EBOOK Economics South African Edition International Books in Print ,1991 *Macroeconomics* Campbell McConnell, Stanley L. Brue, Gerald C. Nelson, 1999-03 McConnell and Brue's Macroeconomics Principles Problems and Policies is the leading Principles of Macroeconomics textbook because it is innovative and teaches students in a clear unbiased way The 17th Edition builds upon the tradition of leadership by sticking to 3 main goals help the beginning student master the principles essential for understanding the economizing problem specific economic issues and the policy alternatives help the student understand and apply the economic perspective and reason accurately and objectively about economic matters and promote a lasting student interest in economics and the economy Study Guide to Accompany MacroEconomics Campbell McConnell, William B. Walstad, Stanley Brue, 2006-12-05 One of the world's leading experts on economic education William Walstad of the University of Nebraska Lincoln has prepared the seventeenth edition of the Study Guide Many students find the Study Guide indispensable Each chapter contains an introductory statement a checklist of behavioral objectives an outline a list of important terms fill in questions problems and projects objective questions and discussion questions The answers to Economics end of chapter Key Questions appear at the end of the Study Guide along with the text's glossary The Guide comprises a superb portable tutor for the principles student Separate Study Guides are available for the macro and micro paperback editions of the text *The Economics Anti-Textbook* Rod Hill, Tony Myatt, 2010-03-11 Mainstream textbooks present economics as an objective science free from value judgements that settles disputes by testing hypotheses that applies a pre determined body of principles and contains policy prescriptions supported by a consensus of professional opinion The Economics Anti Textbook argues that this is a myth one which is not only dangerously misleading but also bland and boring It challenges the mainstream textbooks assumptions arguments models and evidence It puts the controversy and excitement back into economics to reveal a fascinating and a vibrant field of study one which is more an art of persuasion than it is a science The Economics Anti Textbook's chapters parallel the major topics in the typical text beginning with a boiled down account of them before presenting an analysis and critique Drawing on the work of leading economists the Anti Textbook lays bare the blind spots in the texts and their sins of omission and commission It shows where hidden value judgements are made and when contrary evidence is ignored It shows the claims made without any evidence and the alternative theories that aren't mentioned It shows the importance of power social context and legal

framework The Economics Anti Textbook is the students guide to decoding the textbooks and shows how real economics is much more interesting than most economists are willing to let on Study Guide to Accompany Macroeconomics William B.
