comprehensive and more importantly practical way how every corporation can marshal its financial support employee talents and other resources to make a meaningful impact on society I happen to be one of those corporate executives who believes that a business has a responsibility to make such an impact My brother Peter agrees Our father and uncle set an example for us and the tradition goes back to our great uncles and their uncle Levi Strauss himself For more than 125 years Levi Strauss Co has shown that social responsibility is good business and in recent years that it is also compatible with dynamic growth We are proud of that tradition and what it produced but I think the modern era of social responsibility or corporate citizenship at Levi's got its impetus in 1968 with my association with the National Alliance of Businessmen It was there that I saw what other companies were doing innovative ways to train to transport to provide jobs It opened my eyes to areas in which business could become involved areas I never before thought of as business responsibilities even areas where it could have an impact
