Volume 1 Jeroen Darquennes, Joseph C. Salmons, Wim Vandebussche, 2019-08-19 *Language Contact An International Handbook* offers a comprehensive overview of current topics in research on language contact. Broadly conceived, it stands out for its international approach to language contact, complementing the theoretical state of the art with examples from traditionally eclipsed areas and languages. Next to a thorough introductory overview of the ground-breaking methodological and theoretical approaches that shaped the discipline, ample attention goes to the new and innovative insights on language contact in the 21st century. Combining concise introductory contributions with in-depth treatment of the most relevant case studies in the field, the handbook speaks to both junior and established scholars. *The Routledge Handbook of Translation History* Christopher Rundle, 2021-09-30 *The Routledge Handbook of Translation History* presents the first comprehensive state of the art overview of this multi-faceted disciplinary area and serves both as an introduction to carrying out research into translation and interpreting history and as a key point of reference for some of its main theoretical and methodological issues, interdisciplinary approaches and research themes. The Handbook brings together 30 eminent international scholars from a wide range of disciplinary backgrounds, offering examples of the most innovative research while representing a wide range of approaches, themes and cultural contexts. The Handbook is divided into four sections: the first looks at some key methodological and theoretical approaches; the second examines some of the key research areas that have developed an interdisciplinary dialogue with translation history; the third looks at translation history from the perspective of specific cultural and religious perspectives; and the fourth offers a selection of case studies on some of the key topics to have emerged in translation and interpreting history over the past 20 years. This Handbook is an indispensable resource for students and researchers of translation and interpreting history, translation theory and related areas. *The Routledge Handbook of Interpreting* Holly Mikkelsen, Renée Jourdenais, 2015-02-20 *The Routledge Handbook of Interpreting* provides a comprehensive survey of the field of interpreting for a global readership. The handbook includes an introduction and four sections with thirty-one chapters by leading international contributors. The four sections cover: The history and evolution of the field; The core areas of interpreting studies from conference interpreting to interpreting in conflict zones and voiceover; Current issues and debates from ethics and the role of the interpreter to the impact of globalization; A look to the future. Suggestions for further reading are provided with every chapter. *The Routledge Handbook of Interpreting* is an essential reference for researchers and advanced students of interpreting. *Literary Translation in Modern Iran* Esmaeil Haddadian-Moghaddam, 2014-12-15 *Literary Translation in Modern Iran* A sociological study is the first comprehensive study of literary translation in modern Iran, covering the period from the late 19th century up to the present day. By drawing on Pierre Bourdieu's sociology of culture, this work investigates the people behind the selection, translation and production of novels from English into Persian. The choice of novels such as Morier's *The Adventures of Hajji Baba of Ispahan*, Austen's *Pride and Prejudice* and Vargas Llosa's *The War of the End of the World* provides insights into who decides upon titles for

translation motivations of translators and publishers and the context in which such decisions are made The author suggests that literary translation in Iran is not a straightforward activity As part of the field of cultural production literary translation has remained a lively game not only to examine and observe but also often a challenging one to play By adopting hide and seek strategies and with attention to the dynamic of the field of publishing Iranian translators and publishers have continued to play the game against all odds The book is not only a contribution to the growing scholarship informed by sociological approaches to translation but an essential reading for scholars and students of Translation Studies Iranian Studies and Middle Eastern Studies **The Situatedness of Translation Studies** ,2021-03-15 In The Situatedness of Translation

Studies Luc van Doorslaer and Ton Naaijken critically reassess some outdated views about Translation Studies and demonstrate that translation theory is far more diverse than its usual representation as a Western scholarly tradition arising from the 1970s onwards They present ten chapters about lesser known conceptualizations of translation and translation theory in various cultural contexts such as Chinese Estonian Greek Russian and Ukrainian This book shows that so called modern arguments about translation practice encompassing much more than a linguistic phenomenon can in fact be dated back and connected to several precursors such as semiotics or transfer theory In doing so it theorizes and localizes discussions about perceptions of translation and Translation Studies as a discipline Contributors Yves Gambier Iryna Odrekhivska Elin S tiste Silvi Salupere Shaul Levin Feng Cui Natalia Kamovnikova Anastasia Shakhova George Floros Simos Grammenidis Anne Lange Luc van Doorslaer Ton Naaijken **Introducing Translation Studies** Jeremy

in Translation and Translation Studies **Linking up with Video** Heidi Salaets, Geert Brône, 2020-01-15 This volume is intended as an innovating reader for both interpreting practitioners as well as scholars engaging with the multifaceted question addressed in the title Why linking up with video The chapters in this volume deal with this question from different perspectives On the one hand the volume continues the ongoing discussion on the pros and cons of video based interaction for the interpreting profession exploring the implications and applications when interpreters and their clients link up through video technology On the other hand the chapters also explore the potential of video technology for research on interpreting hence raising the question in which way high quality video recordings of interpreters in the booth participants involved in interpreter mediated talk etc may be instrumental in gaining new insights In this sense the volume strongly ties in with the fast growing field of multimodal interaction studies which makes use of video recordings to study the relationship between verbal and nonverbal resources such as gestures postural orientation gaze and head movements in the construction of meaning in communication **Handbook of Terminology** Łucja Biel, Hendrik J. Kockaert, 2023-12-15 As a core component of legal language used to draft enforce and practice law legal terms have fascinated lawyers linguists terminologists and other scholars for centuries Third in the series this Handbook offers a comprehensive compendium of the current state of knowledge on legal terminology It is the first attempt to bring together perspectives from the domains of Terminology Translation Studies Linguistics Law and Information Technology in a single place This interdisciplinary endeavour comprises systematic reviews case studies and research papers which overview key properties of legal terms and concepts terminological tools and resources training aspects as well as translation in national contexts and multilingual organizations The Handbook attests to the complex multifaceted nature of legal terminology and showcases its cultural communicative cognitive and social contexts in diverse legal systems It is a rich resource for scholars practitioners trainers and students presenting vibrant research and practice in this area **Handbook of Terminology** Abied Alsulaiman, Ahmed Allaithy, Kara Warburton, 2019-01-29 The current volume represents a revival of Arabic translation and terminology studies These disciplines have been dominated by Western scholarship in recent decades but in truth their historical tradition as a whole owes a great debt to Arabic scholarship The first systematic translation activity ever organized was under the Abbasids in Baghdad in the 9th Century CE and Arabic domination continued for several centuries before the tide turned In this collection the importance of the ongoing translation and terminology movement in the Arab world is revealed through the works of some of the most distinguished scholars who investigate a wide range of relevant topics from the making of the first ever Arabic monolingual dictionary to modern day localization into Arabic Arabic terminology standardization as well as legal medical Sufi and Quranic terms issues with both cultural and economic ramifications for the Arab world are thoroughly examined completing the solid framework of this rich tradition that still has a lot to offer Reframing Western Comics in Translation Nicolas Martinez, 2023-11-20 This book adopts an intermedial translational and transnational approach to the

study of the Western genre in European Francophone comics and their English and Spanish translations offering an innovative form of analysis with potential applications in future research on the translation of comics Martinez takes the application of Bourdieu's work on the sociology of culture to translation studies to explore the role of diverse social agents in shaping the products processes and reception of translations of Western comics The book focuses on Jean Michel Charlier and Jean Giraud's iconic Blueberry Western comic book series as a lens through which to examine agency and sociocultural norms that influence translations and the degrees to which cartoonists editors translators and censors frame the genre on a global scale The volume both extends the borders of translation studies research beyond interlingual translation and showcases the study of comics and graphic narratives as an area of inquiry in its own right within the field This book will be of interest to scholars in translation studies comics studies visual culture and cultural studies

Practices, Education and Technology in Audiovisual Translation Alejandro Bolaños García-Escribano, 2024-08-30 This book explores the intersections of education and technology in audiovisual translation unpacking the evolution of AVT ecosystems and looking ahead to future directions for the role of technology in the translation industry and higher education The volume begins by outlining a holistic account of audiovisual translation scholarship which includes work on subtitling and dubbing but which has grown to encompass a wider range of practices in light of new technologies before looking at the current landscape of translator education including greater interest in distance education and AVT centered curriculum design These foundations set the stage for an examination of technological inroads which have permeated AVT practice including the rise of cloud based technologies and their use by major media companies Bolaños draws parallels between these developments to demonstrate the ways in which new tools can help the ever evolving needs of both the translation industry and higher education and in turn foster industry academia collaboration and the growth of new technologies through investment at the pedagogical level This book will be of interest to students scholars and practitioners in translation studies particularly those working in audiovisual translation translation technologies and translator training The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Government Translation in South Korea Jinsil Choi, 2022-04-26 Government Translation in South Korea A Corpus based Study is the first book to investigate and discuss translation processes and translation products in South Korean government institutions employing a parallel corpus based approach Choi identifies different agents and procedures involved in institutional translation practices discusses linguistic and genre features of translations and investigates changes made in translations compared to the original documents during the two Korean presidencies of Lee Myung-bak 2008-2013 and Park Geun-hye 2013-2017 Choi's book explores important facets of Korean government translation in the belief that practices associated with the normative meaning and concept of government translation have to be displaced into the wider understanding of the concept of translation as a social construct Drawing on the theoretical

frameworks of institutional translation and critical discourse analysis informed corpus based translation studies the chapters discuss the practice process and products of Korean government translation The Korean English parallel corpus methodology used introduces a systemic way to analyse changes in Korean government translations based on a personally built sentence level tagged corpus both qualitatively and quantitatively This volume will be of great interest to scholars and students of translation studies as well as Korean studies
