Infancy Development From Birth To Age 3:

Infancy Dana Gross, 2018-02-19 The third edition of *Infancy* is a comprehensive and accessible core text for courses in infant development and early childhood development. Gross guides students through a child's developmental stages from birth and up to the first three years of life. Rich in research, the text explores the role of infant development studies and highlights how far we have come in our understanding of a child's first years. Gross's sensitive and engaging teaching voice seamlessly weaves together research and theory with current issues of diversity and culture, prompting students to apply concepts to their own lives and explore the broader implications upon public policies. Updates to the Third Edition include Chapter 7 has been split into two separate chapters on play and learning and cognitive science respectively. Chapter 12 has been folded into the other chapters to better integrate the content on music, media, and technology. A new design highlights updated figures and tables, engaging chapter opening vignettes, and other pedagogy. Revised ancillaries include an instructor's manual and test bank, as well as new PowerPoint slides and a new Companion Website for students.

Infancy Dana Gross, 2023-07-10 The fourth edition of *Infancy* is a comprehensive and accessible core text for courses in infant development and early childhood development. Dana Gross's sensitive and engaging teaching voice seamlessly weaves together research and theory with current issues of diversity and culture. This resource provides students with enough detail to understand methodological issues, explore both practically and theoretically important topics, and engage in thinking critically about development from birth to age three. Each chapter of this newest edition has updated coverage and instructor-friendly materials including diversity, equity, and inclusion topics and perspectives, research practices, new technologies, mental health in child development, and the role and impact of family connections.

Infancy Dana Lynn Gross, 2011 For courses in *Infancy and Early Childhood Development* with a focus on birth to age 3, *Infancy Development from Birth to Age 3* helps students understand the role of infant development research and how they may apply it to their own lives, as well as the broader implications upon public policies. Students are also presented with the relevant historical information in many of the chapters to provide a broader perspective and highlight how far we've come in our understanding of the first 3 years of life. Issues of diversity and multicultural experience are also incorporated, illustrating how nature and nurture work together.

Infancy + MySearchLab Dana Gross, 2008-12 MySearchLab provides students with a complete understanding of the research process so they can complete research projects confidently and efficiently. Students and instructors with an internet connection can visit www.MySearchLab.com and receive immediate access to thousands of full articles from the EBSCO ContentSelect database. In addition, MySearchLab offers extensive content on the research process itself, including tips on how to navigate and maximize time in the campus library, a step-by-step guide on writing a research paper, and instructions on how to finish an academic assignment with endnotes and bibliography. *Infancy* provides students with enough detail without overwhelming them in order to understand methodological issues, explore both practically and theoretically important topics, and engage

students in thinking critically about development from birth to age 3 Students understand the role of infant development research and how they may apply it to their own lives as well as the broader implications upon public policies Students also understand the relevant historical information in many of the chapters to provide a broader perspective and highlight how far we've come in our understanding of the first 3 years of life Issues of diversity and multicultural experience are also incorporated into virtually every chapter illustrating how nature and nurture work together Conception and Birth Infant Development Infant Cognition Physical Development Socio emotional Development Child Care and Intervention Infant Development Theories of Development and Early Childhood Development
