Goren, Linda Beail, 2015-03-12 Explored through a broadly political lens this book examines the various political themes and historical issues seen and presented on AMC's *Mad Men* while analyzing the contemporary appeal of a television show situated in the 1960s Adman's Dilemma Paul Rutherford, 2018-01-01 The

Adman's Dilemma is a cultural biography that explores the rise and fall of the advertising man as a figure who became effectively a licensed deceiver in the process of governing the lives of American consumers. Apparently this personage was caught up in a contradiction both compelled to deceive yet supposed to tell the truth. It was this moral condition and its consequences that made the adman so interesting to critics, novelists and eventually filmmakers. The biography tracks his saga from its origins in the exaggerated doings of P. T. Barnum, the emergence of a new profession in the 1920s, the heyday of the adman's influence during the post WW2 era, the later rebranding of the adman as artist, until the apparent demise of the figure symbolized by the triumph of that consummate huckster Donald Trump. In *The Adman's Dilemma* author Paul Rutherford explores how people inside and outside the advertising industry have understood the conflict between artifice and authenticity. The book employs a range of fictional and nonfictional sources including memoirs, novels, movies, TV shows, websites and museum exhibits to suggest how the adman embodied some of the strange realities of modernity.

Connecting Childhood and Old Age in Popular Media Vanessa Joosen, 2018-01-19. Contributions by Gökçe Elif Baykal, Lincoln Geraghty, Verónica Gottau, Vanessa Joosen, Sung Ae Lee, Cecilia Lindgren, Mayako Murai, Emily Murphy, Mariano Narodowski, Johanna Sjoberg, Anna Sparrman, Ingrid Tomkowiak, Helma van Lierop, Debrauwer Ilgim, Veryeri Alaca and Elisabeth Wesseling. Media narratives in popular culture often assign interchangeable characteristics to childhood and old age, presuming a resemblance between children and the elderly. These designations in media can have far-reaching repercussions in shaping not only language but also cognitive activity and behavior. The meaning attached to biological, numerical age, even the mere fact that we calculate a numerical age at all, is culturally determined, as is the way people act their age. With populations aging all around the world, awareness of intergenerational relationships and associations surrounding old age is becoming urgent. *Connecting Childhood and Old Age in Popular Media* caters to this urgency and contributes to age literacy by supplying insights into the connection between childhood and senescence to show that people are aged by culture. Treating classic stories like the Brothers Grimm's fairy tales and Heidi, pop culture hits like *The Simpsons* and *Mad Men*, and international productions such as Turkish television cartoons and South Korean films, contributors explore the recurrent idea that children are like old people, as well as other relationships between children and elderly characters as constructed in literature and media from the mid-nineteenth century to the present. This volume deals with fiction and analyzes language as well as verbally sparse visual productions including children's literature, film, television, animation and advertising.

The Universe is Indifferent Ann W. Duncan, Jacob L. Goodson, 2017-10-26. Centred on the lives of the employees at a Manhattan advertising firm, the television series *Mad Men* touches on the advertising world's unique interests in consumerist culture, materialistic desire and the role of deception in Western capitalism. While this essay collection has a decidedly socio-historical focus, the authors use this as the starting point for philosophical, religious and theological reflection, showing how *Mad Men* reveals deep truths concerning the social trends of the 1960s and deserves a significant amount of

scholarly consideration Going beyond mere reflection the authors make deeper inquiries into what these trends say about American cultural habits the business world within Western capitalism and the rapid social changes that occurred during this period From the staid and conventional early seasons to the war assassinations riots and counterculture of later seasons The Universe is Indifferent shows how social change underpins the interpersonal dramas of the characters in *Mad Men* *To the Last Drop - Affective Economies of Extraction and Sentimentality* Axelle Germanaz, Daniela Gutiérrez Fuentes, Sarah Marak, Heike Paul, 2023-07-06 The romance of extraction underlies and partly defines Western modernity and our cultural imaginaries Combining affect studies and environmental humanities this volume analyzes societies devotion to extraction and fossil resources This devotion is shaped by a nostalgic view on settler colonialism as well as by contemporary affective economies Sara Ahmed The contributors examine the links between forms of extractivism and gendered discourses of sentimentality and the ways in which cultural narratives and practices deploy the sentimental mode in plots of attachment sacrifice and suffering to promote or challenge extractivism *Rethinking Gender in Popular Culture in the 21st Century* Astrid M. Fellner, Marta Fernández-Morales, Martina Martausová, 2017-11-06 This book explores popular culture representations of gender offering a rich and accessible discussion of masculinities and femininities in 21st century popular media It brings together contributors from various European countries to investigate the workings of gender in contemporary pop culture products in a brave original and rigorous way This volume is both an academic proposal and an exercise of commitment to a serious analysis of some of the media that influence us most in our everyday lives Representation matters and the position we take as viewers or consumers during reception matters even more **JFK and the Masculine Mystique** Steven Watts, 2025-10-16 From very early on in his career John F Kennedy's allure was more akin to a movie star than a presidential candidate Why were Americans so attracted to Kennedy in the late 1950s and early 1960s his glamorous image good looks cool style tough minded rhetoric and sex appeal As Steve Watts argues JFK was tailor made for the cultural atmosphere of his time He benefited from a crisis of manhood that had welled up in postwar America when men had become ensnared by bureaucracy softened by suburban comfort and emasculated by a generation of newly aggressive women Kennedy appeared to revive the modern American man as youthful and vigorous masculine and athletic and a sexual conquistador His cultural crusade involved other prominent figures including Frank Sinatra Norman Mailer Ian Fleming Hugh Hefner Ben Bradlee Kirk Douglas and Tony Curtis who collectively symbolized masculine regeneration JFK and the Masculine Mystique is not just another standard biography of the youthful president By examining Kennedy in the context of certain books movies social critiques music and cultural discussions that framed his ascendancy Watts shows us the excitement and sense of possibility the optimism and aspirations that accompanied the dawn of a new age in America **Politics and Politicians in Contemporary US Television** Betty Kaklamanidou, Margaret Tally, 2016-10-04 Bringing together well established scholars of media political science sociology and film to investigate the representation of

Washington politics on U S television from the mid 2000s to the present this volume offers stimulating perspectives on the status of representations of contemporary US politics the role of government and the machinations and intrigue often associated with politicians and governmental institutions The authors help to locate these representations both in the context of the history of earlier television shows that portrayed the political culture of Washington as well as within the current political culture transpiring both inside and outside of The Beltway With close attention to issues of gender race and class and offering studies from contemporary quality television including popular programmes such as *The West Wing* *Veep* *House of Cards* *The Americans* *The Good Wife* and *Scandal* the authors examine the ways in which televisual representations reveal changing attitudes towards Washington culture shedding light on the role of the media in framing the public s changing perception of politics and politicians Exploring the new era in which television finds itself with new production practices and the possible emergence of a new political genre emerging *Politics and Politicians in Contemporary U S Television* also considers the humanizing of political characters on television asking what that representation of politicians as human beings says about the national political culture A fascinating study that sits at the intersection of politics and television this book will appeal to scholars of popular culture sociology cultural and media studies **Contemporary Quality TV** Saskia M.

Fürst,Ralph J. Poole,2020-01-10 Ever since HBO s slogan *It s Not TV It s HBO* launched in 1996 so called quality television has reached a new level of marketing recognition and indeed quality With other networks imitating the formula the HBO effect triggered a wave of creative output This turn to quality set off two shifts a Contemporary television staged an international resurgence of the auteur and b America transformed into an on demand nation The chapters in this volume analyze new television lifestyles including marginalized perspectives fan participation and an emerging nostalgia correlated with trash aesthetics *Nostalgia, Anxiety, Politics: Media and Performing Arts in Egypt, Central-Eastern Europe, and Russia* Tetyana Dzyadevych,2025-01-07 This volume shows that the cultural production of nostalgia is a major tool for structuring feelings of resentment and anxiety The current volume is concerned with collective nostalgia as it has been elicited channeled and weaponized by media production agents The book aims to analyze how the performing arts and media music cinema TV etc generate and shape the feeling of collective nostalgia It shows how the cultural production of nostalgia reflects distinct social political contexts and serves particular political purposes The collective monograph prioritizes cases from the post Soviet context However the authors do not argue that the collapse of the socialist bloc in general and the USSR in particular has established some unique nostalgic precedent The book claims that mechanisms of producing nostalgia and marshaling it for political purposes are broadly similar in most modern or postmodern settings It is not our intent to demonize Russia nor do we want Russia to be our dominant frame of reference even if in most of our cases here *volens* appeared first in Russia centric post Soviet discourse The Russian bloc has been placed in the second part of the book in order to give primacy to non Russian subjects *American Unexceptionalism* Kathy Knapp,2014-05-01 American

Unexceptionalism examines a constellation of post 9 11 novels that revolve around white middle class male suburbanites thus following a tradition established by writers such as John Updike and John Cheever Focusing closely on recent works by Richard Ford Chang Rae Lee Jonathan Franzen Philip Roth Anne Tyler Gish Jen A M Homes and others Kathy Knapp demonstrates that these authors revisit this well trod turf and revive the familiar everyman character in order to reconsider and reshape American middle class experience in the wake of the 9 11 attacks and their ongoing aftermath The novels in question all take place in the sprawling terrain that stretches out beyond the Twin Towers the postwar suburbs that since the end of World War II have served like the Twin Towers themselves as a powerful advertisement of dominance to people around the globe by projecting an image of prosperity and family values These suburban tales and their everyman protagonists grapple however indirectly with the implications of the apparent decline of the economic geopolitical and moral authority of the United States In the context of perceived decay and diminishing influence these novels actively counteract the narrative of American exceptionalism frequently peddled in the wake of 9 11 If suburban fiction has historically been faulted for its limited vision this newest iteration has developed a depth of field that self consciously folds the personal into the political encompasses the have nots along with the haves and takes in the past when it imagines the future all in order to forge a community of readers who are now accountable to the larger world American Unexceptionalism traces the trajectory by which recent suburban fiction overturns the values of individualism private property ownership and competition that originally provided its foundation In doing so the novels examined here offer readers new and flexible ways to imagine being and belonging in a setting no longer characterized by stasis but by flux

E. Goodlad,2015 How did realist fiction alter in the effort to craft forms and genres receptive to the dynamism of an expanding empire and globalizing world Do these nineteenth century variations on the geopolitical aesthetic continue to resonate today Crossing literary criticism political theory and longue dur e history *The Victorian Geopolitical Aesthetic* explores these questions from the standpoint of nineteenth century novelists such as Wilkie Collins George Eliot Gustave Flaubert and Anthony Trollope as well as successors including E M Forster and the creators of recent television serials By looking at the category of sovereignty at multiple scales and in diverse contexts Lauren M E Goodlad shows that the ideological crucible for high realism was not a hegemonic liberalism It was rather a clash of modern liberal ideals struggling to disintegrate themselves from a powerful conservative vision of empire while striving to negotiate the inequalities of power which a supposedly universalistic liberalism had helped to generate The material occasion for the Victorian era s rich realist experiments was the long transition from an informal

empire of trade that could be celebrated as liberal to a neo feudal imperialism that only Tories could warmly embrace The book places realism s geopolitical aesthetic at the heart of recurring modern experiences of breached sovereignty forgotten history and subjective exile The Coda titled The Way We Historicize Now concludes the study with connections to recent debates about surface reading distant reading and the hermeneutics of suspicion *Revisiting and Revising the Fifties in Contemporary US Popular Culture* Eleonora Ravizza,2020-05-25 In this book Eleonora Ravizza analyzes how contemporary American popular culture has represented and reproduced the fifties By investigating the cultural work of films and TV series from the last two decades the book uncovers the inherent limitations of a revisionist take on the fifties Ravizza argues that due to the visual nature of the fifties crystallized in American consciousness through the widespread influence of television most contemporary attempts to rework and rewrite the regressive gender queer and racial politics fall short of such a revisionist reevaluation
