Lessons from Fallen Civilizations: Can a Bankrupt America Survive the Current Islamic Threat Larry Kelley, 2013-09-17 Islam s aggression against the West has been constant for the fourteen centuries of its existence The armies of Allah conquered most of the Christian Middle East and nearly conquered all of Christian Europe twice Americans know that the fall of Rome has ominous lessons for America They instinctively know that there are always barbarians at the gate Using history as its guide Lessons From Fallen Civilizations poses and answers the question Can a Bankrupt America Survive the Current Islamic Threat Today millions of militant Muslims awake every morning plotting the destruction of the US Many are among us They are our neighbors and co workers Their mission is to first intimidate then to destabilize our economy and ultimately to plant the black flag of Islam at the top of the White House Lessons demonstrates how immutable laws have always governed the fall of five great civilizations It shows how those immutable laws can be seen to repeat over time and how they are at work now It is a saga which chronicles the decisions deeds and heroics of our ancestors who saved the West It identifies the decisions we must make and the actions we must take in order to remain a free people Kelley s Immutables demonstrate how a declining America will fall at the hands of Islamic extremists

Moon-o-theism, Volume II of II Yoel Natan, 2006 This is volume two of a two volume study of a war and moon god religion that was based on the Mideast moon god religion of Sin

The First Jihad Daniel Allen Butler, 2020-01-10 A well researched account of the nineteenth century Sudanese cleric who led a bloody holy war from a New York Times bestselling author Publishers Weekly Before bin Laden al Zargawi or Ayatollah Khomeini there was the Mahdi the Expected One who raised the Arabs in pan tribal revolt against infidels and apostates in Sudan Born on the Nile in 1844 Muhammed Ahmed grew into a devout charismatic young man whose visage was said to have always featured the placid hint of a smile He developed a ferocious resentment however against the corrupt Ottoman Turks their Egyptian lackeys and finally the Europeans who he felt held the Arab people in subjugation In 1880 he raised the banner of holy war and thousands of warriors flocked to his side The Egyptians dispatched a punitive expedition to the Sudan but the Mahdist forces destroyed it In 1883 Col William Hicks gathered a larger army of nearly ten thousand men Trapped by the tribesmen in a gorge at El Obeid it was massacred to a man Three months later another British led force met disaster at El Teb This was followed by the infamous conflict at Khartoum during which a treacherous native or patriot depending upon one s point of view let the Madhist forces into the city resulting in the horrifying death of Gen Charles Chinese Gordon at the hands of jihadists In today s world the Mahdi s words have been repeated almost verbatim by the jihadists who have attacked New York Washington Madrid and London and continue to wage war from the Hindu Kush to the Mediterranean Along with

Saladin the Mahdi stands as an Islamic icon who launched his own successful crusade against the West This deeply researched work reminds us that the clash of civilizations that supposedly came upon us in September 2001 in fact began much earlier and lays important tracks into the study of terror fundamentalism and the early clash between Islam and Christianity Publishers Weekly

Schmidt, 2009-12-15 Western civilization is becoming increasingly pluralistic secularized and biblically illiterate Many people today have little sense of how their lives have benefited from Christianity's influence often viewing the church with hostility or resentment How Christianity Changed the World is a topically arranged Christian history for Christians and non Christians Grounded in solid research and written in a popular style this book is both a helpful apologetic tool in talking with unbelievers and a source of evidence for why Christianity deserves credit for many of the humane social scientific and cultural advances in the Western world in the last two thousand years Photographs timelines and charts enhance each chapter This edition features questions for reflection and discussion for each chapter *Encyclopedic Dictionary of Cults, Sects, and World Religions* Larry A. Nichols, George Mather, Alvin J. [Atheism?](#) Stephen E. Parrish,2019-05-06 Does atheism have a monopoly on reason and science Many think so or simply assume so Atheism challenges the many hidden assumptions that have led to the popular belief that atheism is the default position for explaining reality Delving into the most basic and fundamental questions of existence this thought provoking book explains that atheism does not and cannot provide a secure foundation for thought and life Specifically it demonstrates that atheistic theories cannot explain the existence of an ordered universe the conundrums of consciousness and knowledge or why there is morality or beauty Rather than being the result of reason atheism is shown to be in effect a revolt against reason If you enjoy pondering the most basic issues that confront us in our world today then *Atheism* is the book for you
