Inner War and Peace Osho, 2005 When a battle is raging within enemies appear on the outside Osho the provocative spiritual teacher whom novelist Tom Robbins called the most dangerous man since Jesus Christ provides illuminating commentary on the classic Hindu scripture the Bhagavad Gita His eye opening interpretation exposes the roots of our contemporary personal and global problems and reveals how the patterns and conditionings of our minds create misery dilemma conflict and war Most important Osho offers his timeless solution to the problem by expanding on Krishna s psychological vision and drawing wisdom from the sacred text

Behind Kṛṣṇa's Smile Antonio Rigopoulos, Gianni Pellegrini, 2024-10-01 Behind K a s Smile offers a wholly original perspective on the celebrated Bhagavadgītā or Song of God The book investigates K a s hint of laughter prahasann iva in Bhagavadgītā 2.10 which is generally understood to be the turning point of the famous poem signaling the outpouring of his grace and teaching to Arjuna Remarkably it is from this verse that a kara and other leading theologians begin to write their commentaries In addition to exploring the momentousness of K a s hint of laughter and its impact on the poem s central teachings Behind K a s Smile provides a crucial interpretation of K a s prahasann iva in the Vedānta commentarial tradition from a kara up to modern times The book also considers the meanings of the stock phrase prahasann iva in the larger epic framework of the Mahābhārata and Rāmāyaṇa Moreover the book offers the first comprehensive review of the significance of K a s smile in Kāite iconography and literature demonstrating that there is a unified canon bringing together the literary and performative dimensions of K a s hint of laughter

Inner Conflict Leads to Outer Disorder Suryanarayana Raju,MR P V S Suryanarayana Raju Raju,2012-05-23 Conflict is inner war Conflict is a product of living in time dimension We can find a solution if we live with it but not through escaping from it In observation of conflict in timeless dimension about the nature of conflict which is a product of time there is the solution to conflict Ending of conflict is the ending of sorrow In the ending of conflict there is the ending of me and so there is the ending of sorrow So first of all we must see the necessity of ending of conflict both inwardly and outwardly If we identify the disease then we can find a cure to it So far Arjuna enjoyed the pleasure of being somebody in the fighting he enjoyed the pleasure of being famous he conformed to social norms in which there is pleasure now at this juncture of great war pleasure out of all these may be thwarted and so for the first time in life he is aware of inner conflict and he wants to solve that conflict by not participating in the war Non action is not inaction We have to understand the nature of conflict not avoiding conflict by indulging in drugs sex alcohol clubs social and religious activities etc Understanding conflict is possible only through self inquiry in awareness All others are tricks to avoid it If there is conflict it distorts mind and decisions consciously or unconsciously Conflict is awareness of blockage of pleasure pain frustration pursuit of pleasure pursuit for recognition etc Until and unless we understand what it means to relate with the other we do not differentiate between action and activity

Bhagavad Gita (in English) Sudhir Parmar, 2024-05-04

In today's fast-paced, hyperconnected world, stress, worry, and negative emotions are all too common. Many people find themselves trapped in cycles of overthinking. They struggle to break free from bad habits and manage the pressures of daily life. Amidst this turmoil, the ancient wisdom of the Bhagavad Gita offers a timeless solution to these modern challenges. One major issue plaguing modern society is the epidemic of overthinking. Our minds constantly chatter incessantly, analyzing past events and worrying about the future. This leads to mental exhaustion, decision paralysis, and perpetual problems. Overthinking robs us of peace and the ability to live in the present. Moreover, chronic stress has become a silent killer, contributing to numerous physical and mental health problems. Unmanaged stress erodes our relationships, hinders productivity, and strips away our well-being. Negative emotions like anger, resentment, guilt, and shame also take a severe toll. These toxic emotions fester within us, coloring our perceptions, influencing decisions, and straining relationships. If left unaddressed, they lead to a downward spiral of self-destructive thoughts and behaviors. Bad habits like procrastination, excessive screen time, emotional eating, or substance abuse trap us in cycles of instant gratification and long-term dissatisfaction. We often use these habits as coping mechanisms to numb pain or distract ourselves from challenges. However, they ultimately leave us feeling unfulfilled and disconnected from our true selves. The Gita guides us toward self-realization and inner peace. It teaches that our true nature is not the transient body or fluctuating mind but the eternal, unchanging soul. By shifting our identification from the ego to the soul, we detach from the mind's drama and external circumstances. The Gita also stresses cultivating equanimity, maintaining a balanced mind amidst ups and downs. We can better navigate challenges and stressors by developing detachment and understanding the transient nature of joy and sorrow. The Gita emphasizes surrendering our worries and fears to a higher power. Cultivating faith and trust in the divine brings solace in knowing we're not alone and that there is a greater purpose. This surrender alleviates worry's burden, allowing us to approach life with acceptance and grace. It teaches transforming negative emotions through love, compassion, and forgiveness. By responding to difficult situations and people with understanding and kindness, we break free from the negativity cycle and cultivate a more positive inner state. The Gita encourages developing self-discipline and self-mastery to overcome bad habits and align actions with our highest values. By setting clear intentions, building willpower, and consistently choosing behaviors that support well-being, we replace negative patterns with positive ones and reclaim control. The Bhagavad Gita's wisdom has endured, offering profound guidance for navigating life's challenges. By integrating its teachings, we develop the tools and perspectives to
