

Holy Sonnet 14

Batter my heart, three-person'd God ; for you
As yet but knock ; breathe, shine, and seek to mend ;
That I may rise, and stand, o'erthrow me, and bend
Your force, to break, blow, burn, and make me new.
I, like an usurp'd town, to another due,
Labour to admit you, but O, to no end.
Reason, your viceroy in me, me should defend,
But is captiv'd, and proves weak or untrue.
Yet dearly I love you, and would be loved fain,
But am betroth'd unto your enemy ;
Divorce me, untie, or break that knot again,
Take me to you, imprison me, for I,
Except you enthrall me, never shall be free,
Nor ever chaste, except you ravish me.

John Donne and the Protestant Reformation Mary Arshagouni Papazian, 2003 This collection of thirteen essays by an international group of scholars focuses on the impact of the Protestant Reformation on Donne's life theology poetry and prose The early transition from Catholicism to Protestantism was a complicated journey for England as individuals sorted out their spiritual beliefs chose their political allegiances and confronted an array of religious differences that had sprung forth in their society since the reign of Henry VIII Inner anxieties often translated into outward violence Amidst this turmoil the poet and Protestant preacher John Donne 1572-1631 emerged

as a central figure one who encouraged peace among Christians Raised a Catholic but ordained in 1615 as an Anglican clergyman Donne publicly identified himself with Protestantism and yet scholars have long questioned his theological orientation Drawing upon recent scholarship in church history the authors of this collection reconsider Donne s relationship to Protestantism and clearly demonstrate the political and theological impact of the Reformation on his life and writings The collection includes thirteen essays that together place Donne broadly in the context of English and European traditions and explore his divine poetry his prose work the Devotions Upon Emergent Occasions and his sermons It becomes clear that in adopting the values of the Reformation Donne does not completely reject everything from his Catholic background Rather the clash of religion erupts in his work in both moving and disconcerting ways This collection offers a fresh understanding of Donne s hard won irenicism which he achieved at great personal and professional risk *John Donne in the Time of COVID* Mary Ann Antley,2022-11-30 In 1623 John Donne dean of Saint Paul s Cathedral in London suddenly fell ill of a pestilential illness He took notes during this near fatal illness and published them as Devotions Upon Emergent Occasions in 1624 It is in the context of devotional literature that this book has formerly been studied If however the work is read with specific attention focused on the dynamics of Donne s psychological responses to a serious illness it may be seen to be the powerful dramatic presentation of his struggle for emotional and spiritual survival following the disruption of a previously accepted value system Our population today has experienced many of these feelings in facing illness isolation and death during the course of COVID 19 We are all Donne He gives us a voice from four hundred years in the past **How to Read Slowly** James W. A. Hodgson,1999 This first book length feminist study of

Donne argues that his sacred subject position is ambivalently and illustratively invested in cultural archetypes of mothers daughters and brides The chapters focus on baptism marriage and death as key moments in Donne s and his culture s construction of the gendered soul Scents and Sensibility Catherine Maxwell,2017-10-20 This lively accessible book is the first to explore Victorian literature through scent and perfume presenting an extensive range of well known and unfamiliar texts in intriguing and imaginative new ways that make us re think literature s relation with the senses Concentrating on aesthetic and decadent authors Scents and Sensibility introduces a rich selection of poems essays and fiction exploring these texts with reference to both the little known cultural history of perfume use and the appreciation of natural fragrance in Victorian Britain It shows how scent and perfume are used to convey not merely moods and atmospheres but the nuances of the aesthete or decadent s carefully cultivated identity personality or sensibility A key theme is the emergence of the olfactif the cultivated individual with a refined sense of smell influentially represented by the poet and critic Algernon Charles Swinburne who is emulated by a host of canonical and less well known aesthetic and decadent successors such as Walter Pater Edmund Gosse John Addington Symonds Lafcadio Hearn Michael Field Oscar Wilde Arthur Symons Mark Andr Raffalovich Theodore Wratislaw and A Mary F Robinson This book explores how scent and perfume pervade the work of these authors in many different ways signifying such diverse things as style atmosphere influence sexuality sensibility spirituality refinement individuality the expression of love and poetic creativity and the aura of personality dandyism modernity and memory A coda explores the contrasting twentieth century responses of Virginia Woolf and Compton Mackenzie to the scent of Victorian literature Ovidian Myth and Sexual Deviance in Early Modern English Literature S.
