional medicine as scientific as it claims to be How can conventional doctors and alternative healers begin to work together How can individuals transform medicine and become participants in their own healthcare *Green Medicine* offers a practical and philosophical basis for building a viable green alternative that draws on the inherent unity of body heart mind soul and nature Discovering Homeopathy Dana Ullman,1993-01-01 Dana Ullman one of the leading advocates of homeopathic medicine has produced a comprehensive lucid introduction to this branch of complementary medicine covering the history and the philosophy of homeopathy as well as scientific evidence supporting its effectiveness for a variety of conditions A detailed discussion of the effectiveness and the limits of homeopathy in the treatment of infectious disease allergies chronic diseases psychological conditions and dentistry as well as its applications in pregnancy and labor women s health pediatrics and sports medicine follows Natural Alternatives to Antibiotics – Revised and Updated John McKenna,2003-05-08 A long awaited book that answers many questions Jan de Vries Antibiotics were developed in the 1940s Then they were hailed as a huge breakthrough in the treatment of bacterial infections Today they are the most commonly prescribed drugs worldwide But massive over prescription of antibiotics has created its own problems The advent of antibiotic resistant organisms or superbugs has led more and more people to demand alternatives *Natural Alternatives to Antibiotics* is a revised and updated version of Dr John McKenna s international bestseller *Alternatives to Antibiotics* First published in 1996 and translated into 16 languages *Alternatives to Antibiotics* explains in simple jargon free language the variety of alternatives to antibiotics in treating infections Dr McKenna compares

conventional medicine and alternative medical approaches highlighting the benefits and drawbacks of both In Natural Alternatives to Antibiotics Dr McKenna looks at the various strains of infections which have become resistant since his international bestseller Alternatives to Antibiotics was published Dr McKenna has expanded his sections on alternative herbal homeopathic and nutritional medicines and shows directly that it is still possible to treat infections without antibiotics while still acknowledging the times that they may be necessary Natural Alternatives to Antibiotics Table of Contents Introduction The History of Antibiotics Bacterial Resistance to Antibiotics The Use and Abuse of Antibiotics Conventional and Alternative Medical Approaches Childhood Infections Herbal Medicine Homeopathic Medicine Nutritional Medicine Nutritional Supplements The Role of Stress Conclusion Food and Healing Annemarie Colbin,2013-01-30 Yes you are what you eat For everyone who wonders why in this era of advanced medicine we still suffer so much serious illness Food and Healing is essential reading An eminently practical authoritative and supportive guide to making everyday decisions about eating that can transform our lives Food and Healing is a remarkable achievement Richard Grossman Director The Health in Medicine Project Montefiore Medical Center Annemarie Colbin founder of New York s renowned Natural Gourmet Cookery School and author of The Book of Whole Meals argues passionately that we must take responsibility for our own health and rely less on modern medicine which still seems to focus on trying to cure rather than prevent illness Eating well she shows is the first step toward better health Drawing on an impressive range of thinking from Eastern philosophy to current medical journals Colbin shatters many myths not only about the Standard American Diet but also about some of the quirky and unhealthy food fads of recent years What emerges is one of the first complete works on How food affects our moods The healing qualities of specific foods The role of diet in preventing illness How to tailor a diet approach that is right for you I recommend it to my patients It s an excellent book to help people understand the relationship between what they eat and how they feel Stephen Rechtstaffen M D Director Omega Institute for Holistic Studies Have a look at this important well thought out book Bon Appetit **Better Eyesight** William H.
