Initiation And Spiritual Realization:

Initiation and Spiritual Realization René Guénon, 2001 The present volume is a companion volume to Guénon's *Perspectives on Initiation* in which Guénon carefully defined the nature of initiation and of the organizations qualified to transmit it. In *Initiation and Spiritual Realization* he adds many details on related subjects including various inner and outer obstacles the aspirant may face the need for attachment to a traditional exoterism the role of the spiritual master and a closer examination of the degrees of spiritual realization.

Perspectives on Initiation René Guénon, 2004-05 The present volume first published at the close of World War II and based on a series of articles on initiation originally written between 1932 and 1938 for *Le Voile d'Isis* later renamed *Traditionnelles* is unique in giving a comprehensive account both of the conditions of initiation and of the characteristics of organizations qualified to transmit it. Guénon's distinction between the initiatic and the mystical paths the first requiring a formal relationship with a master a set of specific contemplative techniques and a chain of transmission stretching back to the origin of the tradition in question the second generally lacking these elements led to some controversy between those who accept this distinction and others who believe that initiatory and mystical spirituality are one and the same. The book presents such central principles as the dangers and barrenness of syncretism the often dire consequences of fostering psychic powers and the superiority of sacerdotal initiation into the Greater Mysteries over royal initiation into the Lesser Mysteries though both are necessary parts of the initiatic path. This last point precisely defines the rift between Guénon and Julius Evola whose elevation of royal initiation over sacerdotal must be seen according to Guénon's criteria as a modern day echo of the ancient revolt of the warrior caste against the priestly one. Whoever follows Guénon's argument will realize that a romantic warrior mysticism held no fascination for him and is in fact explicitly contrary to his principles. But pre-eminently *Perspectives on Initiation* provides indispensable points of reference for anyone attempting to distinguish between initiatic pseudo-initiatic and counterfeit initiatic spiritualities in these profoundly uncertain times.

Pathways to an Inner Islam Patrick Laude, 2010-01-21 *Pathways to an Inner Islam* provides an introduction to the esoteric or spiritual inner Islam presented by Western thinkers Louis Massignon Henry Corbin René Guénon and Frithjof Schuon. Particularly interested in Sufism the mystical tradition of Islam these four twentieth century authors who wrote in French played an important role in presenting Islamic spirituality to the West and have also had an influence in parts of the Muslim world such as Turkey Iran and Pakistan. Patrick Laude brings them together to argue that an understanding of their inner Islam challenges reductionist views of Islam as an essentially legalistic tradition and highlights its spiritual qualities. The book discusses their thought on the definitions of spiritual Islam and Sufism the metaphysical and mystical understanding of the Prophet and the Qur'an the function of femininity in Islamic spirituality and the inner understanding of jihad. In addition the writers' Christian backgrounds and their participation in the intellectual and spiritual traditions of both Christianity and Islam offer a dynamic

Traditionalism Mark Sedgwick, 2023 Traditionalism is a shadowy philosophy that has influenced much of the twentieth century and beyond It is a worldview that rejects modernity and instead turns to mystical truth perennialism and tradition as its guide Mark Sedgwick one of the world s leading scholars of Traditionalism presents a major new intellectual history pulling back the curtain on the foundations of Traditionalist philosophy and its major proponents Traditionalism provides an expansive guide to this important school of thought one that is little known and even less understood and shows how pervasive these ideas have become The Everlasting Sacred Kernel Mircea a. Tamas, 2002 Modern literature can serve as a preparatory exercise to understand how fundamental symbols operate but at the same time it shows how dangerous and pernicious are the effects of originality individuality and inventiveness by altering and diverting the essential meanings of symbols The present work The Everlasting Sacred Kernel used Western literature to introduce the essence of traditional thinking and to illustrate how the laws of sacred symbolism should be considered The power of discrimination plays a major role in identifying the traditional vestiges carried by profane literature and unveiling in some cases how these were abused and altered

Self-Awareness and Meditation Charles Attfield, 2023-07-28 Charles Attfield has done the hard work of presenting Eastern Meditation wisdom in a form easily understood by the West in the tradition of his teacher and founder of Synchronicity Foundation Master Charles Cannon Jim Clarke Senior staff member at Synchronicity Foundation We are all on a journey a journey from illusion to truth Self Awareness and Meditation An Advanced Guide for Meditators looks at both the

evolution of consciousness along this journey and meditation as an integral part of it A point comes when there is an awakening to the possibility that there is more than the consensus reality which we have been part of for eons We know that there is something more and so our search begins Eventually with meditation our focus moves within as we search for the Self our true nature which until now has been hidden in illusion waiting for our awakening and eventual joyful return Self Awareness and Meditation focuses on the return journey back to the Self True meditation is a state of awareness which comes naturally as we increasingly align with our soul We realise that we are not the doer and then comes a different perspective about allowing our false reality to fall away and we discover that consciousness not the ego has been running the show all the time

Rene Guenon and the Future of the West Robin Waterfield, 2005-03 Reni Guinon 1886 1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization This is the only biographical introduction to Guinon currently available in English Sophia Perennis will soon publish another biography *The Simple Life of Reni Guinon* written shortly after Guinon's death by his close friend and publisher Paul Chacornac After a lonely childhood often interrupted by ill health Guinon navigated the seductive half truths of occultism toward a deeper unified vision offering a way out from the confusion and fragmentation of our time Against the seemingly inexorable process of dissolution the twentieth century experienced Guinon pointed to the transcendent unity of all religious faiths and the abiding Truth that contains them all

René Guénon and the Future of the West Robin Everard Waterfield,2002 The first English language biography of the well known traditionalist metaphysician René Guénon including a separate section assessing the impact of his work in the Western world and an extensive annotated bibliography The Symbolism of the Cross René Guénon,2001 The Symbolism of the Cross is a major doctrinal study of the central symbol of Christianity from the standpoint of the universal metaphysical tradition the perennial philosophy as it is called in the West As Guénon points out the cross is one of the most universal of all symbols and is far from belonging to Christianity alone Indeed Christians have sometimes tended to lose sight of its symbolism of its symbolical significance and to regard it as no more than the sign of a historical event By restoring to the full spiritual value as a symbol but without in any way detracting from its historical importance for Christianity Guénon has performed a task of inestimable importance which perhaps only he with his unrivaled knowledge of the symbolic languages of both East and West was qualified to perform

can I make such a claim For the reason that I interact on a regular basis with individuals from virtually every corner of the Earth who have spent time in those sacred and mysterious places Through these travelers I have learned that there is simply no other place like Sedona The Inner West Jay Kinney,2004-06-17 The founder of the influential Gnosis magazine collects essays by some of today s finest spiritual writers to explore the West s magical and esoteric traditions Rosicrucianism Freemasonry Gnosticism The Knights Templar Even before the success of The Da Vinci Code many readers knew of these and other aspects of Western esoterica But few understand their true meaning In The Inner West more than twenty essays by seventeen leading authors shine a light on some of the most mysterious and closely held aspects of the Western tradition Its authors bring to life the symbolist and occult philosophies that populate the history and beliefs of the Western way These same philosophies which include variants of Christian and Jewish mysticism and the teachings of figures like Rudolf Steiner and G I Gurdjieff can present a deep and different spiritual path for today s seekers Spiritual seekers have often looked to the East for inspiration and guidance Yet increasing numbers of people are discovering that many helpful wisdom traditions have existed right here in the West With the Kabbalah and Tarot cards more popular than ever and alternative spirituality from Wicca to Sufism gaining a new audience The Inner West is a timely book for this expanding audience **Sayings of Ramakrishna Paramahansa** Ramakrishna Paramahansa, Ramakrishna was a great Hindu saint mystic and bhakta Through his life and teachings he made people realise that God alone is real and all else false an illusion His whole life was religion in practice His devotion to God was complete and unique His life has been an object lesson in piety devotion to God self realization and the ideals and values of Hinduism Ramakrishna was born in a religious Brahmin family of Chatterjees or Chattopadhyaya in Bengal at the village Karmapukur in the Hooghly district Khudiram was his father and Chandramani his mother They were simple religious God fearing and honest and devoted to Lord Rama Besides Ramakrishna they had four other children They were blessed with the birth of Ramakrishna on February 17 1836 Before that Chandramani the mother of Ramakrishna had my divine visions and dreams about the coming child Khudiram too had a vision about Rama Krishna s spiritual greatness and attainments They boy was named Gadadhara meaning the mace bearer Many supernatural things happened after the birth of Gadadhara for example Chandramani sometimes found the baby too heavy to carry and other times too light like a handful of flowers At school he took no interest in studies He found great interest in the epics religious stories and biographies of great saints When he grew older he would often go into deep meditation leading to a state of trance His father died in 1843 It brought a marked change in boy Gadadhara and he began to enjoy more and more the company of holy persons and sadhus This association with monks etc made his practice more and more of meditation By then he was nine years old and invested with a holy thread When he was 17 years old he joined his elder brother Ramkumar in Kolkata where he kept a teaching Toll besides officiated as a family priest Ramakrishna was given the duties of priest which he performed quite satisfactorily His piety devotion honesty and purity of heart impressed everyone Later Ramakrishna was

appointed the permanent priest of the famous Dakshineswar Kali temple. It is here at Dakshineswar that Ramakrishna practiced asceticism, deep meditation, reciting the thousand names of God. Consequently, he began to have visions of the Divine Mother Kali. Gradually, this realization deepened, and he began to have long spells of divine intoxication. With it, his sadhana grew more and more intense. Ramakrishna was married to Sardamani Devi at the age of 23 in spite of his total indifference to all worldly affairs. This he did to please and comfort his old mother. His wife also then became a valuable partner in his severe austerities, sadhana, and meditations. He often suffered from divine madness and had prolonged spiritual fits which ultimately led him to God realization. He always looked upon his wife, Sarda Devi, as the visible representation of the Divine Mother. Later, Ramakrishna realized God through other major religious practices, sadhanas, and prayers, including Christianity and Islam. He heard with great interest the life story of Jesus Christ and then followed his teachings practically. His reverence for Buddha was no less. He regarded him as an incarnation of God. His deep thirst for God realization in all his aspects and manifestations led him to the practice of Islam. In this practice also, he had ecstatic visions and spiritual realizations. He firmly believed that God is one and common to all religions. He put this faith into practice and had God realization through all these methods and practices. Ramakrishna had many great and distinguished disciples, but Vivekananda was most prominent of these. His original name was Narendranath. His deep religious disposition led him to the temple of Dakshineswar where he became a devotee and disciple of Ramakrishna after many severe tests and trials of his guru. Ramakrishna's genuine spiritual greatness and God realization revolutionized Narendranath's mind, and ultimately he renounced the world. Initially, Vivekananda argued much with Ramakrishna against image worship, rituals, and sadhana, and wanted a direct proof about the existence of God, but gradually he realized Ramakrishna's true greatness and began himself to have visions and trances in meditation. His close and affectionate association with Ramakrishna totally changed his life, and he himself became a great spiritual teacher, guide, and guru. Vivekananda created the Ramakrishna Mission in association with his fellow disciples and monks. Ramakrishna was contemporary of Ishwarchandra Vidyasagar and Bankim Chandra Chatterjee. When he met them, they were deeply influenced and impressed by his extraordinary spiritual personality. He had many notable and well-known devotees who felt highly privileged to spend a few hours in his divine company, listening to his teachings and sermons, which were often so simple, full of sayings, epigrams, anecdotes, and in the form of dialogues. Girish Chandra Ghose and Keshab Chandra Sen were among these fortunate devotees. During the last few years of his life, Ramakrishna suffered from acute throat trouble, which was diagnosed as a clergyman's sore throat. It gradually aggravated and developed into a cancer. He died and entered Mahasamadhi on 16th of August 1886.
