 Kennedy, Mary Peters, Mike Thomas, 2012 Value added is the most robust statistically significant method for connecting
 teachers to students In other words value added analysis links teachers to students and for the very first time allows
 educators to see the amount of growth they are facilitating with students Built around the value added analysis professional
 development work of Battelle for Kids this book for district and school leaders prepares educators to understand and
 implement value added analysis in order to ensure that all students are achieving and progressing By providing a user
 friendly five step implementation process along with success stories of schools teachers and students as well as strategies
 samples and tools this book will equip educators to use value added analysis to help accelerate student progress It is written
 to inform readers about what value added analysis is and to help them utilize value added information in a classroom and or
