Infinite You A Journey To Your Greater Self And Beyond:

Infinite You Pamala Oslie, 2014-01-03 You are far more powerful than you've been taught. A profound shift is occurring in human consciousness. We are evolving into a more highly developed species, one with enhanced abilities and a greater level of awareness, and it is expanding our understanding of reality. There is evidence of this shift. More of us have been demonstrating unusual and advanced abilities that go beyond what most people believe are possible. Pamala Oslie says these skills are not only possible; they are real and natural, and she shows you how to develop them so you can enrich your life. It's time to live your greater potential here and now. In *Infinite You*, you'll discover how to Create using pure energy. Develop your sixth sense, telepathy, and intuition. See auras and feel energy fields. Use parallel universes to change your life. See your other past lives. Talk to people on the other side. Developing these abilities can create more trust, compassion, freedom, and joy in your life. Discover what is truly possible, understand why these skills are important, explore the science behind them, and learn techniques that can open you to new experiences in life. **Mystical Experience of Reality** Keith Michael

Hancock, 2019-12-10 The *Mystical Experience of Reality* is a well-known non-biological, non-human historical phenomenon that engulfed the author as a 14-year-old several times every year until his late thirties, filling him with the experience of a Reality in which all things known and unknown exist at its behest, guarding, guiding, accepting everything that exists separately, personally, individually. It is benign and uninterested in human wants or constructs such as religions, politics, ideologies. The author is what Buddhism would call a pratyakabuddha, a silent buddha whose experience of this Reality was spontaneous without having been requested or by given human help, a mystic. He insists the experience of Reality is caught, not taught, that it cannot be evangelized or proselytized, worshipped, or used. Reality rules. Its ways are not our ways. Our ways are not Reality's. Jesus failed. Religions are not spiritual, just emotional. So the book started with a Blog, *mysticexperiences.net*, for the author to examine himself and existence in accordance with the way of Reality. Accordingly, he found nothing in humanity worth studying. This book is a summation of four years of using writing the blog to explore the awareness given him by his mystical experiences, in the hope it will add to the literature on the subject, which is now being more seriously studied around the world than it has ever been by physicists, metaphysicists, philosophers, theologians, psychologists, even cosmologists, and especially Seekers for whom the author has special messages for their unique hunger and thirst. The book also seeks to pass on Reality's message to the author. All is well.
