Hamlet - The First Quarto (Sos) William Shakespeare, Graham Holderness, Bryan Loughrey, 2014-09-25 The first in a series on Shakespeare's original texts including facsimile pages this version of Hamlet is claimed to be in some ways the most authentic version of the play that we have Included are an introduction notes and a theoretical historical and contextual critique This text has been rejected by scholars as a bad Quarto corrupt and pirated text printed without the permission of the playwright or his company Nonetheless it was the first version of the play to be published and it has been produced in the modern theatre with success This new edition of that Quarto seeks to acknowledge the play's distinctive poetic and dramatic qualities instead of comparing them unfavourably to one of the other versions

Henry V - The Quarto(Sos) William Shakespeare, 2014-09-25 One of a series on Shakespeare's original texts including facsimile pages this version of Henry V is claimed to be in some ways the most authentic version of the play that we have Included are an introduction notes and a theoretical historical and contextual critique The original text or First Quarto of Henry V published in 1600 is missing the Chorus a dramatic device which recent criticism has used to suggest a strikingly modern view of history and politics These and other significant changes mean that critics can no longer assume that the play presents a distanced ironic perspective on its own political and military action If Elizabethan audiences saw in performance something closer to the First Folio than the 1623 Folio text then their dramatic engagement with history was of a kind very different from that of the play's 20th century interpreters This new edition makes available the original text of Henry V in all its theatrical simplicity and historical difference

Hamlet William Shakespeare, *The First Quarto of Hamlet* William Shakespeare, 1998 The first quarto of Hamlet is
radically different from the second quarto and Folio versions of the play and about half their length But despite its uneven
verbal texture and simpler characterisation the first quarto presents its own workable alternatives to the longer texts
reordering and combining key plot elements and even including a unique scene between Horatio and the Queen This new
critical edition is designed for students scholars and actors who are intrigued by the first printed text of Shakespeare's
Hamlet Although the first quarto has been reprinted many times there is no other modernised edition in print I trace
introduction outlines views of its origins its special features and its surprisingly rich performance history her textual notes
point out differences between the first quarto and the longer second quarto and Folio versions and offer alternatives which
actors or directors might choose for specific productions Shakespeare's Hamlet William Shakespeare, 1603 Hamlet:
