Imagined Human Beings Bernard J. Paris, 1997-10 One of literature's greatest gifts is its portrayal of realistically drawn characters human beings in whom we can recognize motivations and

emotions In Imagined Human Beings Bernard J Paris explores the inner conflicts of some of literature's most famous characters using Karen Horney's psychoanalytic theories to understand the behavior of these characters as we would the behavior of real people When realistically drawn characters are understood in psychological terms they tend to escape their roles in the plot and thus subvert the view of them advanced by the author A Horneyan approach both alerts us to conflicts between plot and characterization rhetoric and mimesis and helps us understand the forces in the author's personality that generate them The Horneyan model can make sense of thematic inconsistencies by seeing them as the product of the author's inner divisions Paris uses this approach to explore a wide range of texts including *Antigone* *The Clerk's Tale* *The Merchant of Venice* *A Doll's House* *Hedda Gabler* *Great Expectations* *Jane Eyre* *The Mayor of Casterbridge* *Wuthering Heights* *Madame Bovary* *The Awakening* and *The End of the Road* Private Sphere to World Stage from Austen to Eliot Professor Elizabeth Sabiston, 2013-04-28 Emily Dickinson's poem *This is my letter to the World That never wrote to Me* opens the Introduction which focuses on the near anonymity of nineteenth century women novelists Close readings of works by five British novelists Jane Austen Charlotte and Emily Brontë Elizabeth Gaskell and George Eliot offer persuasive accounts of the ways in which women used stealth tactics to outmaneuver their detractors Chapters examine the hidden manifesto in Austen's works whose imaginative heroines defend women's writing the lasting impact of *Jane Eyre* with its modest heroine who takes up the pen to tell her own story even on male writers outside the English tradition Cathy's testament as the ghost text of *Wuthering Heights* and the shifting gender roles in *Daniel Deronda* with its silenced heroine and androgynous hero Though the focus is on British novelists Sabiston's discussion of the Anglo-American connections in the factory novels of Elizabeth Gaskell and the slavery writings of Harriet Beecher Stowe has particular relevance for its demonstration of how the move from the private to the public sphere enables and even compels the blurring of national and ethnic boundaries What emerges is a compelling argument for the relevance of these novelists to the emergence in our own time of hitherto silenced female voices around the globe **Literary Depictions of Dangerous Reading** Kevin R. West, 2019-04-15 *Literary Depictions of Dangerous Reading* explores how selected American and European literary texts from the classic to the contemporary represent reading as a dangerous endeavor It investigates how the texts being read or the conditions of reading may produce danger and considers the various qualities of the dangers depicted literal or metaphorical real or imagined minor or mortal Whereas readers can readily imagine being depressed or bored by a book or even perhaps corrupted in some moral fashion readers typically assume that the mere words on a page cannot directly affect their health Nevertheless literature can and does stage readings in which readers suffer actual harm from the magical or supernatural qualities of a given text Such impossibly dangerous reading fascinates the author argues by exaggerating the dangers that may inhabit certain real experiences of reading
