Dr. Ethel L. Williams, 2023-04-27 For generations many questions concerning life has eluded mankind People have contemplated many of these questions and speculated on the true answers Two questions that no matter where you originate from or live on this planet are by far the most intriguing to answer The existence of a being with supernatural powers and the meaning of life are not the simplest questions to answer Neither can be explained scientifically with a true answer Many people believe that we mankind are the creation of God a supernatural entity that has an intelligent purpose in creating us That intelligent purpose is the meaning of life If God exists and has an intelligent purpose in creating us do we really know what this purpose is And if so do we find it meaningful in our lives On the other hand if God doesn't exist the meaning of life can only be meaningless Considering there have been endless numbers of wars crimes discriminations mistreatment accidents diseases and numerous other misfortunes that have affected human life we naturally ask Why do these things happen And if God exists why would he let them happen A compelling thought to contemplate A true answer about God and life is presented in the information provided throughout this book The existence of God and his purpose in creating mankind is a true value for you to know This book will guide you to the meaning of life and an understanding to your purpose as God's creation All the Doctrines of the Bible Herbert Lockyer, 1964 His systemized study and analysis of the major Bible doctrines provides for readers Dr Lockyer's approach to understanding doctrines in logical sequence This method of biblical presentation can and should lead to a valuable comprehension of the Christian faith Bible Doctrine Anonymous, 2023-07-18 This classic work of Christian theology provides a comprehensive overview of the major doctrines of the Bible including God angels Satan the church salvation and the destiny of humanity Drawing on biblical texts and historical theology it offers a clear and compelling presentation of the essentials of Christian doctrine A must read for students of theology clergy and anyone interested in the Christian faith This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **BIBLE**
