Zahir the Maverick Shahzada Yaqoot, 2020-01-21 The idea of writing this biography occurred while my late wife Fahmida and I were visiting my Unchle Zaheer in Bedford England in April of 2018 Due to Fahmida s illness I was unable to attend Uncle Zahir 90th birthday that was celebrated in Bedford England in 2015 But soon thereafter I gave my promise to him that

Walking Where Jesus Walked Hillary Kaell,2014-07-04 Since the 1950s millions of American Christians have traveled to the Holy Land to visit places in Israel and the Palestinian territories associated with Jesus s life and death Why do these pilgrims choose to journey halfway around the world How do they react to what they encounter and how do they understand the trip upon return This book places the answers to these questions into the context of broad historical trends analyzing how the growth of mass market evangelical and Catholic pilgrimage relates to changes in American Christian theology and culture over the last sixty years including shifts in Jewish Christian relations the growth of small group spirituality and the development of a Christian leisure industry Drawing on five years of research with pilgrims before during and after their trips *Walking Where Jesus Walked* offers a lived religion approach that explores the trip s hybrid nature for pilgrims themselves both ordinary tied to their everyday role as the family s ritual specialists and extraordinary since they leave home in a dramatic way often for the first time Their experiences illuminate key tensions in contemporary US Christianity between material evidence and transcendent divinity commoditization and religious authority domestic relationships and global experience Hillary Kaell crafts the first in depth study of the cultural and religious significance of American Holy Land pilgrimage after 1948 The result sheds light on how Christian pilgrims especially women make sense of their experience in Israel Palestine offering an important complement to top down approaches in studies of Christian Zionism and foreign policy

The Logic of Intersubjectivity Darren M. Slade, 2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren s inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren s actual philosophy of religion What is argued in this book is that McLaren s philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ s religio ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the believer s identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren s philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren s line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale

and intimate relationship between two aspects of American culture **Authentic™** Sarah Banet-Weiser, 2012-11-26 A stimulating smart book on what it means to live in a brand culture Brands are everywhere Branding is central to political campaigns and political protest movements the alchemy of social media and self branding creates overnight celebrities the self proclaimed greening of institutions and merchant goods is nearly universal But while the practice of branding is typically understood as a tool of marketing a method of attaching social meaning to a commodity as a way to make it more personally resonant with consumers Sarah Banet Weiser argues that in the contemporary era brands are about culture as much as they are about economics That in fact we live in a brand culture Authentic™ maintains that branding has extended beyond a business model to become both reliant on and reflective of our most basic social and cultural relations Further these types of brand relationships have become cultural contexts for everyday living individual identity and personal relationships what Banet Weiser refers to as brand cultures Distinct brand cultures that at times overlap and compete with each other are taken up in each chapter the normalization of a feminized self brand in social media the brand culture of street art in urban spaces religious brand cultures such as New Age Spirituality and Prosperity Christianity and the culture of green branding and shopping for change In a culture where graffiti artists loan their visions to both subway walls and department stores buying a cup of fair trade coffee is a political statement and religion is mass marketed on t shirts Banet Weiser questions the distinction between what we understand as the authentic and branding practices But brand cultures are also contradictory and potentially rife with unexpected possibilities leading Authentic™ to articulate a politics of ambivalence creating a lens through which we can see potential political possibilities within the new consumerism **The Encroaching Desert:**
