**Elizabeth Gaskell's Smaller Stories** Carolyn Lambert, 2021-08-26 This book re locates Elizabeth Gaskell's smaller stories in the literary and cultural context of the nineteenth century While Gaskell is recognised as one of the major novelists of her time the short stories that make up a large proportion of her published work have not yet received the critical attention they deserve This study re claims them as an indispensable part of her literary output that enables us to better contextualize and assess her achievement holistically as a highly skilled woman of letters The periodicals in which Gaskell's shorter pieces were published offer a microcosm of nineteenth century society and Gaskell took full advantage of the medium to apply a consistent and barbed challenge to cultural and gendered constructs of roles and social behaviour Although her eminently readable prose still flows easily in her short stories it is less likely to elide the sharp corners of domestic violence the disabling experiences of women the pain of death and loss and the complications of family life

**Performativity in Elizabeth Gaskell's Shorter Fiction** Melissa Schaub, 2019-08-31 This book simultaneously examines the specific theoretical issues raised by Elizabeth Gaskell's use of characterization in her shorter fiction and addresses the larger question of how literary critics ought to use theory The text gives a history of Judith Butler's theory of performativity and the uptake of that theory in literary criticism and also provides detailed close reading of Gaskell's fiction both frequently examined texts like *Cranford* *Mary Barton* and *Wives and Daughters* and some that are less often studied such as *Lizzie Leigh* and *Cousin Phillis* The book argues that as theory becomes naturalized into the vocabulary of literary scholars it often becomes more optimistic and less specific In discussing the naturalization of theory exemplified by the application of performativity to Gaskell the book advances general principles on the use of theory It can be read as scholarship or used as a textbook in literary methods courses
