Hara The Vital Center Of Man:

Hara Karlfried Graf Dürckheim, 2004-10-27 The classic text on balance inner calm and the cultivation of tranquillity using the age old techniques of Zen masters Reveals the psychosomatic underpinnings of Zen Taoism and other Eastern traditions Provides an alternative to the chest out belly in postural attitude of the West Includes translations of the wisdom teachings of three Japanese masters Shows how the theory and practice of Hara helps us find our essential self When we speak of an individual's state we are actually referring to something that transcends the duality of body and soul something that reflects the entirety of a person's being Because each of us is a unity of body and soul there is no psychic structure or inner tension that is not reflected outwardly in the form and order of the body When we find the physical center of the body we also find the psychological center of the soul According to Zen masters by correcting posture and breathing to balance this center one can cultivate inner tranquillity and balance the state called Hara In Hara Karlfried Graf Dürckheim shows the Western world how to overcome the physical and spiritual decay of modern life by adopting the age old techniques of Japanese Zen masters By leaving behind the chest out belly in posture and attitude of the West and adopting the belly centered posture and attitude of Hara individuals can live a calm grounded and more balanced life Included in this classic text are vital life force practices and translations of the wisdom teachings of three Japanese Zen masters This book also explores how the practice of Hara emphasizes empirical learning and the cultivation of self knowledge through the perfection of arts such as painting and archery Hara Graf Karlfried Dürckheim, 1962 *Hara; the Vital Centre of Man* Graf Karlfried Dürckheim, 1862

Divining the Body Jan Phillips, 2012-06-07 Honor Your Body as the Instrument of Your Soul This book is an attempt to undo the damage we've sustained living in a culture that thrives on our self hatred It is a sanctification of our human bodies a consecration of ourselves as hosts to the Great Beloved It is a journey of awe and reverence through the sacred terrain of foot and hand back and breast heart and brain The path to peace is the pathway through ourselves starting with the inward step the brave gentle step toward the Divine within from the Introduction Our view of the human body is always evolving From the goddess worship of civilizations millennia ago to the strict social rules of Victorian England to the modern feminist movement the human body particularly the feminine body has always been a point of interest mystery and contention Discover an entirely new way to look at your body as a pathway to the Divine Award winner Jan Phillips takes you on an energizing journey through your physical self drawing connections between the bone muscle and sinew of your body and the spiritual teachings of various faith traditions modern scientific research and her own experiences You will find yourself empowered to work to transform the world around you and overcome self defeating thoughts through positive practical exercises and meditations that show you how to climb back into your body and honor it as the temple of God that it is

Myth and Meaning in Early Taoism N. J. Girardot,1988 Myth and Meaning in Early Daoism examines some of the earliest texts associated with the Daoist tradition primarily the Daode jing Zhuangzi and Huainanzi from the outlook of the comparative history of religions and finds a kind of thematic and soteriological unity rooted in the mythological symbolism of hundun the primal chaos being and principle that is foundational for the philosophy and practice of the Dao as creatio continua in cosmic social and individual life Dedicated to the proposition that ancient Chinese texts and traditions are often best understood from a broad interdisciplinary and interpretive perspective this work when it was written challenged many prevailing conceptions of the Daode jing and Zhuangzi as primarily philosophical texts without any religious significance or affinity with the later sectarian traditions While controversial and at times playfully provocative the methodology and findings of this book are still important for the ongoing scholarship about Daoism in China and the world

The Biodynamics of the Immune System Michael J. Shea, 2023-01-17 Biodynamic therapy practices for optimizing the immune system and healing the spiritual suffering at the root of many modern ailments Examines the need to restore balance to the immune system through a deeper spiritual connection to the energies of the universe Shares unique biodynamic protocols to balance the metabolism with the cosmos as well as optimize the immune system and the function of the vagus nerve Drawing on more than 45 years of practicing Eastern medicine Michael J Shea Ph D presents a holistic guide to biodynamic manual therapy practices for optimizing the immune system and for healing the deep spiritual suffering of our contemporary world Showing spiritual suffering to be the root of our modern epidemic of metabolic syndrome and other widespread health issues the author explains how the pervasive degradation of the human body relates directly with the food we eat the air we breathe and our thoughts and emotions He explains how the Five Element theory of Eastern medicine offers a method to reclaim the body by sensing each element in and around us as a single continuum Focusing especially on the fluid body in biodynamic osteopathy and biodynamic craniosacral therapy the author shows how inflamed components of the fluid body such as the blood and lymphatic system form the substrate of metabolic syndromes He offers practices to visualize the health of the fluid body He explains how in order to enact the full benefits of the immune system we need to nurture a deep sense of safety inside the

body a symbolic return to our embryonic and cosmic origins and a restoration of our sacred wholeness Offering an extensive section of therapeutic applications including both in person and remote techniques the author shares new and unique biodynamic protocols to balance the metabolism with the cosmos as well as optimize the immune system and the function of the vagus nerve Enacting healing at the deepest spiritual level Shea reveals how to create inner and outer balance to restore wholeness as it was at the time of the origin of the universe

Mary Poppins, She Wrote Valerie Lawson,2013-12-03 The story of Mary Poppins the quintessentially English and utterly magical children s nanny is remarkable enough She flew into the lives of the unsuspecting Banks family in a children s book that was instantly hailed as a classic then became a household name when Julie Andrews stepped into the starring role in Walt Disney s hugely successful and equally classic film Now she is a sensation all over again both on Broadway and in Disney s upcoming film Saving Mr Banks Saving Mr Banksretells many of the stories in Valerie Lawson s biography Mary Poppins She Wrote including P L Travers s move from London to Hollywood and her struggles with Walt Disney as he adapted her novel for the big screen Travers whom Disney accused of vanity for thinking she knows more about Mary Poppins than I do was a poet and world renowned author as tart and opinionated as Andrews s big screen Mary Poppins was cheery and porcelain beautiful Yet it was a love of mysticism and magic that shaped Travers s life as well as the very character of Mary Poppins The clipped strict and ultimately mysterious nanny who emerged from her pen was the creation of someone who remained inscrutable and enigmatic to the end of her ninety six years Valerie Lawson s illuminating biography provides the first full look at the life of the woman and writer whose personal journey is as intriguing as her beloved characters

The Sacred Embrace of Jesus and Mary Jean-Yves Leloup,2006-02-24 An examination of how the teachings of Jesus reveal the essential role of sexuality in spiritual growth and transformation Shows that Jesus did not come to redeem humanity from the life of the flesh but to honor it as a spiritual path Uses Hebrew gnostic and early Christian source texts to reveal the true context of the words attributed to Jesus Explores the spiritual and physical relationship shared by Jesus and Mary Magdalene Of all the major religions Christianity is the only one that has utterly rejected sexuality as one of the many paths that can lead to enlightenment and salvation But if Jesus was indeed the Word made flesh and serious consideration is given to the mystery of his Incarnation is it reasonable that physical love would have been prohibited to him Drawing from the canonical and apocryphal gospels the Hebrew esoteric tradition and gnosticism Jean Yves Leloup shows that Jesus did not come to save humanity from the life of the flesh but to save the life of the flesh so that it would truly transfigure all people Leloup explains that when Saint Paul said it was good to be without women he did not cite any words of Jesus in support of this contention In fact Paul s statement utterly contradicts the words of God in Genesis It is not good that man should be alone Leloup argues that the elimination of the divine feminine and sacred sexuality set in motion by Paul s words does not reflect the true teachings of Christ and that the transformation of Jesus into a celibate is the true heresy His research restores Christ s true human sexuality and shows it to be a vital part of

humanity's spirituality Leloup contends that by understanding the sacred nature of the embrace shared by man and woman as a true reflection of humanity made in God's image Christianity can again become the powerful path of transfiguration Christ intended
