Jaeger, Natalie Greene Taylor, Ursula Gorham, 2015-06-10 Libraries Human Rights and Social Justice Enabling Access and Promoting Inclusion examines the interrelationships between digital literacy digital inclusion and public policy emphasizing the impacts

of these policy decisions on the ability of individuals and communities to successfully participate in the information society It is the first large scale consideration of digital literacy and digital inclusion as policy problems and provides policy recommendations to promote digital literacy and digital inclusion This book is intended to help librarians better understand and articulate their roles in promoting human rights and social justice as well as to educate policymakers government officials professionals in other fields and researchers in other disciplines about the contributions of libraries to human rights and social justice It explores the intersections of information human rights and social justice from a range of perspectives and addresses the differing roles of library institutions public school academic and special libraries library professionals professional organizations governments and library patrons Discussion focuses on the practical side of human rights and avoids most of the philosophical discussions of the term Similarly this book emphasizes the practical nature of social justice and the social and societal structures that foster equality Related issues of digital literacy and digital inclusion are considered as essential to providing information in human rights and social justice contexts Digital literacy the ability to use the Internet to meet information combines with access to the Internet in order to successfully apply the skills of digital literacy is discussed under the topic of digital inclusion These topics are discussed through legal policy social cultural and economic lenses Issues are examined both in terms of efforts to support equity in communities as a whole and the efforts intended to promote equity in specific disadvantaged or marginalized populations such as the homeless immigrants people with disabilities and the socioeconomically disadvantaged Many examples of the issues discussed are drawn from the original research that the authors have conducted The ideas and suggestions in this book should help members of the library community understand where their roles related to human rights and social justice originate how they fit within the broader policy context how to improve their related services and practices and how to advocate for better support of these roles The authors of this book have been involved in this research for many years and this breadth allows the book to offer comprehensive policy recommendations solutions and best practices for an area that is currently extremely fragmented The writing is at a level to make it useful to undergraduate and postgraduate students researchers and policy makers

the authority and constraints of academic history over the past this book explores various forms of past talk including art films activism memory nostalgia and archives Across seven clear chapters Claire Norton and Mark Donnelly show how activists and campaigners have used forms of past talk to unsettle common sense thinking about political and social problems how journalists artists curators filmmakers and performers have referenced the past in their practices of advocacy and how grassroots archivists help to circulate materials that challenge the power of authorised institutional archives to determine what gets to count as a demonstrable feature of the past and whose voices are part of the historical record Written in a lucid accessible manner and combining insightful critical analysis and philosophical argument with clear consideration of how different forms of past talk influence the narration of pasts in a variety of socio political contexts *Liberating Histories* is essential reading for students and scholars with an interest in historiography and the ethical and political dimensions of the historical discipline

[Museum Activism](#) Robert R. Janes,Richard Sandell,2019-01-10 Only a decade ago the notion that museums galleries and heritage organisations might engage in activist practice with explicit intent to act upon inequalities injustices and environmental crises was met with scepticism and often derision Seeking to purposefully bring about social change was viewed by many within and beyond the museum community as inappropriately political and antithetical to fundamental professional values Today although the idea remains controversial the way we think about the roles and responsibilities of museums as knowledge based social institutions is changing *Museum Activism* examines the increasing significance of this activist trend in thinking and practice At this crucial time in the evolution of museum thinking and practice this ground breaking volume brings together more than fifty contributors working

across six continents to explore analyse and critically reflect upon the museum s relationship to activism Including contributions from practitioners artists activists and researchers this wide ranging examination of new and divergent expressions of the inherent power of museums as forces for good and as activists in civil society aims to encourage further experimentation and enrich the debate in this nascent and uncertain field of museum practice Museum Activism elucidates the largely untapped potential for museums as key intellectual and civic resources to address inequalities injustice and environmental challenges This makes the book essential reading for scholars and students of museum and heritage studies gallery studies arts and heritage management and politics It will be a source of inspiration to museum practitioners and museum leaders around the globe *Transforming the Authority of the Archive* Andi Gustavson,Charlotte Nunes,2023-08-22 Perspectives from educators archivists and students involved in efforts to deconstruct and transform the institutional authority of archives **Annual Review of Cultural Heritage Informatics** Samantha K.
