Book A Handbook for Trainee Nursing Associates Neil Davison, David Matthews, 2023-05-31 A Handbook for Trainee
Nursing Associates provides a concise introduction to the essential background knowledge that aspiring nursing associates
need as a foundation for their training Each chapter is linked to the outcomes of the NMC Standards of proficiency for
nursing associates This book will underpin your studies and enable you to support registered nurses in caring for people in a
variety of health and care settings It will also give a solid grounding for nursing associates who want to follow the
progression route into graduate nursing Packed with activities to help you apply theory to contemporary practice A
Handbook for Trainee Nursing Associates covers the core of your studies Study skills Professional and communication skills
Values and ethics Society and health Psychology and health Public health and health promotion Research and evidence based
practice Mental health Learning disabilities A Handbook for Trainee Nursing Associates gives you an accessible introduction
to the knowledge and understanding you will need at the start of your training and into your healthcare career **District**
Nursing Manual of Clinical Procedures Liz O'Brien, 2012-03-09 This manual the first of its kind focused on district
nursing provides the means to build competence and confidence in nurses new to the community or developing their skills
The comprehensive and evidence based content provides essential information for competence in key areas of district
nursing From the Foreword by Rosemary Cook CBE Hon D Lett MSc PG Dip RGN Director The Queen's Nursing Institute
Clinical skills are a fundamental aspect of district nursing care The District Nursing Manual of Clinical Procedures is a
practical evidence based manual of clinical skills which reflects the unique challenges of district nursing care within the
patient's home It provides a comprehensive resource for all district nurses community nurses students and healthcare
professionals involved in the district nursing team enabling them to practice competently and confidently and deliver
clinically effective person centred care The District Nursing Manual of Clinical Procedures addresses the complexity of
district nursing care and encompasses key aspects of clinical practice including decision making in areas that district and
community nurses often struggle with or find difficult when they are on their own in a patient's home It utilises the latest
clinical research and expert clinical knowledge to address these challenges and to provide the underlying theory and
evidence for district nursing care Key features Evidence based manual of practical clinical skills in district nursing care Clear
user friendly and easy to understand Contains recommendations for expert care within a patient's own home Addresses key
concerns of district and community nurses working on their own within a patient's home Encompasses key aspects of district
nursing care Placed in the context of person centred care All procedures include the rationale for each action why as well as
