Life With Death Mark Alan Elliott, 2025-10-08 Life With Death is important reading for anyone coming to terms with their own mortality cycle of life related spirituality and the loss of loved ones which means essentially everyone Life with Death bears witness to a human element common to all of us as we age the cascading passing of loved ones not so loved ones and the icons that shaped and colored the world of each respective generation As well the concept of our own mortality ignites an intense pause for reflection as it must for all of us in our respective end Life With Death is the author s own and a few others journey along death s path an examination of coming to terms with family and friends dying as well as facing one s own impending mortality The composing of Life With Death was an organic undertaking precipitated by the death of the author s mother and father and his seemingly heartless reaction to their passing while at the same time coming completely unglued as a result of the loss of a few dear friends and a pet From the combination of those experiences the author was compelled to try to make sense of his mixed bag of feelings and emotions through writing his thoughts and feelings down and the book spontaneously exploded from there We are all forced to face the inevitable reality of living with others dying and our own death and so this book is universal Life with Death is a way for readers to learn that they are not alone that their thoughts worries fears and curiosities are not dauntingly unique and therefore not insurmountable Life with Death appeals to all adults and especially middle aged and baby boomer readers At times Life with Death will make you laugh Other times the book will make you cry Sometimes you will be mad at the author at your loved ones at the world For sure Life with Death will touch your heart and challenge your mind
