Malady of the Mind Jeffrey A. Lieberman, 2023-02-21
This portrait of schizophrenia the most malignant and least understood mental illness by renowned psychiatrist Jeffrey Lieberman Chair of Columbia's legendary Psychiatry department interweaves cultural and scientific history with dramatic patient portraits and clinical experiences to impart a revolutionary message of hope that for the first time in human history schizophrenia can not just be effectively treated but even prevented

Sound, Sense, and Rhythm Mark W. Edwards, 2009-01-10
This book concerns the way we read or rather imagine we are listening to ancient Greek and Latin poetry Through clear and penetrating analysis Mark Edwards shows how an understanding of the effects of word order and meter is vital for appreciating the meaning of classical poetry composed for listening audiences The first of four chapters examines Homer's emphasis of certain words by their positioning a passage from the Iliad is analyzed and a poem of Tennyson illustrates English parallels The second considers Homer's techniques of disguising the break in the narrative when changing a scene's location or characters to maintain his audience's attention In the third we learn partly through an English translation matching the rhythm how Aeschylus chose and adapted meters to arouse listeners' emotions The final chapter examines how Latin poets particularly Propertius infused their language with ambiguities and multiple meanings An appendix examines the use of classical meters by twentieth century American and English poets Based on the author's Martin Classical Lectures at Oberlin College in 1998 this book will enrich the appreciation of classicists and their students for the immense possibilities of the languages they read translate and teach Since the Greek and Latin quotations are translated into English it will also be welcomed by non classicists as an aid to understanding the enormous influence of

ancient Greek and Latin poetry on modern Western literature **The Reception of Aristotle's Poetics in the Italian Renaissance and Beyond** Bryan Brazeau, 2020-04-16 Using new and cutting edge perspectives this book explores literary criticism and the reception of Aristotle's Poetics in early modern Italy Written by leading international scholars the chapters examine the current state of the field and set out new directions for future study The reception of classical texts of literary criticism such as Horace's Ars Poetica Longinus's On the Sublime and most importantly Aristotle's Poetics was a crucial part of the intellectual culture of Renaissance Italy Revisiting the translations commentaries lectures and polemic treatises produced the contributors apply new interdisciplinary methods from book history translation studies history of the emotions and classical reception to them Placing several early modern Italian poetic texts in dialogue with twentieth century literary theory for the first time The Reception of Aristotle's Poetics in the Italian Renaissance and Beyond models contemporary practice and maps out avenues for future study **Thus Burst Hippocrene** Laurence Wong, 2019-01-17 Thus Burst Hippocrene Studies in the Olympian Imagination is a collection of nine papers in comparative literature Discussing the greatest Olympians in world literature including Homer Aeschylus Sophocles Euripides Dante Shakespeare Milton Li Bo Du Fu and the Bible authors it is both daring in conception and wide ranging in scope Freely drawing on the author's knowledge of Classical Greek Latin Italian French German Spanish English and Chinese as well as on his conversance with the literatures of these languages the papers are truly comparative making discoveries unique to the author's characteristic multi lingual multi cultural approach In going through the book the reader will be pleasantly surprised by its originality by its amazing depth and breadth and by the new light it sheds on topics that are of interest to scholars and students of comparative literature Written in lucid language with no pretentious jargon it will also appeal to the general reader who picks up a book simply for the joy of reading or for horizon broadening without tears **National Union Catalog** ,1982 Includes entries for maps and atlases **Don't Forget to Live** Pierre Hadot, 2023-04-05 In Don't Forget to Live the final book penned before his death in 2010 renowned French philosopher Pierre Hadot focuses our attention on Goethe and the long tradition of spiritual exercises As Hadot explains the term spiritual exercise has nothing to do with religion as we might assume Instead spiritual exercises are acts of the intellect imagination or will that are characterized by their purpose Thanks to these exercises a person strives to transform how they see the world the self and the relationship between the two The exercises do not work to inform but to form Hadot begins his remarkable study of Goethe with the spiritual exercise of concentrating on the present moment This exercise was dear to Goethe and allows us to experience each moment intensely without being distracted by the weight of the past or the mirage of the future Hadot then explores another exercise the view from above in which we actively take a distance from things so as to help us see them in perspective He then turns our attention to Goethe's poem Urworte in which the focus is on hope a figure who represents a fundamental attitude we should cultivate Through Hadot's masterful treatment of these three exercises we clearly grasp Goethe's deep love for life despite

its pains and fears and this deep love serves as a powerful reminder for us to live as well **National Union Catalog, 1982**
,1983 **Dante's Modernity** Claude Lefort,Judith Revel,2020-02-04 Claude Lefort one of the most prominent political philosophers of the twentieth century reads Dante s Monarchia and demonstrates the surprising relevance of this radical fourteenth century treatise defending the necessity of a universal monarchy independent from the Church Written to accompany a new French translation of Dante s treatise in 1993 and appearing here for the first time in English Lefort s essay exemplifies his signature method of taking political philosophy in new directions by reframing key works from the history of political thought Dante s Monarchia was attacked early on by the Church burned as heretical in 1329 and remained on the Vatican s index of prohibited works until 1881 With trenchant insight and his characteristic attention to detail Lefort pursues the often hidden influence of Dante s long suppressed treatise on the politics and political thought of subsequent centuries He also challenges us to explore its still unrealized potential by disentangling Dante s notion of universal sovereignty from its historical links to imperialism and nationalism Drawing out the provocation of Dante s treatise for contemporary debates Lefort s essay presents readers of Dante with a remarkably fresh account of an oft neglected yet crucial part of the author s oeuvre In her extensive interpretive essay Judith Revel submits Lefort s encounter with Dante to a transformative mis reading and shows the importance of Dante s text for Lefort s conception of political philosophy She carefully reconstructs its radical legacy all too frequently reduced to a postmarxist turn or even mistaken for an affirmation of liberal democracy The two essays are accompanied by a note from their translator Jennifer Rushworth and a preface by Christiane Frey **Whitaker's Cumulative Book List** ,1935 A Catalog of Books Represented by Library of Congress Printed Cards Issued to July 31, 1942 ,1942 **General Catalogue of Printed Books to 1955** British Museum. Otero,2023-04-13 Graphical depictions of abstract concepts have played a major role in the formulation and communication of ideas since prehistoric times The invention of photography in the nineteenth century and more recent advances in visualization techniques have catalyzed an enormous wealth of insights into every field of science and engineering by extending our senses far beyond our natural sensorial capabilities The field of porous media has also benefited enormously from these developments in visualization techniques Indeed improvements in these techniques have led to the better morphological characterization of porous media and an enhanced understanding of the assorted physical processes such as mass transport capillarity swelling and fracturing that can occur at the pore level These observations in turn have led to superior usage practices for existing porous materials and the design of new products with porous media Therefore this bilingual English Spanish album is aimed at providing a

collection of state of the art visualizations of the diverse aspects of porous media that will serve as a reference in education and research To cover all these aspects properly the album is organized into seven thematic parts Each part includes a collection of chapters with images accompanied by a brief English Spanish description of the novelty of the observation the visualization technique used and the phenomenological insights gained Las representaciones gráficas de conceptos abstractos han jugado un papel importante en la formulación y comunicación de ideas desde tiempos prehistóricos La invención de la fotografía en el siglo XIX y los avances más recientes en las técnicas de visualización han catalizado una enorme riqueza de conocimientos en todos los campos de la ciencia y la ingeniería al extender nuestros sentidos mucho más allá de nuestras capacidades sensoriales naturales El campo de los medios porosos también se ha beneficiado enormemente de estos avances en las técnicas de visualización De hecho las mejoras en estas técnicas han llevado a una mejor caracterización morfológica de los medios porosos y una mejor comprensión de los diversos procesos físicos como el transporte de masa la capilaridad la hinchazón y la fractura que pueden ocurrir a nivel de poro Estas observaciones a su vez han llevado a mejores prácticas de uso para los materiales porosos existentes y al diseño de nuevos productos con medios porosos Por lo tanto este álbum bilingüe inglés y español tiene como objetivo proporcionar una colección de visualizaciones del estado del arte de los diversos aspectos de los medios porosos que servirán como referencia en la educación y la investigación Para cubrir adecuadamente todos estos aspectos el álbum está organizado en siete partes temáticas Cada parte incluye una colección de capítulos con imágenes acompañadas de una breve descripción en inglés y español de la originalidad de la observación la técnica de visualización utilizada y los conocimientos fenomenológicos obtenidos [Library Catalog](#) Metropolitan Museum of Art (New York, N.Y.).
