Ancient and Traditional Foods, Plants, Herbs and Spices used in Cardiovascular Health and Disease Rajkumar Rajendram, Victor Preedy, Vinood Patel, 2023-07-31 The use of different foods herbs and spices to treat or prevent disease has been recorded for thousands of years Egyptian papyrus hieroglyphics and ancient texts from the Middle East have described the cultivation and preparations of herbs and botanicals to cure the sick There are even older records from China and India Some ancient scripts describe the use of medicinal plants which have never been seen within European cultures Indeed all ancient civilizations have pictorial records of different foods herbs and spices being used for medical purposes However there are fundamental issues pertaining to the scientific evidence

for the use of these agents or their extracts in modern medicine There have been considerable advances in scientific techniques over the last few decades These have been used to examine the composition and applications of traditional cures Modern science has also seen the investigation of herbs spices and botanicals beyond their traditional usage For example plants which have been used for digestion or medical ills since time immemorial are now being investigated for anti cancer properties or their toxicity using high throughput screening Techniques also include molecular biology cellular biochemistry physiology endocrinology and even medical imaging However much of the material relating to the scientific basis or applications of traditional foods herbs spices and botanicals is scattered among various sources The widespread applicability of foods or botanicals are rarely described and cautionary notes on toxicity are often ignored These issues are explored in *Ancient and Traditional Foods Plants Herbs and Spices used in Cardiovascular Health and Disease Features Investigates alternative healthcare paradigms that use traditional dietary foods plant derived materials and extracts to treat cardiovascular diseases Provides information on diets specific agents and extracts Many chapters focus on plant derived material providing a historical background uses toxicity and cautionary notes and summary points With contributions from leading international experts this book is useful for cardiologists nutritionists physicians healthcare workers food scientists and those working in the food industry pharmacologists and research scientists* *The Tree Dispensary* Christina Stapley, 2021-04-19 An exploration of the history folklore and medicinal uses of thirty Native European trees In this beautifully illustrated book which uses the author's own photographs Christina Stapley provides a thorough and deep appreciation of trees as she has experienced them through everyday life as a herb historian and practising herbalist Categorised into seasons each of the thirty tree chapters covers cultivation cooking foraging crafts history botany medicinal use and mythology Original herbals are used as source material for the historical section allowing voices from the past to speak for themselves A Herbalists Reference for each tree includes medicinal uses dosage and constituents and reflects the author's own extensive experience of using these wonderful tree remedies Never again will a tincture or dried herb of tree origin be simply a name on a label and a list of constituents actions and indications This book encourages herbalists to expand their horizons from what grows around their feet to the bounty that grows above as well As you read this book you will also feel a stronger connection to the trees and wish to explore plant and care for them yourself Volume 2 of *The Tree Dispensary* covering exotic trees is out now and can be purchased here

Herbal Medicines in Pregnancy and Lactation Edward Mills, Jean-Jacques Dugoua, Dan Perri, Gideon Koren, 2006-01-17 Just as with prescription drugs natural health products can present substantial risks and prompt the same areas of concern Although some of these effects may be life threatening current literature on these important issues is scant With the use of natural health products on the rise physicians require quality evidence with which to make evi
