

The background of the book cover is a classical painting of the Nativity scene. The infant Jesus lies in a manger, wrapped in white swaddling clothes. Mary is seated behind him, and Joseph is visible in the background. The three wise men are present, with one offering a gift. The scene is set in a stable with various animals and objects, creating a rich, detailed environment.

Infinity Dwindled To Infancy A Catholic And Evangelical Christology:

Infinity Dwindled to Infancy Edward T. Oakes, 2011-07-06 At the heart of all ecumenical dialogue between Catholics and Evangelicals is their fundamental agreement on Christology and a common understanding and confession of the lordship of Jesus Christ as the unique Savior of the human race Infinity Dwindled to Infancy provides a broad survey of doctrinal and historical issues at play in Christology Drawing from a wide range of sources contemporary New Testament scholarship and patristic Christology key medieval theologians major Protestant voices Catholic theologians and recent magisterial statements from Vatican II Edward T Oakes presents two millennia of thinking on one of the great paradoxes at the heart of Christian faith an infinite God who is finite man in short Infinity dwindled to infancy After Arminius Thomas H. McCall, Keith D. Stanglin, 2021 Inspired by the ideas of the Dutch theologian Jacob Arminius Arminianism was the subject of important theological controversies in the seventeenth and eighteenth centuries and still today remains an important position within Protestant thought What became known as Arminian theology was held by people across a wide swath of geographical and ecclesial positions This theological movement was in part a reaction to the Reformed doctrine of predestination and was founded on the assertion that God's sovereignty and human free will are compatible More broadly it was an attempt to articulate a holistic view of God and salvation that is grounded in Scripture and Christian tradition as well as adequate to the challenges of life First developed in European British and American contexts the movement engaged with a wide range of intellectual challenges While standing together in their common rejection of several key planks of Reformed theology supporters of Arminianism took varying positions on other matters Some were broadly committed to catholic and creedal theology while others were more open to theological revision Some were concerned primarily with practical matters while others were engaged in system building as they sought to articulate and defend an overarching vision of God and the world The story of Arminian development is complex yet essential for a proper understanding of the history of Protestant theology The historical development of Arminian theology however is not well known In After Arminius Thomas H McCall and Keith D Stanglin offer a thorough historical introduction to Arminian theology providing an account that will be useful to scholars and students of ecclesiastical history and modern Christian thought **Theandric and Triune** Ty Kieser, 2024-01-25 Describing Jesus as an agent of divine actions or as one who possesses human agency is commonplace in christological discussions Yet these discussions often wade in a shallow understanding of the terms meanings and the theological implications of such claims For example while many theologians who are committed to the definition of Chalcedon consider Jesus one agent we might ask if this implies that the triune God comprises three agents Or if Christ possesses singular agency how are his divinity and humanity operative in his actions In response this work draws from the theology of John Owen and advancements in philosophy of action in order to offer an account of divine and human agency in christological action from within the Reformed tradition It provides clarity to the christological and trinitarian uses of the language of agent agency in

Christ and attends to the theological esp trinitarian entailments therein While at first glance there may appear to be internal inconsistencies with accounts that subscribe to classical trinitarianism and Reformed Christological agency this book argues that Owen helps us recover an understanding of christological agency that is internally coherent and theologically prudent As such the Reformed tradition can articulate Christological agency in a way that is coherent with the testimony of Scripture the ecumenical councils and classical trinitarianism while contributing to contemporary theological discussions The case not only provides terminological clarity and theological coherence but also inclines Christians to appreciate the trinitarian love of God in Christ s action and the human sympathy of Christ for his people

The Omnipresence of Jesus Christ Theodore Zachariades, 2015-06-01 This important book reassesses the classic Chalcedonian view of Jesus one person two natures It carefully rejects all forms of kenotic Christology and affirms that Jesus possessed and used all the divine attributes in particular that of omnipresence arguing that evangelical scholars have abandoned this important truth This has ramifications for our view of the Holy Spirit and of Christ s presence with his people It challenges us to read the Scriptures again and to live in the presence of Jesus Publisher Commendation In this important study of orthodox Christology Dr Zachariades develops an aspect of it that has generally been neglected How should we understand the universal presence of the risen ascended and glorified Christ Starting with the controversies of the early church he takes us through the questions involved in the discussion and points us to a deeper understanding of how Christ is both God and man at the same time Gerald L Bray Research Professor of Divinity History and Doctrine Beeson Divinity School USA

How Did Jesus Know He Was God? William Chami, 2020-04-02 The self consciousness and human knowledge of Christ is a contemporary christological issue which seeks to understand the awareness that the God man Jesus Christ possessed of himself during his life on earth The present question primarily concerns itself with exploring how the Son knows that he is the Son in his human mind Traditionally this question has been asked and answered that through the beatific vision the Son knew himself as divine in his human mind However recent theories advanced by scholars seem to preclude any notion of beatific knowledge in the Incarnate Son This book explores the perspectives of three main authors Jacques Maritain Karl Rahner and Thomas Weinandy in relation to the present question and attempts to provide an answer for how the Incarnate Son apprehended his divine identity through his human operations Considered also is the scope of Christ s human knowledge with regard to two specific objects of knowledge These concern whether the Son as man had an awareness of those for whom he gave his life Gal 2 20 and whether the Son was really ignorant of the eschatological final day and hour Mark 13 32 Matt 24 36

Exploring Theological Paradoxes Cyril Orji, 2022-08-31 This book focuses on the question of theological paradox exploring what it means and its place in theological method from a Christian perspective Just as paradoxes are unavoidable in logic and mathematics paradoxes are inevitable in religious and theological discourses The chapters in this volume examine a number of cases including the Red Heifer paradox the liar paradox and the paradox of omnipotence and attention

is given to Christian doctrines such as the Trinity and the Incarnation Arguing for a renewed understanding and appreciation of the role of paradox this study will be of interest to scholars of theology and the philosophy of religion *Did the Saviour See the Father?* Simon Francis Gaine, 2015-08-27 Did Jesus enjoy the beatific vision of God on earth that Christians hope to enjoy only in heaven This important question is related to a whole series of questions about Jesus his knowledge and self consciousness Did he know he was God s Son What did he know of his saving mission These issues are linked to a fundamental question Is the Saviour we need one who is altogether like us or one who is in some ways unlike us This book argues that God gave us a Saviour with beatific knowledge and who in this respect is very unlike us indeed The answer commonly given by Catholic theologians to this question underwent a dramatic shift in the middle of the 20th century Previously there had been a general unanimity based on the teaching of Thomas Aquinas that the answer was Yes the earthly Christ did indeed possess heavenly knowledge The theological situation was then radically altered to one where the answer No became predominant Theologians preferred to treat Christ s knowledge in terms of self consciousness ordinary human knowing faith prophecy and mysticism not the beatific vision This book addresses the reasons why theologians abandoned Aquinas s thesis arguing it has been too easily dismissed Considering the evidence of Scripture and Tradition and then moving from Christ s extraordinary knowledge through his ordinary knowledge to his will emotions and bodily life the book sketches an outline of the extraordinary Saviour God has in fact given us and who is indeed the Saviour humanity truly needs

Heart to Heart Peter John McGregor, 2016-05-13 In Behold the Pierced One Joseph Ratzinger recounts how the composition of a 1981 paper on the Sacred Heart of Jesus had led him to consider Christology more from the aspect of its spiritual appropriation than he had done previously Upon realizing that this same year was the 1300th anniversary of the Third Council of Constantinople he decided to study the pronouncements of this Council and came to believe that the achievement of a spiritual Christology had also been the Council s ultimate goal Ratzinger s conclusion in attempting to define a spiritual Christology was that the whole of Christology our speaking of Christ is nothing other than the interpretation of his prayer the entire person of Jesus is contained in his prayer The spiritual Christology subsequently developed by Ratzinger is one of *communio* Indeed it is one of *theosis* Through a personal and ecclesial participation in the prayer of Jesus exercised in purity of heart and consummated in the eucharistic celebration one comes into communion with Jesus Christ and all the members of his Body so that eventually one can say truly It is no longer I who live but Christ who lives in me Gal 2 20

Majority World Theology Gene L. Green, Stephen T. Pardue, K. K. Yeo, 2020-12-01 More Christians live in the Majority World than in Europe and North America Yet most theological literature does not reflect the rising tide of Christian reflection coming from these regions Bringing together theological resources from past and present East and West this work engages conversations with leading global scholars on theology faith and mission for the enrichment of the entire church

All Wonders in One Sight Theresa M. Kenney,2021-03-01 In the seventeenth century many leading poets wrote poems about Christ s infancy though charm and sweetness were not the leading note Because these poets were university educated classicists many of them also Catholic or Anglican priests they wrote in an elevated style with elevated language and their concerns were deeply theological as well as poetic In an age of religious controversy their poems had controversial elements and because these poems were mostly intended for private use and limited circulation they were not generally singable hymns of public celebration of Christ s birth However far from dry academic pieces these poems offer a wide variety of approaches to both their subject the infant Jesus and the means of presenting it *All Wonders in One Sight* examines the ways in which early modern English poets understood and accomplished the poetic task of representing Christ as both Child and God Focusing on the intellectual and theological content of the poems as well as the devotional aims of the poets Theresa M Kenney aims to reveal their understandings of divine immanence and the sacrament of the Eucharist *Balthasar in Light of Early Confucianism* Joshua R. Brown,2020-04-30 In this original study Joshua Brown seeks to demonstrate the fruitfulness of Chinese philosophy for Christian theology by using Confucianism to reread reassess and ultimately expand the Christology of the twentieth century Catholic theologian Hans Urs von Balthasar Taking up the critically important Confucian idea of xiao filial piety Brown argues that this concept can be used to engage anew Balthasar s treatment of the doctrine of Christ s filial obedience thus leading us to new Christological insights To this end Brown first offers in depth studies of the early Confucian idea of xiao and of Balthasar s Christology on their own terms and in their own contexts He then proposes that Confucianism affirms certain aspects of Balthasar s insights into Christ s filial obedience Brown also shows how the Confucian understanding of xiao provides reasons to criticize some of Balthasar s controversial claims such as his account of intra Trinitarian obedience Ultimately by rereading Balthasar s Christology through the lens of xiao *Balthasar in Light of Early*

Confucianism employs Confucian and Balthasarian resources to push the Christological conversation forward. Students and scholars of systematic theology, theologically educated readers interested in the encounter between Christianity and Chinese culture, and comparative theologians will all want to read this exceptional book. And Still We Wait Riyako Cecilia Hikota, 2018-01-30. In response to the recent critiques made against Balthasar's interpretation of Christ's descent into hell on Holy Saturday, this book argues that Balthasar does not intend to present a radical reinterpretation of the doctrine in contrast to the traditional teachings but rather intends to fully appreciate the in-betweenness of Holy Saturday as the day of transition from the cross to the resurrection, from the old aeon to the new. The book further argues that this awareness of the in-betweenness can be detected throughout Balthasar's theological corpus and provides a clue to interpret his thoughts on Christian discipleship and suffering. After all, the Christian existence is also characterized by the transition from the old aeon to the new, from suffering to victory. The Christian believes that their victory is already here and not here yet. In this sense, the Christian still lives in Holy Saturday. Eventually, we can deepen our understanding of Christian discipleship and suffering in the light of Holy Saturday. In short, we could patiently endure our Holy Saturday because of Christ's Holy Saturday in hell.

Natural Law Anver M. Emon, Matthew Levering, David Novak, 2014-05-15. This book is an examination of natural law doctrine rooted in the classical writings of our respective three traditions: Jewish, Christian, and Islamic. Each of the authors provides an extensive essay reflecting on natural law doctrine in his tradition. Each of the authors also provides a thoughtful response to the essays of the other two authors. Readers will gain a sense for how natural law or cognate terms resonated with classical thinkers such as Maimonides, Origen, Augustine, al-Ghazali, and numerous others. Readers will also be instructed in how the authors think that these sources can be mined for constructive reflection on natural law today. A key theme in each essay is how the particularity of the respective religious tradition is squared with the evident universality of natural law claims. The authors also explore how natural law doctrine functions in particular traditions for reflection upon the religious other. Teaching and Tradition, 2023-10-09. This book focuses on the crucial role of teaching in the process of tradition. The various essays present case studies written by specialists in the field on themes drawn from the biblical, Jewish, and Christian practice of tradition: the passing on of faith from generation to generation. Underlying these essays is the conviction that teaching is a privileged context for the study of tradition since it always both preserves and renews tradition. There is no tradition without teaching in which the past is interpreted in the present and the present is seen in the light of the past.

Where and in what ways is it mediated so that all generations can hear the fullness of the gospel? In this volume, distinguished theologian Matthew Levering shows that divine revelation has been truthfully mediated through the church, the gospel, and Scripture so that we can receive it in its fullness.

today Levering engages past and present approaches to revelation across a variety of traditions offering a comprehensive historical study of all the key figures and perspectives His thorough analysis results in an alternative approach to prevailing views of the doctrine and points to its significance for the entire church *Thomas F. Universalism runs like a slender thread through the history of Christian theology It has always been a minority report and has often been regarded as heresy but it has proven to be a surprisingly resilient idea Over the centuries Christian universalism in one form or another has been reinvented time and time again In this book an international team of scholars explore the diverse universalisms of Christian thinkers from the Origen to Moltmann In the introduction Gregory MacDonald argues that theologies of universal salvation occupy a space between heresy and dogma Therefore disagreements about whether all will be saved should not be thought of as debates between the orthodox and heretics but rather as in house debates between Christians The studies that follow aim in the first instance to hear understand and explain the eschatological claims of a range of Christians from the third to the twenty first centuries They also offer some constructive critical engagement with those claims Origen Tom Greggs Gregory of Nyssa Steve Harmon Julian of Norwich Robert Sweetman The Cambridge Platonists Louise Hickman James Rely Wayne K Clymer Elhanan Winchester Robin Parry Friedrich Schleiermacher Murray Rae Thomas Erskine Don Horrocks George MacDonald Thomas Talbott P T Forsyth Jason Goroncy Sergius Bulgakov Paul Gavrilyuk Karl Barth Oliver Crisp Jaques Ellul Andrew Goddard J A T Robinson Trevor Hart Hans Urs von Balthasar Edward T Oakes SJ John Hick Lindsay Hall J rgen Moltmann Nik Ansell *Finding the Right Hills to Die On* Gavin Ortlund, 2020-04-14 In theology just as in battle some hills are worth dying on But how do we know which ones When should doctrine divide and when should unity prevail Pastor Gavin Ortlund makes the case that while all doctrines matter some are more essential than others He considers how and what to prioritize in doctrine and ministry encouraging humility and grace along the way Using four basic categories of doctrine in order of importance this book helps new and seasoned church leaders alike wisely labor both to uphold doctrine and to preserve unity
