Children of Darkness and Light Lori Hellis, 2024-09-24 In this gripping work of true crime a criminal lawyer takes readers inside the notorious Lori Vallow case and the devastating doomsday murders A blonde beauty queen missing children six suspicious deaths and the twisted Mormon doomsday writings of her fifth husband are only the beginning of a tragic crime saga that gripped Americans and instigated frantic searches all over the country It all started when Lori Vallow met Chad Daybell at a doomsday prepper event Their story grew like a wildfire that creates its own weather and what happened next will shock even the most experienced true crime reader Clinging to and manipulating one another Lori Vallow and Chad Daybell believed the return of Jesus Christ was imminent and that God had chosen them to lead the 144 000 and usher in the new millennium When the people closest to them began dying it became clear they would stop at nothing to be together and fulfill their mission When the bodies of Lori s missing children J J and Tylee were discovered in Chad s backyard the strange and complex story of their fundamentalist Mormon beliefs were revealed in all their true horror Author Lori Hellis a retired criminal lawyer had just moved to Arizona when news of J J and Tylee s

Feeding the Flock Terryl L. Givens, 2017-06-01 *Feeding the Flock* the second volume of Terryl L Givens s landmark study of the foundations of Mormon thought and practice traces the essential contours of Mormon practice as it developed from Joseph Smith to the present Despite the stigmatizing fascination with its social innovations polygamy communalism its stark supernaturalism angels gold plates and seer stones and its most esoteric aspects a New World Garden of Eden sacred undergarments as well as its long standing outlier status among American Protestants Givens reminds us that Mormonism remains the most enduring and thriving product of the nineteenth century s religious upheavals and innovations Because Mormonism is founded on a radically unconventional cosmology based on unusual doctrines of human nature deity and soteriology a history of its development cannot use conventional theological categories Givens has structured these volumes in a way that recognizes the implicit logic of Mormon thought The first book *Wrestling the Angel* centered on the theoretical foundations of Mormon thought and doctrine regarding God humans and salvation *Feeding the Flock* considers Mormon practice the authority of the institution of the church and its priesthood forms of worship and the function and nature of spiritual gifts in the church s history revealing that Mormonism is still a tradition very much in the process of formation At once original and provocative engaging and learned Givens offers the most sustained account of Mormon thought and practice yet written
