#### GROWERS ON NSTAR GRID RECEIVE SAVINGS

It never fails what we learn as growers when we stop by and visit someone else's shop. Our industry certainly has a knack for sharing information. Greg Arnold from Nantasket Cranberry in South Carver happened to be visiting a local grower, while TNT Energy was actively upgrading lighting fixtures on that farm. TNT Energy is a new sustaining member of CCCGA that is offering energy audits to businesses in this region. Once Greg understood the audit program, without missing a beat, Greg made an appointment to have his business evaluated for potential savings. According to Greg "the savings will amount to a \$100.00 reduction in my monthly billing. My savings in energy costs and usage will be realized in just 13 months. I arranged for a free energy audit with TNT Energy, which resulted in updating the old fluorescent lighting along with incandescent lighting; TNT also installed LED motion sensors along with automated night sensors. The work was all completed in one day."

It certainly doesn't hurt to be on top of your game and be well informed, which equates to saving unnecessary dollars spent on running a business. Every day brings something new and another opportunity that could literally help you save cash at the end of each month. For those cranberry businesses attached to the NSTAR grid, there is a savings opportunity for commercial customers if you opt to take

advantage of this program called Direct Install. To initiate this savings, you need to have a free energy audit to determine what your monthly kW consumption is, your monthly consumption is calculated and then a path to energy savings will be specifically determined for your property. Energy savings opportunities to keep in mind with this program are: Upgrades to energy efficient lighting fixtures, electronic contracts, HVAC and refrigeration, programmable thermostats, pipe and duct insulation, boiler resets and several other electrical savings opportunities.

Information regarding the Direct Install program is available at [www.nstar.com](http://www.nstar.com). Once there, click on the "Business" tab and then enter "Direct Install" in the search box to direct you to the informational page. Also within the website is a geographical map listing those specific towns that are eligible for this program. In addition, you can call NSTAR Electric at 1-800-332-3333.
