Trauma and

Nostalgia Lucien Liere, Srdjan Sremac, 2025-10-01 This volume reflects on the significance of nostalgia in the construction of traumatic pasts both on an individual and a collective level. By employing an interdisciplinary approach, the volume enhances our understanding of how the entanglements of trauma and nostalgia influence the construction and development of identity. Scholars from a range of academic disciplines and contexts explore the integration of nostalgic memories in discussions of trauma, attending to their interactions in public spaces, patriotic symbolism and rituals, popular culture, cinema, religion, museums and memorials. The contributors emphasize the role of media and other mass cultural technologies in disseminating images and narratives related to traumatic and nostalgic experiences. These essays ultimately bring to light the frequently overlooked role of nostalgic longing in shaping the discursive visual and material aspects of collective trauma. Screening Characters Johannes Riis, Aaron Taylor, 2019-03-06 Characters are central to our experiences of screened fictions and invite a host of questions. The contributors to *Screening Characters* draw on archival material, interviews, philosophical inquiry and conceptual analysis in order to give new thought provoking answers to these queries. Providing multifaceted accounts of the nature of screen characters, contributions are organized around a series of important subjects including issues of class, race, ethics and generic types as they are encountered in moving image media. These topics in turn are personified by such memorable figures as Cary Grant, Jon Hamm, Audrey Hepburn and Seul gi Kim, in addition to avatars, online personalities, animated characters and the ensembles of shows such as *The Sopranos*, *Mad Men* and *Breaking Bad*. *Cinematic TV* Rashna Wadia Richards, 2021-04-30 Investigating the boundaries between media in an age of convergence, *Cinematic TV* constructs a new model for exploring how contemporary serial dramas quote, copy and appropriate American cinema. *The 1960s on Film* Jim Willis, Mark Miller, 2021-10-11 *The 1960s on Film* tells the narrative of the 1960s through the lens of the movie camera, analyzing 10 films that focus on the people, events and issues of the decade. Films create both an impression of and at times for younger audiences, a primary definition of events, people and issues of an era. *The 1960s on Film* examines the 1960s as the decade was presented in ten films that focused on that decade. This book analyzes both what the films have to say about the era and how close they come to accurately depicting it. For example, films such as *Mississippi Burning* and *Selma* tell the story of racial conflict and hope for reconciliation in the 1960s. Other films such as *The Right Stuff* and *Hidden Figures* show the deep fascination America had at that time with the burgeoning space program and NASA, while *Easy Rider* analyzes the role of rock music and drugs among young people of the decade. *The Deer Hunter* studies the controversies surrounding the war in Vietnam. *Complex Serial Drama and Multiplatform Television* Trisha Dunleavy, 2017-11-22 This book examines the creative strategies, narrative characteristics, industrial practices and stylistic tendencies of complex serial drama. Exemplified by shows like HBO's *The Sopranos*, AMC's *Mad Men* and *Breaking Bad*, Showtime's *Dexter* and Netflix's *Stranger Things*, complex serials are distinguished by their conceptual originality, narrative complexity, transgressive lead characters and serial allure. As a drama form that continues to expand and diversify in today's television, HBO's *Boardwalk*

Empire and Game of Thrones Netflix's Orange Is the New Black and Hulu's The Handmaid's Tale provide further examples Dunleavy investigates the strategies that underpin the innovations influence and success of complex serial drama giving students and scholars a nuanced understanding of this contemporary TV form *Northern Exposure* Michael Samuel, 2021-11-15 When *Northern Exposure* first aired on television in 1990 viewers were introduced to the small fictional town of Cicely Alaska and its quirky yet endearing citizens During its run *Northern Exposure* received critical acclaim winning two Peabody Awards seven Primetime Emmy Awards and two Golden Globes Though the show was cancelled after six seasons it has had a profound impact on contemporary television In *Northern Exposure A Cultural History* Michael Samuel revisits the cult television series and celebrates its legacy from its surreal narrative to its diverse onscreen representations Covering the show's production history characters individual episodes fan culture and critical response Samuel reveals *Northern Exposure*'s wide cultural impact during its time on air and ever since Complete with an exploration of the town where the series was shot and a comprehensive guide to all 110 episodes *Northern Exposure A Cultural History* is the perfect companion to this classic series A fascinating and accessible retrospective this book recalls a cultural moment in American television defined by a series that wasn't afraid to push boundaries *Behind the Scenes of Indie Film Marketing* Nicholas LaRue, 2024-06-06 This book provides current and incoming filmmakers with a comprehensive overview of how to create business and marketing plans to prepare their movies for distribution Nicholas LaRue combines experienced insights into aesthetics and creativity with logical data driven conclusions to provide an analysis of independent film promotion The book first presents a view of sales and marketing in the independent film industry as well as exploring the new digital tools available to filmmakers and tried and true methods that have served industry professionals well for years in promoting their films This is then complemented by a wide array of testimonials from veteran filmmakers Kevin Smith Brea Grant Joe Lynch Roger Corman and more as well as interviews from film festival directors publicists film critics and other industry professionals who provide insights into working within the independent film industry Given this diversity of perspective this text will be an integral resource for new indie filmmakers as well as those wishing to perfect their craft in whatever facet of independent filmmaking promotion they choose to pursue **TV** Susan Bordo, 2021-03-11 *Object Lessons* is a series of short beautifully designed books about the hidden lives of ordinary things Once upon a time the news was only 15 minutes long and middle class families huddled around a tiny black and white screen TV dinners on their laps awaiting weekly sitcoms that depicted an all white world in which mom wore pearls and heels as she baked endless pies If this seems a distant past that's a measure of just how much TV has changed and changed us Weaving together personal memoir social and political history and reflecting on key moments in the history of news broadcasting and prime time entertainment Susan Bordo opens up the 75 year old time capsule that is TV and illustrates what a constant companion and dominant cultural force television has been for good and for bad in carrying us from the McCarthy hearings and *The Adventures of Ozzie and*
