

Hetero- en homosexualiteit

- Alleen vanuit de idee dat sexualiteit in dienst van de voorplanting staat is homosexualiteit (en andere geaardheden, bijv. transgender. (M.V.)) is het dat men negatief over deze geaardheden oordeelt.
- De corticale sexualiteit-ten-behoeve-van-de-voortplantingsrelatie opvatting heeft veel schade aan de mens toegebracht (blz. 113).

L. McCallum, Mikko Tuhkanen, 2014-11-17 The Cambridge History of Gay and Lesbian Literature presents a global history of the field and is an unprecedented summation of critical knowledge on gay and lesbian literature that also addresses the impact of gay and lesbian literature on cognate fields such as comparative literature and postcolonial studies Covering subjects from Sappho and the Greeks to queer modernism diasporic literatures and responses to the AIDS crisis this volume is grounded in current scholarship It presents new critical approaches to gay and lesbian literature that will serve the needs of students and specialists alike Written by leading scholars in the field The Cambridge History of Gay and Lesbian Literature will not only engage readers in contemporary debates but also serve as a definitive reference for gay and lesbian literature for years to come **Gay Life in Dutch Society** A. X. van Naerssen, 1987 Learn how a society can foster understanding and acceptance of homosexuality This important and unique volume documents gay life in The Netherlands from the early 1700s to the present Respected scholars from The Netherlands provide a comprehensive insider's look at the presentation of homosexuality in Dutch instruction books for youths constitutional protection against discrimination of gays theories on homosexuality among leading Dutch therapists lesbian emancipation and much more **Liefde en sexualiteit in het studentenleven** Pieter Cornelis Kuiper, 1967 Handbook of Medieval Sexuality Vern L. Bullough, James Brundage, 2013-01-11 Like specialists in other fields in humanities and social sciences medievalists have begun to investigate and write about sex and related topics such as courtship concubinage divorce marriage prostitution and child rearing The scholarship in this significant volume asserts that sexual conduct formed a crucial role in the lives thoughts hopes and fears both of individuals and of the institutions that they created in the middle ages The absorbing subject of sexuality in the Middle Ages is examined in 19 original articles written specifically for this Handbook by the major authorities in their scholarly specialties The study of medieval sexuality poses problems for the researcher indices in standard sources rarely refer to sexual topics and standard secondary sources often ignore the material or say little about it Yet a vast amount of research is available and the information is accessible to the student who knows where to look and what to look for This volume is a valuable guide to the material and an indicator of what subjects are likely to yield fresh scholarly rewards *South Africa and the Dream of Love to Come* Brenna M. Hungochani, Second Edition Marc Epprecht, 2013-04-01 In the tapestry of global queer cultures Africa has long been neglected or stereotyped In Hungochani Marc Epprecht seeks to change these limited views by tracing Southern Africa's history and traditions of homosexuality modern gay and lesbian identities and the vibrant gay rights movement that has emerged since the 1980s Epprecht explores the diverse ways African cultures traditionally explained same sex sexuality and follows the emergence of new forms of gender identity and sexuality that evolved with the introduction of capitalism colonial rule and Christian education Using oral testimony memoirs literature criminal court records and early government enquiries from the eighteenth century to the present he traces the complex origins of homophobia By bringing forth a wealth of evidence about once hidden sexual behaviour Epprecht contributes to the honest open discussion that is urgently needed in the battle against HIV AIDS Homosexuality or hungochani as it is known in Zimbabwe has been denounced by many politicians and church leaders as an example of how Western decadence has corrupted African traditions However a bold new gay rights movement has emerged in several of the countries of the region since the 1980s offering an exciting new dimension in the broad struggle for human rights and democracy unfolding on the continent In a new preface to this edition Epprecht considers the recent advances of equality on the continent such as the legalization of same sex marriage in South Africa as well as discriminatory setbacks such as Uganda's anti homosexuality legislation *Homoseksualiteit als klacht* W.
