Homecoming Activities Ideas:

A Time to Love Billie Cantrell McNabb Maguire, 2011-11-01 It was an age of innocence and sometimes ignorance I want to memorialize what a wonderful era it was in which to be a child and to grow old It began as a chronological biography but that was not the way life is lived Stuff happens and reappears appears and disappears changes and remains the same Thus my memories and emotions became a haphazard collection of short sketches and stories Early on the decision was made to mainly include the good stuff We begin this saga with my grandmother Jenny s story the matriarch of the clan Jenny Cantrell was born October 29 1858 in a farmhouse near Red Sulphur Springs She is one half of a set of twin daughters born to James and Elizabeth Ratliff Mrs Cantrell grew up on a farm in Mercer County near Littleburg One year a young Charlestonian James M Cantrell came to Mercer County to take an interest in the mines They fell in love and at 16 years of age Jenny Ratliff became his bride

Student Activities in Today's Schools Edward J. Klesse, 2004 What are student activities Why do schools have student activity groups What are the benefits for students schools and communities These are some of the questions that Student Activities in Today s Schools addresses Klesse has reviewed relevant educational research to provide an overview of the essential learning for all youth that is available from participation What are those benefits and who benefits Why don t all young people participate Are there ways to make student activity programs in schools more inclusive What will these programs look like in 5 10 and 15 years Schools must educate and develop our youth to meet the challenge of participation and survival in a global economy The skills learned through student activities provide the foundation for adult participation as citizens of our democracy So how do we best prepare our young people for the future Read this book to find out

Events, Places and Societies Nicholas Wise, John Harris, 2019-03-21 Events can be synonymous with a particular place helping shape and promote a location Given the rise of the global events industry this book uncovers how events impact upon places and societies looking at a range of different events and geographical scales Geographers are concerned with how notions of space and place impact people communities and identity and events have played a central role in how places are perceived consumed and even contested This book will discuss international event cases to frame knowledge around the increased demands pressures and complexities that globalisation transnationalism regeneration and competitiveness has put on events places and societies Integrating discussions of theory and practice this book will explore the range of conceptual perspectives linked to how geographers and sociologists understand events and the role events play in contemporary times This involves recognizing histories and planning strategies the purpose of bidding for an event or the local meanings that have emerged and changed in the place This helps us analyse how events have the potential to redefine place identities This international edited collection will appeal to academics across disciplines such as geography planning and sociology as well as students on events management and events studies courses
