contribute to the war effort makes the assignment even better She arrives in Dayton Ohio to learn the engineers and military professionals don't take her seriously at all Why is it so hard to believe that she's more than a pretty face Mark Miller believes the WAVES are an unneeded distraction the top secret project he's assigned to is critical to the war and he and his team must focus on cracking the enigma code Nothing they try works until a beautiful ensign offers solutions that help the engineers succeed in their mission He's not sure what to think about her but has to admit that she's brilliant enough to see the problem from a fresh perspective He's never met anyone like her and wants to know more When the actions of a spy put both Mark and Evelyn under suspicion their loyalties to the country and each other are tested Will their blossoming relationship survive or be another casualty of war Click send a free sample and start reading now Other books in this series Canteen Dreams Sandhill Dreams Captive Dreams A Promise Forged A Promise Kept *The Victorian Homefront* Louise L. Glickman, 2009-06-10 A definitive history of consumer activism *Buying Power* traces the lineage of this political tradition back to our nation's founding revealing that Americans used purchasing power to support causes and punish enemies long before the word boycott even entered our lexicon Taking the

Boston Tea Party as his starting point Lawrence Glickman argues that the rejection of British imports by revolutionary patriots inaugurated a continuous series of consumer boycotts campaigns for safe and ethical consumption and efforts to make goods more broadly accessible He explores abolitionist led efforts to eschew slave made goods African American consumer campaigns against Jim Crow a 1930s refusal of silk from fascist Japan and emerging contemporary movements like slow food Uncovering previously unknown episodes and analyzing famous events from a fresh perspective Glickman illuminates moments when consumer activism intersected with political and civil rights movements He also sheds new light on activists relationship with the consumer movement which gave rise to lobbies like the National Consumers League and Consumers Union as well as ill fated legislation to create a federal Consumer Protection Agency
