Knowledge Of The Heart Gnostic Secrets Of Inner Wisdom:

Knowledge of the Heart June Singer, 1999 This text is based on one of the great religious literary discoveries the finding of the Gnostic Gospels in Upper Egypt in 1945 Following an introduction to the Gnostic tradition June Singer chooses 56 excerpts from the gospels offering them as a focus for meditation or worship **Gnosticism** Stephan A Hoeller, 2012-12-13 Gnosticism developed alongside Judeo Christianity over two thousand years ago but with an important difference It emphasizes not faith but direct perception of God Gnosticism being derived from the Greek word gnosis meaning knowledge Given the controversial premise that one can know God directly the history of Gnosticism is an unfolding drama of passion political intrigue martyrdom and mystery Dr Hoeller traces this fascinating story throughout time and shows how Gnosticism has inspired such great thinkers as Voltaire Blake Yeats Hesse Melville and Jung **Gnostics** Sean Martin, 2010-08-01 Gnosticism is the name given to various religious schools that proliferated in the first centuries after Christ nearly becoming the dominant form of Christianity but was eventually branded as heretical by the emerging Christian church The long and diverse history of Gnosticism is recounted here as well as reasons for its continued relevance today Although some Gnostic beliefs are close to mainstream Christianity others examined here include that the world is imperfect because it was created by an evil god who was constantly at war with the true good God that Christ and Satan were brothers that reincarnation exists and that women are the equal of men Also covered is the influence Gnostics had on the Renaissance the Enlightenment psychologist Carl Jung the Existentialists the New Age movement and writers as diverse as William Blake W B Yeats Albert Camus and Philip K Dick **Hidden Gospels** Philip Jenkins, 2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary Christianity **Nag Hammadi Bibliography 1995-2006** David Scholer, Susan Wood, 2009-01-31 This is the third volume of the immensely useful Nag Hammadi Bibliography the first volume of which covered 1948 1969 and was the first publication in the Nag Hammadi Studies series The second volume covered 1970 1994 This third volume provides a complete integration of Supplements II 1 II 8 to the Bibliography as published in *Novum Testamentum* 1998 2008 with additions and corrections This latest update

contains 3 063 entries with the set of three volumes containing 11 580 entries Nag Hammadi and Gnostic studies continue to be of critical importance for the study of ancient religions in the Graeco Roman world and for the study of the world of early Christianity and the present bibliography provides an indispensable reference tool for work in these fields **The**

several years as a skeptic resigned to seeking wealth and honors rather than hoping for truth or goodness He would not be surprised by the rise of white supremacist cults or the nihilistic apathy that have arisen in the post truth era He had seen nativism elitism fear and doubt rise in response to a crisis of hope that truth could be found a crisis that led to the use of physical force rather than educated disputation a crisis that ended in the fall of both Rome and Carthage to Vandals and Visigoths Augustine's response was to preach publically the hope that encouraged him in his own personal quest for a happy life This book examines that hope in Augustine's context until the current moment **Sophos Ontology** Lee Irwin,2024-01-04

Sophos Ontology On Post Traditional Spirituality discusses religious plurality and post traditional perspectives on emergent forms of sacred sensibility particularly for those identifying as spiritual but not religious This book is divided into three parts The first part is a retrospective account of multiple religious traditions with emphasis on esoteric thought as influenced by mystical writings covering western eastern and Native American traditions The second part discusses the need for a new conceptualization of the sacred as expressed through multiple spiritual perspectives relevant to a pansentient post traditional process ontology Other topics in this section include the importance of an ethically shaped spirituality collective influences dreams imagination and the role of pluralism in shaping beliefs Part three explores the role of faith redefined as spiritual commitment mysticism as direct experiential knowledge and transpersonal theory influenced by comparative studies in altered states of consciousness paranormal research and the metaphysics of discovery all contributing to the development of present and future spirituality **The Gnostic Path of St. Thomas** Tau Malachi,2023-12-08

Discover the Heart Essence Teachings of St Thomas Gnostic Gospel Verses Written roughly a century earlier than the four gospels that appear in the Bible the Gospel of St Thomas features 114 verses detailing an inward mystical spirituality thought to be some of the closest records to Yeshua's Jesus teachings Tau Malachi explores each of these translated verses in depth providing a unique perspective on how to live in Christ and develop a relationship to the Divine Focusing not on sin but on the ignorance that leads to sin and suffering the Gospel of St Thomas reveals the Messiah's secret knowledge This book is a journey through 114 parables and sayings sharing essential and straightforward teachings that help you reach enlightenment and liberation With an emphasis on the true meaning of each verse **The Gnostic Path of St Thomas** will enrich your life by opening your eyes to the innate unity with God and the Divine Soul within us all **Magdalene's Ascension** Annine van der Meer,2025-01-21

Examines the lives of Jesus and Mary Magdalene using biblical historical apocryphal and recent channeled sources as well as regression reports Explains the concept of ascension through a quantum physics framework detailing Mary Magdalene's ascension along the Tree of Life Explores Mary's family background her education in Egypt her mission in Western Europe and her life and work alongside Jesus including her role as his wife and his appointed successor Expanding the scholarship and understanding of the early Christian period and the world of the Essenes from a feminine perspective religious historian Annine van der Meer offers a detailed new account of the life of Mary Magdalene also known as Mary of

Bethany or Miryam the Migdalah showing how Mary's spiritual path is intimately connected to our current times of ascension. The author explores Mary's family background, her education in Egypt, her mission in Western Europe, her life and work alongside Jesus, also known as Yeshua, and her anointing as his wife and his appointed successor. Though not recognized by the patriarchal disciples Peter, Andrew, and Paul, the author presents the evidence of Mary's role through biblical, historical, apocryphal, and recent channeled sources and regression reports, including those of Dolores Cannon, Stuart Wilson, Joanna Prentis, and Claire Heartsong. Van der Meer then reveals Mary's ascension process through seven branches along the Tree of Life detailed in *The Gospel of the Beloved Companion*, written by Mary herself, and scientifically explains ascension: the changing of the physical body into a light body through recent developments in quantum physics. She takes the reader through seven portals from individual ascension to collective ascension, illuminating not only Mary's heavenly journey of becoming light but also its spiritual significance for each of us as individuals and for the world as a whole.

In Wisdom and in Passion John Queripel, 2024-07-16

Two faiths of great influence making great claims of their founders. How do such faiths enter into dialogue so necessary in our fractured world? What do Buddha in deep meditation and Christ with a deep yearning for the justice of the reign of God say to each other and to us? What commonalities and differences do they share as those in whose name new faiths were founded? What caused the followers of each to believe their messages were such that they broke free of their old faith traditions? How are the stories of each shaped by universal myths, and what do they do with these myths in each account? How has each faith spread around the world, encountering very different cultures, shaping and being shaped by them? What did Buddha and Jesus teach, and how have those teachings been understood? What place do the Scriptures play in each? How is the divine understood, and by what method do we penetrate to the divine? How are ethics and living understood in each faith? These questions, among others, shape this book: a wide-ranging exploration of a challenging yet necessary interfaith dialogue.
