Research In Multicultural Education

Carl A. Grant, 2005-06-21 A work specifically written to encourage research into multicultural education and to help researchers work through some of the inherent problems that face schools with multicultural students *Handbook of Research on Diversity and Social Justice in Higher Education* Keengwe, Jared, 2020-05-22 There is growing pressure on teachers and faculty to understand and adopt best practices to work with diverse races cultures and languages in modern classrooms Establishing sound pedagogy is also critical given that racial cultural and linguistic integration has the potential to increase academic success for all learners To that end there is also a need for educators to prepare graduates who will better meet the needs of culturally diverse learners and help their learners to become successful global citizens The Handbook of Research on Diversity and Social Justice in Higher Education is a cutting edge research book that examines cross cultural perspectives challenges and opportunities pertaining to advancing diversity and social justice in higher education Furthermore the book explores multiple concepts of building a bridge from a monocultural pedagogical framework to cross cultural knowledge through appropriate diversity education models as well as effective social justice practices Highlighting a range of topics such as cultural taxation intercultural engagement and teacher preparation this book is essential for teachers faculty academicians researchers administrators policymakers and students

Narrative and Experience in Multicultural Education JoAnn Phillion, Ming Fang He, F. Michael Connelly, 2005-03-23 Narrative and Experience in Multicultural Education provides compelling stories that raise questions advance understandings and promote insight into the challenges and hopes of teaching for diversity and democracy The works contained are compelling for the stories they tell and as such there is value in their presence That the thoughtful reader can glean important lessons with respect to multicultural education and the value of narrative inquiry as academic disciplines is intellectual icing on the cake Francisco Rios University of Wyoming This work is a very exciting important and badly needed piece of scholarship offered by some of the most leading edge professors in the field The diversity and diverse viewpoints it presents are unparalleled in the field of education Cheryl J Craig University of Houston The narratives in this book allow readers to put a human face to

an issue related to multicultural education A reflective reader will begin to see himself herself in the narratives of the text

Edmundo F Litton Loyola Marymount University The inclusion of chapters that deal with classroom realities elevate the text for education teacher candidates above those existing volumes that tend to deal with multi inter cultural issues in the abstract One of the strengths of this volume is that it will resonate with new and experienced classroom practitioners Jon G Bradley McGill University

Narrative and Experience in Multicultural Education explores the untapped potential that narrative and experiential approaches have for understanding multicultural issues in education The research featured in the book reflects an exciting new way of thinking about human experience The studies focus on the lives of students teachers parents and communities highlighting experiences seldom discussed in the literature The authors are diverse and their inquiries are far ranging in terms of content ethnic groups studied and geographic locations They also bring their personal experience to the inquiries actively participate in the lives of the people with whom they work care deeply about the concerns of their participants and search for ways to act upon these concerns Most importantly the work emphasizes the understanding of experience and transforming this understanding into social and educational significance

Key Features

- Addresses new ways to explore multicultural issues in education rather than relying on theoretical generalizations the book focuses explicitly on individual and group experiences
- Emphasizes the transformation of experience into education especially through the study of complex multicultural issues
- Challenges readers assumptions of multicultural issues by offering numerous narrative accounts and research studies for work with various ethnic groups

Narrative and Experience in Multicultural Education is designed for use in courses in multicultural education and qualitative research especially in departments of education anthropology and sociology Professional educators researchers and consultants will also find this a valuable introduction to narrative research and a welcome addition to the literature
