 White, 2024-06-07 Developed for the International Association for Trauma Surgery and Intensive Care IATsIC the Manual of
 Definitive Surgical Trauma Care 6e is ideal for training all surgeons and anaesthetists who manage trauma on an infrequent
 basis The Manual is updated every 4 years and reflects the most recent developments in patient management based on new
 evidence based information Its focus is on the importance of the multidisciplinary care of the trauma surgical patient This
 sixth edition has evolved and the all important section on the Non Technical Skills which are required has been expanded A
 significant number of the original guidelines in trauma have been archived as they are no longer pertinent or have been
 superseded The increasing and occasionally harmful role of non operative management NOM has been recognized The
 Military Environments and Austere Environments chapters have been substantially revised to reflect current multinational
 combat experience and broadened to reflect modern asymmetrical conflicts and the increased need for humanitarian
 intervention including military peacekeeping in which only one side wears a uniform Military weapons are used in major
 cities against the civilian population More recently urban non military populations have been the targets and victims of heavy
 military combat including use of ultra sophisticated weaponry Each situation carries its own spectrum of injury and
 responsibility of care Including website access to a selection of videos which provide an anatomic overview of surgical
 approaches this resource provides a gold standard educational and training resource to help prepare the relatively fully
 trained surgeon to manage the difficult injuries that might present to a major trauma centre The Dictionary of the Book
