##### Indicator 3

#### **Research**

##### Benchmark B

Select and summarize important information and sort key findings into categories about a topic.

##### Indicators:

4. Identify important information found in the sources and summarize important findings.
5. Sort relevant information into categories about the topic.

### Lesson Summary:

*Students identify main idea and details of informational text and record each on table diagram. Students write a summary paragraph of their findings.*

**Estimated Duration:** 90 minutes

### Commentary:

Recognizing and writing a main idea with supporting details is a critical literacy skill. This lesson effectively uses the methods necessary for maximum student learning. A teacher who field-tested the lesson stated, the lesson “went very well. I especially liked the table diagram for the main idea and supporting details. I could see a light come on in my students’ eyes as we discussed it. I also liked the lesson because it incorporated nonfiction. We need a lot of practice in third grade with nonfiction reading and understanding. This lesson showed my students how easy it was to use their OWN WORDS to write a paragraph instead of copying word for word from the book.” A second teacher commented that the lesson “definitely addresses the standard. I especially like the pre and post assessment tools.”

### Pre-Assessment:

- Distribute *Pre-Assessment*, Attachment A, to each student.
- Display and read aloud a paragraph from an informational text.
- Instruct students to use *Pre-Assessment* sheet during and after reading to list main idea and details.
- Observe student work. Use *Pre and Post Assessment Guide*, Attachment B, to record accuracy of student answers.

### Scoring Guidelines:

- Check column if students were able to identify main idea and supporting details.
- Make anecdotal notes for conferencing with individual students.

### Post-Assessment:

Collect table diagram with main idea and details listed.
