Key Concepts In Political Communication Sage Key Concepts Series:

Key Concepts in Political Communication. Sage Key Concepts ,2006 This is a systematic and accessible introduction to the critical concepts structures and professional practices of political communication Lilleker presents over 50 core concepts in political communication which cement together various strands of theory From aestheticisation to virtual politics he explains illustrates and provides selected further reading He considers both practical and theoretical issues central to political communication and offers a critical assessment of recent developments in political communication **Key Concepts in Political Communication** Darren G Lilleker,2006-02-15 Publisher description *The Handbook of Political Economy of Communications* Janet Wasko,Graham Murdock,Helena Sousa,2014-03-03 Over the last decade political economy has grown rapidly as a specialist area of research and teaching within communications and media studies and is now established as a core element in university programmes around the world The Handbook of Political Economy of Communications offers students and scholars a comprehensive authoritative up to date and accessible overview of key areas and debates Combines overviews of core ideas with new case study materials and the best of contemporary theorization and research Written many of the best known authors in the field Includes an international line up of contributors drawn from the key markets of North and Latin America Europe Australasia and the Far East Nation Branding, Public Relations and Soft Power Pawel Surowiec,2016-08-05 Nation Branding Public Relations and Soft Power Corporatizing Poland provides an empirically grounded analysis of changes in the way in which various actors seek to manage Poland s national image in world opinion It explores how and why changes in political economy have shaped these actors and their use of soft power in a way that is influenced by public relations corporate communication and marketing practices By examining the discourse and practices of professional nation branders who have re shaped the relationship between collective identities and national image management it plots changes in the way in which Poland s national image is communicated and culturally reshaped creating tensions between national identity and democracy The book demonstrates that nation branding is a consequence of the corporatization of political governance soft power and national identity while revealing how the Poland brand is shaping public and foreign affairs Challenging and original this book will be of interest to scholars in public relations corporate communications political marketing and international relations **Handbook of Victims and Victimology** Sandra Walklate,2012-08-21 The study of criminal victimisation has developed to the stage where by victimology is now regarded as a central component to the study of crime and criminology This focus of concern has been matched by the growth and development of support services for the victim of crime alongside increasing political concern with similar issues The central purpose of this book is to bring together leading scholars to produce an authoritative handbook on victims and victimology that gives due consideration to these developments It will be concerned to reflect contemporary academic policy and political debates on the nature extent and impact of criminal victimisation and policy responses to it This book provides a overview of

the importance of the role of the victim in the criminal justice system with an analysis of the different theoretical perspectives within victimology explores the relationship between victimisation and feminism with particular focus on domestic and sexual violence analyses criminal justice policy and service delivery in relation to victims of crime looking at developments within the UK and international perspectives This handbook will be fundamental reading for students and academics studying victims and victimology and an essential reference tool for those working within the victim support environment

The Public Relations Handbook Alison Theaker, 2020-10-26 The Public Relations Handbook 6th edition provides an engaging in depth exploration of the dynamic and ever evolving public relations industry Split into four parts exploring key conceptual themes in public relations the book offers an overview of topics including strategic public relations politics and the media media relations in the social media age strategic communication management public relations engagement in the not for profit sector activism and public relations and the effects of globalisation and technology on the field Featuring wide ranging contributions from key figures in the PR profession this new edition presents fresh views on corporate social responsibility public relations and politics corporate communication globalisation not for profit financial and public sector public relations The book also includes a discussion of key critical themes in public relations research and exploratory case studies of PR strategies in a variety of institutions including Extinction Rebellion Queen Margaret University Mettis Aerospace and Battersea Cats and Dogs Home Containing student friendly features including clear chapter aims analytical discussion questions and key further reading throughout the text The Public Relations Handbook is an ideal resource for students of public relations corporate and strategic communications and media studies

Contradictions of Terrorism Sandra Walklate, Gabe Mythen, 2014-09-15 Over the last fifteen years there has been a significant growth in literature dealing with terrorism Nevertheless scholars within mainstream criminology have only recently begun to grapple with the problem of terrorism in a sustained fashion In this provocative book the authors provide both an exposition of the contradictions that have emerged around the regulation of terrorism and an incisive analysis of the questions that the management of terrorism poses for the discipline Focusing primarily on the processes and practices that have emerged in the United States and the United Kingdom the book provides a critical account of the political construction mediation and regulation of terrorist threat since the events of 9 11 The authors explore the ways in which new institutional modes of risk assessment based on the principle of pre emption have impacted on individuals targeted by them Noting the dilemmas produced by the pre emptive turn the authors also elucidate more recent moves to develop the idea of resilience in counter terrorism and security policy This book will be suitable for academics and students interested in political violence terrorism geopolitics and risk as well as for practitioners and experts working in the security industries

ICISPE 2021 Andi Akhmad Basith Dir, Satwika Paramasatya, Hendra Try Ardianto, 2022-09-20 We proudly present the proceedings of 6th International Conference on Social and Political Enquiries 2021 ICISPE 2021 with the main theme The Politics of Pandemics Governing

Social and Communal Resilience in Times of Crises It focuses on the relation of policy and global network regional integration pandemics regulation human security and local government These issues are important today not only globally but also Indonesia nationally to the local level There are several important issues relating to this both institutionally and the relationships between individuals and groups in supporting the agenda in managing the pandemics More than 130 manuscripts were presented at this conference around 60 of which are selected to be published in proceedings We hope by this conference discussions on the importance of sustainable development will increasingly become an important concern together and bring better response from the government and social relations for development

Research Anthology on Social Media's Influence on Government, Politics, and Social Movements Management Association, Information Resources, 2022-08-26 The advent of social media has had varying effects across fields industries and governments As more individuals rely on this technology its uses continue to develop and expand Social media has forever changed the way in which politics are discussed social movements are formed and how governments interact with the public To fully understand the future of social media further study is required The Research Anthology on Social Media's Influence on Government Politics and Social Movements investigates how social media is used within governments as well as the history behind the technology The book also examines best practices tactics and challenges associated with utilizing social media platforms for social movements Covering key topics such as communication interactive technology and social change this major reference work is ideal for government officials industry professionals policymakers administrators business owners managers

researchers academicians scholars practitioners instructors and students **The ^ABranding of Right-Wing Activism** Khadijah Costley White, 2018-08-02 From the start of Barack Obama's presidency in 2009 conservative populist groups began fomenting political fractiousness dissent and surprising electoral success The Tea Party was one of the major characters driving this story changing the tone tenor and shape of the political landscape one that this book sees as a product of media branding Beyond the creation of the Tea Party this project also investigates what the mass mediated construction of the Tea Party tells us about the current media and cultural moment specifically the role of journalism in a Web 2.0 age and contemporary American notions of democracy citizenship and belonging

Politics, Media and Democracy in Australia Brian McNair, Terry Flew, Stephen Harrington, Adam Swift, 2017-02-10 In Australia as in many comparable democracies the role of the media in the political process is high on the public agenda There is a perception of widespread disillusionment with and disengagement from politics amongst voters and criticism of the media for failing to fulfil their democratic responsibilities adequately This book evaluates public perceptions of the performance of the political media in the context of the declared aims and objectives of media producers From there the authors present findings for improving the capacity of political media to engage and inform their audiences in ways which enhance the quality and popular legitimacy of the democratic process These conclusions are of import not only to Australians but to observers of mediated politics in the UK

the US and other countries where similar debates around the crisis of public communication are on going Permanent Campaigning in Greece in Times of Crisis Panos A. Koliastasis,2022-10-22 This book investigates the phenomenon of permanent campaigning in Greece over the last decade It explores the political communication strategies of three recent successive Greek prime ministers from 2012 until the early months of 2022 to deal with economic migration and pandemic crises from a permanent campaigning perspective Moreover it evaluates and measures for the first time their permanent campaign strategies using the proposed framework of Lilleker and Joathan 2020 and the three following indicators capacity building and strategy paid and owned media and earned media The need for presidents to communicate with public opinion and their dependence on public support is anything but new the difference in the case of the permanent campaign is that the campaign tools methods techniques and personnel follow the elected leader in office in order to back his constant efforts to retain or even increase public approval as well as advance their re election prospects This book aims to extend the research on the permanent campaigning in European parliamentary systems and will be of interest to political communication and campaigning students and researchers Politics, Media and Campaign Language Stephanie Brookes,2017-04-03 Politics Media and Campaign Language is an original groundbreaking analysis of the story of Australian identity told in Australian election campaign language Stephanie Brookes argues that the story of Australian identity is characterized by recurring cycles of anxiety and reassurance which betray a deep underlying feeling of insecurity Introducing the concept of identity security the book focuses on electoral language and demonstrates that election campaigns provide a valuable window into an overlooked part of Australia s political and cultural history Politics Media and Campaign Language reclaims Australian campaign speech and electoral history to tell the story of changing national values and priorities and traces the contours of collective conversations about national identity Comparing Political Communication across Time and Space M. Canel,K. Voltmer,2014-10-29 By using a wide diversity of theoretical and methodological approaches and by encompassing both cross national and longitudinal analyses this volume sheds new light on comparative political communication research such as personalization globalization democratization and the changing nature of journalism **Citizen Perceptions of the European Union** Talke Klara Hoppmann,2010 This book examines user perceptions of European Union institutions and compares them to perceptions communicators within these institutions have of their users Analysing the images both sides have through their interaction on the EUROPA website www.europa.eu helps to to show where communicator intentions and user perceptions do or do not overlap The timeliness of this issue could not be more striking than in the current internal and external debates surrounding the EU e g the No votes on the common constitution With this in mind every possible way of interaction should be reconsidered in order for citizens to get more involved and feel more connected Next to mass media the Internet plays an increasingly important role in people s lives Even though the Internet may not currently be a dominant source of information about the EU relative to other mass media outlets it continues to increase in importance as part of most

people's everyday life in particular for the younger generation who turn to it for information. The main focus of this book is on the integration of both the user and the communicator perspectives. By looking at user needs in comparison to the production processes that determine the information structure of a Web site, the usability of a Web site is defined. The user experience online in turn determines the users' perceptions of the institutions and their attitudes towards the European Union.

Political Communication Carsten Reinemann, 2014-07-28 Against the background of an enormous expansion and diversification of both political communication itself and scientific research into its structures, processes and effects, this volume gives an overview of some of the key theories and findings accumulated by political communication research over the last decades. In order to do so, the volume provides readers with review articles by renowned international authors on various aspects of I the normative, regulatory and conceptual foundations of political communication; II different situations of political communication, e.g. elections, referendums, social movements, media hype, crisis and war; III the activities of and part played by political actors; IV mass media and journalism; V characteristics and typical features of media messages; VI the role played by citizens as well as VII various kinds of effects on citizens. Each section includes several chapters that address specific issues and research problems in the form of comprehensive overviews. Global Risks and Their Impacts on Türkiye Hasret Çomak, Burak Şakir Şeker, Doğan Şafak Polat, Mesut Özel, Murat Koray, 2024-11-26 Today the growing impact of climate change, armed conflicts, social polarization and economic instability threatens the foundations of the global order. These challenges escalate rapidly, fuelled by technological advancements and economic uncertainties that we face on a global scale. Disinformation and misinformation stand out as critical global threats. The pressing issues of cybersecurity, geopolitical tensions, unequal opportunities, inflation, forced migration, economic downturns and environmental degradation present urgent risks that demand immediate attention. The imbalances and inequalities in wealth and resource distribution at all levels breed instability locally, regionally and globally, further amplifying the fragility and volatility of our global system. Beyond the immediate crises, our book delves into the potential repercussions of artificial intelligence and its implications for the geopolitical supply chain in Türkiye. It meticulously unveils how climate change and geopolitical dynamics could severely impact Türkiye's security framework, economic landscape and business sector. In this context, Türkiye must boldly declare its commitment to fostering collaboration among nations, businesses and civil society to effectively address these global challenges. Türkiye's pivotal role in this collective endeavour cannot be overstated, and the country should continue to lead initiatives aimed at collaboration and problem solving. This book offers valuable insights from scholars, experts and industry leaders with the goal of elevating awareness and effectively managing emerging risks at every level. Together, we can navigate these turbulent times and create a more resilient global order.

 Stromback, 2009-10-16 There is increasing awareness of growing similarities in political marketing practices around the
 world Global political marketing is a comprehensive analysis of why how and with what affect parties use political marketing
 in a range of political systems presidential parliamentary two and multi party and established and emerging democracies
 Written by a team of 25 international expert authors the volume explores the impact of systemic features such as the party
 and electoral system analysing how parties use marketing through 14 detailed country studies The book explores the notion

that political marketing is used by parties to both sell and design political products is by no means confined to the opposition and that many opinions besides those of the voters are considered in product design including ideological anchors expert opinion and party members input The authors also explore how other factors impact on political marketing effectiveness such as the ability of governments to communicate delivery stay in touch the role of the media and party unity and culture Finally the work discusses the democratic implications of market oriented parties highlighting the need for debate about the relationship between citizens and governments and the prospects for democracy in the 21st century Including a practitioner perspective as well as rigorous academic analysis this collection provides the first global comprehensive overview of how political parties market themselves it will be of great interest to all scholars of political marketing parties and elections and comparative politics

Populism and Key Concepts in Social and Political Theory, 2023-07-31 This volume aims to generate a dialogue between scholarship on populism and social and political theory It focuses on citizenship class gender cleavages sovereignty accountability participation leadership and parties The volume explores how classical and current theorists developed these categories how they were used by scholars of populism and what populism tells us about their heuristic advantages and limitations The authors of this book have studied populism in Europe the US and Latin America from distinct perspectives The chapters thus focus on experiences in both the Global North and South Contributors are Cecilia Biancalana Paula Diehl Reinhard Heinisch Klaudia Koxha Alfio Mastropaolo Oscar Mazzoleni Enrique Peruzzotti Kenneth M Roberts Luis Roniger and Carlos de la Torre *Populism and Key Concepts in Social and Political Theory* is now available in paperback for individual customers
