Holy Men And Women Of The Middle Ages And Beyond:

Holy Men and Women from the Middle Ages and Beyond Pope Benedict XVI, 2012-01-01 The writings of the Fathers of the Church have never been more widely available yet obtaining an exhaustive and userfriendly volume of patristics can still be a daunting task Without realizing it many priests seminarians members of religious communities and even laity already own a patristic library their Liturgy of the Hours In the four volumes of the Liturgy of the Hours the official daily prayer of the Catholic Church there are nearly 600 selections from the writings of Fathers and saints Seeing the potential of this vast collection as a theological resource Milton Walsh has organized these selections by topics according to the four pillars of the Catechism of the Catholic Church This topical concordance allows the reader to compare what the various authors have written on the same themes while a chronological timeline of the readings shows their relationship to each other in time Walsh has also provided background on the liturgical celebrations of the Church as well as historical information on each author In addition there is a chapter on how patristic readings can assist in understanding the Bible This fresh and original presentation of material that is literally at the fingertips of anyone praying the Liturgy of the Hours can be a tremendous aid to both religious devotion and theological study

Holy Men and Women Pope Benedict XVI, 2025-07 Pope Benedict XVI continues his exploration of the greatest teachers and role models in the history of the Church with these sketches of twenty six men and women from the Middle Ages and beyond From the start of his pontificate the Pope has used his Wednesday audiences to present the timeless wisdom that has been expressed in the writings and lives of holy men and women down through the ages He began with the Apostles and then moved to the Fathers of the Church Next he presented the great Christian teachers of the late Roman Empire and the early Middle Ages In this volume he picks up the thread in the high Middle Ages with the inspirational St Francis and St Dominic followed by some of the men and women they profoundly influenced such as Clare Bonaventure and Thomas Aquinas The collection goes beyond the Middle Ages and includes some Counter Reformation saints for example Teresa of Avila John of the Cross and Robert Bellarmine It concludes with a very popular saint closer to our own times who was made a Doctor of the Church by Pope John Paul II Th r se of Lisieux The theme that unites these men and women across time is the constant need of the Church for renewal In every generation God raises up holy ones who challenge Christians to live as they ought as true disciples of Christ

Beyond Pleasure Evert Peeters, Leen Van Molle, Kaat Wils, 2011-04-01 Asceticism so it is argued in this volume is a modern category The ubiquitous cult of the body of fitness and diet equally evokes the ongoing success of ascetic practices and beliefs Nostalgic memories of hardship and discipline in the army youth movements or boarding schools remain as present as the fashionable irritation with the presumed modern day laziness In the very texture of contemporary culture age old asceticism proves to be remarkably alive Old ascetic forms were remoulded to serve modern desires for personal authenticity an authenticity that disconnected asceticism in the course of the nineteenth century from two traditions that had underpinned it since classical antiquity the public republican austerity of antiquity and the private religious asceticism of Christianity Exploring various aspects such as the history of the body of aesthetics science and social thought in several European countries Great Britain France Germany Austria and Belgium the

authors show that modern asceticism remains a deeply ambivalent category Apart from self realisation classical and religious examples continue to haunt the ascetic mind

Dreaming in Byzantium and Beyond George T. Calofonos, 2016-05-13 Although the actual dreaming experience of the Byzantines lies beyond our reach the remarkable number of dream narratives in the surviving sources of the period attests to the cardinal function of dreams as vehicles of meaning and thus affords modern scholars access to the wider cultural fabric of symbolic representations of the Byzantine world Whether recounting real or invented dreams the narratives serve various purposes such as political and religious agendas personal aspirations or simply an author s display of literary skill It is only in recent years that Byzantine dreaming has attracted scholarly attention and important publications have suggested the way in which Byzantines reshaped ancient interpretative models and applied new perceptions to the functions of dreams This book the first collection of studies on Byzantine dreams to be published aims to demonstrate further the importance of closely examining dreams in Byzantium in their wider historical and cultural as well as narrative context Linked by this common thread the essays offer insights into the function of dreams in hagiography historiography rhetoric epistolography and romance They explore gender and erotic aspects of dreams they examine cross cultural facets of dreaming provide new readings and contextualize specific cases they also look at the Greco Roman background and Islamic influences of Byzantine dreams and their Christianization The volume provides a broad variety of perspectives including those of psychoanalysis and anthropology

Reaching Beyond Stanley M. Burgess, 2009-07-01 Throughout recorded history mankind has attempted to define perfection This always has been a most perplexing task almost as difficult as attaining perfection once the term has been defined One of the most vexing problems facing the perfectionist has been how to elevate themselves above matter especially the body in order to emulate their god model Reaching Beyond Chapters in the History of Perfectionism highlights the concept of perfection in primitive man in both Old and New Testaments and in a variety of perfectionist individuals and movements throughout Christian history including the Montanists the Medieval Apocalypticist Joachim of Fiore the rationalist Thomas Aquinas a leading Eastern Orthodox mystic St Symeon the New Theologian Calvin and his followers early modern

Puritans and later primitivists and the Pentecostals who strive for both purity and preparation In short this book is a study of the human perfectionist impulse and its motivations In certain cases perfectionism is a reaction against limitation inadequacy incompleteness and evil a rejection of comfortable popular religion In other instances perfectionism is a more positive effort a striving after holiness or knowledge a preparation for the parousia or a quest for a return to primitive religious roots

Cathedral in Moscow's Red Square is a familiar Russian landmark Yet few people know what made Basil so famous He was a saint who wandered about naked bullied passers by brawled in the market place and once even smashed a revered icon Saints such as Basil overturn the conventional concept of sainthood what we may ask is saintly about them This book aims to solve the mystery by exploring the figure of the holy fool in Byzantium and in later Russian history [Beyond the Northlands](#) Eleanor Rosamund Barraclough, 2016-10-19 In the dying days of the eighth century the Vikings erupted onto the international stage with brutal raids and slaughter The medieval Norsemen may be best remembered as monk murderers and village pillagers but this is far from the whole story Throughout the Middle Ages long ships transported hairy northern voyagers far and wide where they not only raided but also traded explored and settled new lands encountered unfamiliar races and embarked on pilgrimages and crusades The Norsemen travelled to all corners of the medieval world and beyond north to the wastelands of arctic Scandinavia south to the politically turbulent heartlands of medieval Christendom west across the wild seas to Greenland and the fringes of the North American continent and east down the Russian waterways trading silver skins and slaves *Beyond the Northlands* explores this world through the stories that the Vikings told about themselves in their sagas But the depiction of the Viking world in the Old Norse Icelandic sagas goes far beyond historical facts What emerges from these tales is a mixture of realism and fantasy quasi historical adventures and exotic wonder tales that rocket far beyond the horizon of reality On the crackling brown pages of saga manuscripts trolls dragons and outlandish tribes jostle for position with explorers traders and kings To explore the sagas and the world that produced them Eleanor Rosamund Barraclough now takes her own trip through the dramatic landscapes that they describe Along the way she illuminates the rich but often confusing saga accounts with a range of other evidence archaeological finds rune stones medieval world maps encyclopaedic manuscripts and texts from as far away as Byzantium and Baghdad As her journey across the Old Norse world shows by situating the sagas against the revealing background of this other evidence we can begin at least to understand just how the world was experienced remembered and imagined by this unique culture from the outermost edge of Europe so many centuries ago

Writing and Religion in England and Beyond, 650-1100 Diane Watt,2019-12-12 Women s literary histories usually start in the later Middle Ages but recent scholarship has shown that actually women were at the heart of the emergence of the English literary tradition Women Writing and Religion in England and Beyond 650 1100 focuses on the period before the so called Barking Renaissance of women s writing in the 12th century By examining the surviving evidence of women s authorship as well as the evidence of women s engagement with literary culture more widely Diane Watt argues that early

women's writing was often lost, suppressed or deliberately destroyed. In particular, she considers the different forms of male overwriting to which she ascribes the multiple connotations of destruction, preservation, control and suppression. She uses the term to describe the complex relationship between male authors and their female subjects to capture the ways in which texts can attempt to control and circumscribe female autonomy. Written by one of the leading experts in medieval women's writing, *Women Writing and Religion in England and Beyond 650-1100* examines women's literary engagement in monasteries such as Ely, Whitby, Barking and Wilton Abbey as well as letters and hagiographies from the 8th and 9th centuries. Diane Watt provides a much needed look at women's writing in the early medieval period that is crucial to understanding women's literary history more broadly.
