Hard Luck Hank Suck My Cosmos Volume 4:

Hard Luck Hank Steven Campbell, 2015-06-26 Life on the space station Belvaille was hard Not for the rich aristocrats who called it home but for the poor slobs like Hank Hank was considered a renowned cutthroat and was the oldest living person in the city His job was to do the dirty work of people who didn't want to get their hands dirty but still want dirty things done Hank was a mutant who was bulletproof and weighed thousands of pounds both effective attributes in his line of work When the wife of a City Councilman approaches Hank about spying on her husband Hank worries he might be flying too close to the flames for his own safety When the man is assassinated Hank is sure he is Hank has to try and keep himself from getting framed for the murder as he is simultaneously dragged deeper and deeper into the machinations of the powerful City Council NOTE sequel to Hard Luck Hank Screw the Galaxy Hard Luck Hank Basketful of Crap and Hard Luck Hank Prince of Suck

Hard Luck Hank Steven Campbell, 2014-10-18 An increasingly crippled Hank struggles to keep the various factions of Belvaille in check after the collapse of the Colmarian Confederation Hank as Supreme Kommilaire and Secretary of City has several hundred police to try and maintain order among the millions of inhabitants on the space station while simultaneously preparing for Belvaille's first ever election He thinks it is an impossible task Every year the city and even the galaxy falls further into chaos as he himself succumbs to the debilitating effects of his mutation With economic turmoil everywhere a dirty election in the works and the galaxy's foremost assassin hunting him Hank has to decide if he can save Belvaille Or if it's even worth saving NOTE Sequel to Hard Luck Hank Screw the Galaxy and Hard Luck Hank Basketful of Crap

Hard Luck Hank Steven Campbell, 2016-07-14 Hank is a thug He knows he's a thug He has no problem with that realization In his view the galaxy has given him a gift a mutation that allows him to withstand great deals of physical trauma He puts his abilities to the best use possible and that isn't by being a scientist Besides the space station Belvaille doesn't need scientists It is not generally a thinking person's locale It is the remotest habitation in the entire Colmarian Confederation There is literally no reason to be there Unless you are a criminal Because of its location Belvaille is populated with nothing but crooks Every day is a series of power struggles between the crime bosses Hank is an intrinsic part of this community as a premier gang negotiator Not because he is eloquent or brilliant or an expert combatant but because if you shoot him in the face he keeps on talking Hank believes he has it pretty good until a beautiful and mysterious blue woman enters his life with a compelling job offer Hank and Belvaille so long out of public scrutiny suddenly find themselves at the epicenter of the galaxy with a lot of very unwelcome attention

Hard Luck Hank Steven Campbell, 2021-03-14 Garm trained her whole life as a member of the secretive Quadrad organization Her planet is famous for its assassins and governmental manipulators It's whispered that behind every mysterious death lurks a Quadrad But when Garm enters the wide galaxy she finds her prestigious training entirely insufficient Most Quadrad are abysmal failures unable to cope in an advanced technological empire The Quadrad are nothing but a very clever marketing campaign that has been going on for 20

000 years But Garm is different She is determined to be the most successful most lethal and richest agent of change in history To that end she assembles the best spaceship crew she can afford Unfortunately she is extremely poor Her ship is a former pleasure cruise vessel the Summer Dream Adventure And her crew is made up of ancient relics war criminals incomprehensible aliens nymphomaniacs and creatures so dangerous just being near them can prove fatal To make matters worse Garm is personally being hunted by the government which seeks to forcibly put an end to the Quadrad myth forever

Hard Luck Hank: Robot Farts Steven Campbell, 2016-12-15 Sometimes it s not easy being a mutant thug The space station Belvaille once the center of civilization is nearly deserted because of the new government s policies Hank makes do by working odd jobs but he isn t sure how long those or the city can last However there are still some people trying to scratch out a dishonest living on Belvaille Hank concocts a plan to save the city steal from the countless transports and freighters that pass through the System In the meantime Hank falls in with a tough crowd of freedom fighters who seem determined to overthrow the government The team goes on exceedingly dangerous assignments with Hank taking the brunt of the danger As if things weren t bad enough the Navy set up residence in the System a powerful alien dignitary is scheduled to arrive and Hank s absurdly competent butler states that his robotic species may declare war on Hank s home It s up to Hank to fix the problems find out who is doing what and why and to try and earn a little cash in the process Hard Luck Hank Steven Campbell, 2014-04-21 Hank was a dying breed on the space station Belvaille The criminal gangs that had once made their homes there were forced out by the corporations that had taken over since the facility became an Independent Protectorate Instead of the gentlemanly gang wars that had once dominated the scene and made Hank s services prized as a negotiator the city was now plagued by the clash of corporate armies using heavy weapons Even tanks roamed the streets regularly Most everyone from the olden days had either fled the station or was killed due to the organizational changes Changes that Hank personally brought about when he had negotiated Belvaille s status with the Navy As Hank contemplates whether he can survive in this increasingly hostile environment he realizes that things aren t as bad as they seem they are quite a bit worse The constant power plays among corporations might have further reach than just the alleys of a backwater space station at the edge of the galaxy
