1976 considers the rapid rate of economic growth in Kenya combined with its apparent political stability to determine whether or not this is indeed a case of growth without development and if so where the responsibility for aid lies in this situation. The book concludes that while Kenyan growth has not been to an ideal pattern accompanied by an increase in inequality there is little or no reason to believe that living standards have not improved. It examines the impact of aid on Kenya's progress at both the microeconomic and macroeconomic level and provides an institutional study of the impact of aid on Kenyan Government policy formation and administration and a discussion of British aid's political purposes and influence in Kenya. The authors conclude that some of the effects predicted by the critics of aid are visible but that the net effect on general living standards has been strongly positive, concluding that the problems constitute a case for improving aid procedures but not against aid itself.

From Rio+20 to a New Development Agenda Felix Dodds, Jorge Laguna-Celis, Liz Thompson, 2014-01-21 Twenty years after the United Nations Conference on Environment and Development The Earth Summit the Rio 20 conference in 2012 brought life back to sustainable development by putting it at the centre of a new global development partnership one in which sustainable development is the basis for eradicating poverty upholding human development and transforming economies. Written by practitioners and participants involved in the multilateral process of negotiations this book presents a unique insider analysis of not only what happened and why but also where the outcomes might impact in the future particularly in the UN development agenda beyond 2015. The book throws light on the changing nature of multilateralism and questions frequent assumptions on how policy is defined within the UN. It shows that Rio 20 was more than an international meeting it represented a culminating point of decades of successes and failures and a watershed moment for seminal concepts ideas and partnerships including the Green Economy zero tolerance on land degradation the introduction of Sustainable Development Goals the creation of national measurements of consumption production and well being that are intended to go beyond GDP the introduction of national green accounting and the commitment of billions of dollars for sustainable development partnerships including Sustainable Energy for All. The authors conclude by mapping out a new agenda for development in 2015 when the current Millennium Development Goals framework is due to expire. An agenda that will restore faith in the UN and inspire a global response to the demographic economic and environmental challenges that will define our future in the decades to come.

Aid and Power - Vol 1 Jane Harrigan, Paul Mosley, John Toye, 2013-10-11 When the major aid organizations made flows of aid conditional on changes in policy they prompted an extensive debate in development circles. Aid and Power has made one of the most significant and influential contributions to that debate. This edition has been revised to take account of changes within the World Bank itself and the extension of policy based lending to the formerly socialist economies of east and central

Europe , Hybrid and Internationalised Criminal Tribunals Sarah Williams,2012-04-02 In recent years a number of criminal tribunals have been established to investigate prosecute and try individuals accused of serious violations of international humanitarian law and international human rights law These tribunals have been described as hybrid or internationalised tribunals as their structure and applicable law consist of both international and national elements Six such tribunals are currently in operation the Special Court for Sierra Leone the Extraordinary Chambers in the Courts of Cambodia the International Judges and Prosecutors Programme in Kosovo the War Crimes Chamber for Bosnia and Herzegovina the Iraqi High Tribunal and the Special Tribunal for Lebanon The Special Panels for Serious Crimes in East Timor suspended operation in May 2005 although there continues to be some international involvement in investigation and prosecution of serious crimes Suggestions have also been made that this model of tribunal would be appropriate for the prosecution of atrocities committed in among others Burundi the Sudan the Democratic Republic of Congo Kenya and Liberia as well as for a wider range of international crimes most recently piracy The key aims of this book are to place the model of hybrid and internationalised tribunals in the context of other mechanisms to try international crimes to examine the increasing demand for the establishment of hybrid and internationalised judicial institutions and the factors driving such demand to define the category of hybrid and internationalised tribunals by examining the key features of the existing and proposed hybrid or internationalised tribunals as well as the features of those institutions with international elements that are generally excluded from this category to determine the legal and jurisdictional bases of existing hybrid and internationalised tribunals to analyse how the legal and jurisdictional basis of a tribunal affects other issues such as the applicable law the application of amnesties and immunities and the relationship of the tribunal with the host state third states national courts and other international criminal tribunals The book concentrates on the definitional legal and jurisdictional aspects of hybrid and internationalised criminal tribunals as this has been the subject of some confusion in arguments before the tribunals and in the judgments of the tribunals In its concluding section the book examines the future role of internationalised and hybrid criminal tribunals particularly in light of the establishment of the ICC and the potential use of such tribunals in other contexts It also assesses how hybrid and internationalised tribunals fit into a multi layered framework of international criminal law and transitional justice **Spectrum Guide to Kenya** Mohamed Amin,1993
