The Inflatable Woman Rachael Ball, 2015-10-22 A Guardian Best Graphic Book of 2015 Iris or balletgirl 42 as she is known on the internet dating circuit is a zookeeper looking for love when she is diagnosed with breast cancer Overnight her life becomes populated with a carnival of daunting hospital characters Despite the attempts of her friends Maud Granma Suggs Larry the Monkey and a group of singing penguins to comfort her Iris's fears begin to encircle her until all she has to cling to is the attention of a lighthouse keeper called sailor_buoy_39 The Inflatable Woman combines magic realism with the grit of everyday life to create a poignant and surreal journey inside the human psyche Show Me Where It Hurts Monica Chiu, 2023-12-12 In Show Me Where It Hurts Monica Chiu argues that graphic pathography long form comics by and about subjects who suffer from disease or are impaired re vitalizes and re visions various negatively affected corporeal states through hand drawn images By the body and for the body the medium is subversive and reparative and it stands in contradistinction to clinical accounts of illness that tend to disembody or objectify the subject Employing affect theory spatial theory vital materialism and approaches from race and ethnic studies women and gender studies disability studies and comics studies Chiu provides readings of recently published graphic pathography Chiu argues that these kinds of subjective graphic stories by virtue of their narrative and descriptive strengths provide a form of resistance to the authoritative voice of biomedicine and serve as a tool to foster important change in the face of social and economic inequities when it comes to questions of health and healthcare Show Me Where It Hurts reads what already has been manifested on the comics page and invites more of what demands expression Pathbreaking and provocative this book will appeal to scholars and students of the medical humanities comics studies race and ethnic studies disability studies and women and gender studies *Researching Language and Health* Zsófia Demjén, Sarah Atkins, Elena Semino, 2023-07-10 Researching Language and Health explores key topics in illness and healthcare contexts through multiple linguistic lenses This book highlights key themes guides readers through the design stages of research and the ethical considerations specific to linguistic health research and brings methods and methodologies to life by demonstrating how these can be applied to specific issues in context Covering a wide range of health conditions healthcare contexts and data types with an emphasis on those most accessible to students and new researchers the authors foreground the so what of research and the impact that linguistic studies can have Both a guide to key elements of the research process and a holistic view of research projects that have been successful insightful and impactful in different contexts this is an essential text for advanced students and researchers in healthcare communication and applied linguistics *Visual Metaphor and Embodiment in Graphic Illness Narratives* Elisabeth El Refaie, 2019 Metaphors help us understand abstract concepts emotions and social relations through the concrete experience of our own bodies Conceptual Metaphor Theory CMT which dominates the field of contemporary metaphor studies is centered on this claim According to this theory correlations in the way the world is perceived in early childhood e.g. happy good is up

understanding is seeing persist in our conceptual system influencing our thoughts throughout life at a mostly unconscious level What happens though when ordinary embodied experience is disrupted by illness In this book Elisabeth El Refaie explores how metaphors change according to our body's alteration due to disease She analyzes visual metaphor in thirty five graphic illness narratives book length stories about disease in the comics medium re examining embodiment in traditional CMT and proposing the notion of dynamic embodiment Building on recent strands of research within CMT and engaging relevant concepts from phenomenology psychology semiotics and media studies El Refaie demonstrates how the experience of our own bodies is constantly adjusting to changes in our individual states of health socio cultural practices and the modes and media by which we communicate This fundamentally interdisciplinary work also proposes a novel classification system of visual metaphor based on a three way distinction between pictorial spatial and stylistic metaphors This approach will enable readers to advance knowledge and understanding of phenomena involved in shaping our everyday thoughts interactions and behavior

A Good Day's Work Sheila Hollins, Shirley-Anne Wheeler, Wayne McGregor, 2018-07-26 Work is a big part of life for both John and Daisy They get some very important benefits from work like friendship and money to spend on the things they want There are responsibilities too like being on time following policies like health and safety and working well as a team A Good Day's Work shows John and Daisy taking pride in their jobs and understanding their responsibilities well so that they can sort out problems when they crop up The stories can be read together or on their own to help someone think about what the day to day reality of having a job is like or to talk about their own situations and responsibilities and how they can make sure they are getting the most from their job This book is part of a mini series about moving towards work for people with intellectual disabilities

UK Feminist Cartoons and Comics Nicola Streeten, 2020-01-28 This book demonstrates that since the 1970s British feminist cartoons and comics have played an important part in the Women's Movement in Britain A key component of this has been humour This aspect of feminist history in Britain has not previously been documented The book questions why and how British feminists have used humour in comics form to present serious political messages It also interrogates what the implications have been for the development of feminist cartoons and for the popularisation of feminism in Britain The work responds to recent North American feminist comics scholarship that concentrates on North American autobiographical comics of trauma by women This book highlights the relevance of humour and provides a comparative British perspective The time frame is 1970 to 2019 chosen as representative of a significant historical period for the development of feminist cartoon and comics activity and of feminist theory and practice Research methods include archival data collection complemented by interviews with selected cartoonists Visual and textual analysis of specific examples draws on literature from humour theory comics studies and feminist theory Examples are also considered as responses to the economic social and political contexts in which they were produced
